You are entitled to a completely filled in copy of this Agreement, signed by both you and the Contractor, before any work may be started.

GENERAL TERMS AND CONDITIONS

THIS AGREEMENT SUPERSEDES ALL PRIOR EXISTING CONTRACTS BETWEEN YOU AND TESLA THAT PERTAIN TO THE "SYSTEM" DEFINED IN THIS AGREEMENT.

1. CHANGES, PERMITS, REBATES, INCENTIVES

Both parties will have the right to terminate this Agreement, without penalty or fee, if Tesla determines after the engineering site audit of your Home that it has misestimated by more than ten percent (10%) any of (i) the System size, (ii) the System's total cost or (iii) the System's annual production. Such termination right will expire at the earlier of (i) one (1) week prior to your scheduled System installation date and (ii) sixty (60) days after we inform you in writing of the revised size, cost or production estimate. If you do not terminate this Agreement or return the written amendment to this Agreement described below within this time period, then this Agreement will automatically terminate and we will charge you a \$250 cancellation fee. Any changes to the System will be documented in a written amendment to this Agreement signed by both you and Tesla. You authorize Tesla to make corrections to the utility and incentive paperwork to conform to this Agreement or any amendments to this Agreement we both sign.

If you are financing your System, Tesla's obligation to install the System is conditioned on Tesla's confirmation that you have obtained financing for the System. Tesla may terminate this Agreement without liability and charge you a \$250 cancellation fee if, in its reasonable judgment, this condition will not be satisfied and you are not able to pay for the System by other means.

You acknowledge that the System equipment and materials we will furnish and install are subject to cost increases. We will hold the Contract Price for six (6) months after the date of this Agreement. After six (6) months, if the cost of any System equipment or material rises by any unusual amount because of circumstances beyond Tesla's control, including but not limited to market price fluctuation or a site audit that reveals the need for additional materials or labor, then Tesla shall have the right to present you with a change order for the System equipment with a new price. You will have the right to accept or reject this new price and get your deposit, if any, back. If you do not accept the new price, Tesla shall have the right to terminate this Agreement and issue you a full refund, upon which the parties shall have no further obligations to one another.

Tesla will obtain any necessary permits, at Tesla's cost. Tesla shall not be responsible for delays in work due to the actions of any permitting and regulatory agencies or their employees. You will pay Tesla for any taxes or assessments required by federal, state or local governments or related regulatory agencies or utilities.

The rebate and incentive calculations Tesla provides to Customer are estimates. These estimates are based on certain assumptions that may not be applicable based on the circumstances specific to the Project. However, actual rebates and incentives are variable as eligibility requirements, funding availability, and rates may change. You acknowledge that you may not be financing the full Contract Price because you are expecting to receive rebates or incentives that you will use to pay a portion of the Contract Price. Tesla will use good faith reasonable efforts to help Customer secure applicable rebates and incentives, but Tesla shall have no financial obligation to Customer regarding actual rebate and incentive amounts received. Customer agrees to pay the Contract Price in full regardless of the actual amount of rebates and/or incentives received.

2. SCHEDULE OF PROGRESS PAYMENTS

The schedule of progress payments (see Key Terms and Conditions cover sheet)

must specifically describe each phase of work, including the type and amount of work or services scheduled to be supplied in each phase, along with the amount of each proposed progress payment. IT IS AGAINST THE LAW FOR A CONTRACTOR TO COLLECT PAYMENT FOR WORK NOT YET COMPLETED, OR FOR MATERIALS NOT YET DELIVERED. HOWEVER, A CONTRACTOR MAY REQUIRE A DOWNPAYMENT. Customer may, at its discretion, issue payment to Contractor via joint check with any of Contractor's subcontractors or suppliers.

Note about Extra Work and Change Orders. Extra Work and Change Orders become part of the contract once the order is prepared in writing and signed by the parties prior to commencement of any work covered by the new change order. You may not require a contractor to perform extra or change-order work without providing written authorization prior to the commencement of work covered by the new change order. Extra work or a change order is not enforceable against you unless the change order also identifies all of the following in writing prior to the commencement of work covered by the new change order: (i) the scope of the extra work or change, (ii) the cost to be added or subtracted from the contract; and (iii) the effect the order will have on the schedule of progress payments or the completion date. Notwithstanding this provision, the Contractor shall have the right to substitute System equipment without Customer's agreement, so long as that substitution adds no extra cost to the project and does not materially affect the System's performance. The Contractor's failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based on legal or equitable remedies designed to prevent unjust enrichment.

