**NOTICE TO OWNERS:** Under California Mechanics Lien Law any structural pest control company which contracts to do work for you any contractor, subcontractor, laborer, supplier or other person who helps to improve your property but is not paid for his or her work or supplies has a right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by the court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your structural pest control company in full, if the subcontractor, laborer, or supplier remains unpaid. To preserve their right to file a claim or lien against your property, certain claimants such as contractors or material suppliers are required to provide you with a document entitled "Preliminary Notice." A Preliminary Notice is not a lien against your property. Its purpose is to notify you of persons who may have a right to file a lien against your property if they are not paid.
