*Companies admitted to write property and casualty insurance in California are required to participate in the California FAIR Plan Association, which makes basic property insurance available to California consumers who would otherwise be unable to obtain such insurance through the normal insurance market. In the event that catastrophic losses render the FAIR Plan unable to pay operating expenses and policyholder claims because it will not have sufficient retained earnings, reinsurance, a line of credit, if available,

and/or proceeds from catastrophe bonds, if sold, the FAIR Plan may request the Insurance Commissioner's approval to assess each member insurance company its fair share if necessary to pay the Plan's operating expenses and policyholder claims. To assure stability in the California property insurance market and to assure the continued availability of property insurance in California, the FAIR Plan's member insurance companies may collect a temporary supplemental fee to recover a portion of these assessments. If this happens, 'Temporary Supplemental Fee' with an amount will be displayed on a notice, bill, or your policy declarations.

Property Replacement Cost Information

The replacement cost estimate provided through a third party is advisory only. Please note that it is your responsibility to ensure that your dwelling coverage limits are adequate to replace your dwelling, including its current features and characteristics, in the event of a total loss. The limit of liability quoted for this structure (Coverage A: Dwelling) is based on an estimate of the cost to rebuild your home, including an approximate cost for labor and materials in your area, and specific information that you have provided about your home.

Deductible Notice

The dollar amount of a percent (%) deductible will change if the limit of liability for your Dwelling (Coverage A) changes. The dollar amount of a percent (%) deductible may change at renewal due to Coverage A changes as described in Adjustment of Limit Endorsement.