3. AGREEMENT TO ARBITRATE

Please read this provision carefully.

In the event of a concern or dispute between us, please send Tesla written Notice to energyresolutions@tesla.com describing the nature of the dispute and the relief sought.

If it is not resolved within 60 days, Tesla and you agree that any dispute arising out of or relating to any aspect of the relationship between us will not be decided by a judge or jury but instead by a single arbitrator in an arbitration administered by the American Arbitration Association (AAA). This includes claims arising before this Agreement, including claims related to statements about our products. Alternatively, you may opt out of arbitration as described below.

The AAA Consumer Arbitration Rules will apply. We will pay all AAA fees for any arbitration. The arbitration will be held in a location most convenient to your residence. To learn more about the Rules and how to begin an arbitration, you may call any AAA office or go to www.adr.org.

The arbitrator may only resolve disputes between you and Tesla on an individual basis. The arbitrator cannot award relief for anyone who is not a party and may not consolidate claims. In other words, you and Tesla may bring claims against the other only in your or its individual capacity and not as a plaintiff or class member in any class or representative action. If a court or arbitrator decides that any of this paragraph's limitations cannot be enforced as to a particular claim for relief, then that claim (and only that claim) must be severed from the arbitration and may be brought in court.

If you prefer, you may instead take your individual dispute to small claims court.

You may opt out within 30 days after signing this Agreement by sending a letter to P.O. Box 15430, Fremont, CA 94539-7970, Attn: Legal Department, stating your name and intent to opt out of the arbitration provision.

4. PROPERTY CONDITIONS

You will be responsible for the structural integrity of the location where the System is installed, including structural or electrical modifications necessary to prepare your Property for the System. You agree that Tesla is not responsible for any known or unknown Property conditions.

5. EXISTING CONDITIONS

Tesla is not responsible and bears no liability for the malfunctioning of existing electrical equipment at the Property, including but not limited to the main electrical service panel, any major electrical devices, or any other fuses or similar devices.

6. COST OR DELAY DUE TO UNFORESEEN CONDITIONS

Tesla is not responsible for failures, delays or expenses related to unanticipated, unusual, or unforeseen conditions at the Property arising out of conditions beyond Tesla's reasonable control (all of which shall be considered "**Force Majeure Events**"). Performance times under this Agreement will be considered extended for a period of time equivalent to the time lost due to such conditions. If Tesla discovers unforeseen conditions requiring additional cost, then Tesla shall present such costs to you and get your written approval before beginning or continuing performance. **Failure to provide such approval may result in Tesla exercising its termination rights pursuant to Section 9 of this Agreement.**

7. PROPERTY ACCESS

You grant to Tesla and its employees, agents and contractors the right to reasonably access all of the Property as necessary for the purposes of (A) installing, constructing, operating, repairing, removing and replacing the System or making any additions to the System; (B) installing, using and maintaining electric lines and inverters and meters, necessary to interconnect the System to your electric system at the Property and/or to the utility's electric distribution system; or (C) taking any other action reasonably necessary in connection with the construction, installation, operation, maintenance, removal or repair of the System.

8. TITLE AND RISK OF LOSS

Title to the Project shall transfer to you when we complete installation of the Project. After delivery of the System equipment and materials to your Property, other than damage directly resulting from Tesla's actions, you bear risk of loss to the System. Tesla retains all Tesla-owned intellectual property rights on any of the equipment installed in your System including, but not limited to, patents, copyrights and trademarks and any data generated by Tesla's monitoring system.

9. TERMINATION AND DEFAULT

Tesla may terminate this Agreement, upon seven (7) days written notice, for any material or non-material breach, for any failure of Customer to agree to an appropriate change order, for any failure of Customer to pay Tesla any amount due, for any bankruptcy or financial distress of Customer, or for any hindrance to Tesla in the performance process.

10. REMEDIES UPON CUSTOMER'S BREACH

Without limiting any of Tesla's other rights and remedies, upon any breach by Customer, including any failure of Customer to pay Tesla any amount due, or if you cancel this Agreement after we commence construction (i.e., any work for the System) at your home, Tesla shall have the right to: (i) pursue a stop work order at the Property; (ii) prevent any more work from being done at the Property until the breach is cured and a bond is posted by the Customer for any amounts payable under this Agreement; (iii) recover all amounts due under this Agreement for services provided through the date of termination including interest (prime + 2% or such amount as allowed by law); (iv) remove any Project materials or equipment from the Property; and (v) any other legal remedies including but not limited to mechanics liens or similar remedies. If you are financing the System, you specifically agree that Tesla may disable the System upon request from your financier if you are in default under your agreement with your financier.

I acknowledge I have read this Section 10

11. MECHANICS' LIEN RELEASES

Upon satisfactory payment for any portion of the work performed, Tesla shall, prior to any further payment, furnish to Customer a full and unconditional release from any potential lien Claimant claim or mechanics' lien pursuant to Sections 8400 and 8404 of the California Civil Code for that portion of the work for which payment has been made. Please see Exhibit 3 for applicable lien notices and warnings required by law.

Neither party shall be required to indemnify the other for its own negligence, willful misconduct or fraud.

14. GOVERNING LAW

The laws of the state where your Home is located shall govern this Agreement without giving effect to conflict of laws principles.

15. ENTIRE AGREEMENT

This Agreement contains the parties' entire agreement regarding the Project. There are no other agreements regarding this Agreement, either written or spoken. Any change to this Agreement must be in writing and signed by both parties. Only an authorized officer of Tesla may execute any change to this Agreement on behalf of Tesla. If any portion of this Agreement is determined to be unenforceable or invalid, the remaining provisions shall be enforced in accordance with their terms or shall be interpreted or re-written so as to make them enforceable. Provisions that should reasonably be considered to survive termination of this Agreement shall survive. Tesla may assign or subcontract any of its rights or obligations under this Agreement to any successor, partner or purchaser.

16. WAIVER

Any delay or failure of a party to enforce any of the provisions of this Agreement, including but not limited to any remedies listed in this Agreement, or to require performance by the other party of any of the provisions of this Agreement, shall not be construed to (i) be a waiver of such provisions or a party's right to enforce that provision; or (ii) affect the validity of this Agreement.

17. SELLING YOUR HOME

If you sell your Home you can transfer this Agreement. All of your rights and obligations under this Agreement can be assigned to the purchaser of your home pursuant to Section 9 of the Performance Guarantee and Limited Warranty.

18. PRIVACY/PUBLICITY

UPON RECEIPT OF PAYMENT IN FULL OF THE CONTRACT PRICE, ALL WARRANTIES THAT ARE PROVIDED BY MANUFACTURERS OF EQUIPMENT USED IN THE PROJECT ("MANUFACTURER'S WARRANTIES") WILL BE TRANSFERRED DIRECTLY TO YOU. YOU UNDERSTAND THAT TESLA HAS NO RESPONSIBILITY WITH RESPECT TO SUCH WARRANTIES OTHER THAN TO TRANSFER THEM TO YOU.

20. LIMITATION OF LIABILITY.

a. No Consequential Damages. EACH PARTY'S LIABILITY TO THE OTHER UNDER THIS AGREEMENT SHALL BE LIMITED TO DIRECT, ACTUAL DAMAGES ONLY. YOU AGREE THAT IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES. FOR PURPOSES OF THIS

EXHIBIT 2**PERFORMANCE GUARANTEE AND LIMITED WARRANTY****1. INTRODUCTION**

This Performance Guarantee and Limited Warranty (this "Limited Warranty") is Tesla's ("**Tesla**" or "**we**") agreement to provide you ("Customer") warranties on the System you purchased under the Agreement. The System will be professionally installed by Tesla at the address you listed in the Agreement. We will refer to the installation location as your "Property" or your "Home." This Limited Warranty begins when we start the survey of your Home for the System and expires 20 years from completion of installation (the "Warranty Period"), except as otherwise specified. We look forward to helping you produce clean, renewable solar power at your Home.

2. LIMITED WARRANTIES, PERFORMANCE GUARANTEE**(a) Limited Warranties****(i) Installation Warranty**

Our installation of the System will be free from defects in workmanship for the full Warranty Period;

(ii) Inverter Warranty

After the end of the Manufacturer's Warranty on your System's inverter, we warrant that under normal use and service conditions your System's inverter will be free from defects in workmanship or defects in, or a breakdown of, materials or components, for the remainder of the Warranty Period;

(iii) Roof Warranty

All roof penetrations we make for your System will be watertight. This warranty will run the longer of (a) the first ten (10) years of the Warranty Period or (b) the length of any existing installation warranty or new home builder performance standard for your roof (the "Roof Warranty Period");

(iv) Damage Warranty

We will repair damage we cause to your Home, your belongings or your property or pay you for the damage we cause, as limited by Section 7, for the full Warranty Period (except damages that result from our roof penetrations, which damages are covered for the Roof Warranty Period).

Subject to the limitations listed in Section 2(e) below, under these warranties Tesla will correct any defective workmanship (Installation Warranty), repair any roof leak (Roof Warranty), fix or replace any defective inverter part, material or component (Inverter Warranty) or repair any property damage (Damage Warranty), at no cost or expense to you (including all labor costs), when you submit a valid claim to us under this Limited Warranty. Tesla may use new or reconditioned parts when making repairs or replacements. Tesla may also, at its sole election and at no additional cost to you, upgrade or add to any part of the System to ensure that it performs according to the guarantees set forth in this Limited Warranty. Cosmetic repairs that do not involve safety or performance shall be made at Tesla's discretion. If you have a claim under any of the Manufacturer's Warranties during the Warranty Period, at your request Tesla will make this claim on your behalf and at no additional cost perform any related labor associated with repairing the System.

(b) Performance Guarantee**(i) Power Production Guarantee**

Tesla guarantees that during the Warranty Period the System will generate the guaranteed kilowatt-hours (kWh) ("Guaranteed kWh") in the table set forth below as follows:

Year	Total kWh	Agreed Price/kWh
2	17,241	0.06501
4	34,309	0.06501
6	51,208	0.06501
8	67,938	0.06501
10	84,501	0.06501
12	100,899	0.06501
14	117,133	0.06501
16	133,205	0.06501
18	149,117	0.06501
20	164,870	0.06501

- A. If at the end of each successive 24 month anniversary of the first day of the month immediately following the month in which your System commences operation the cumulative Actual kWh (defined below) generated by the System is less than the Guaranteed kWh, then we will pay you directly an amount equal to the difference, if any, between the cumulative Actual kWh and the Guaranteed kWh multiplied by the Agreed Energy Price per kWh (defined below). Your cumulative Actual kWh is dependent on a shading percentage of **0.00%** on your Home. If this shading percentage increases, your Guaranteed Actual kWh will be reduced proportionately.

For example, if the first 24 month period commences on October 1, 2013 and ends on September 30, 2015, and the energy the System was supposed to generate is less than the energy the system was guaranteed to generate during such 24 month period, we will pay you the difference in the Actual kWh and the Guaranteed kWh multiplied by the Agreed Energy Price per kWh. See the table below for a real world example.

Example Guaranteed kWh	Example Actual kWh	Example Agreed \$/kWh Energy Price	Example Payment to You
10,000	9,500	\$0.10	\$50.00

- B. If at the end of each successive 24 month anniversary of the first day of the month immediately following the month in which your System commences operation the Actual kWh is **greater** than the Guaranteed kWh during any 24 month period, this surplus will be carried over and will be used to offset any deficits that may occur in the future.

“**Actual kWh**” means the AC electricity produced by your System in kilowatt-hours measured and recorded by Tesla during each successive 24 month anniversary of the first day of the month immediately following the month in which your System commences operation. To measure the Actual kWh we will use the PowerGuide™ Monitoring Service or to the extent such services are not available, we will estimate the Actual kWh by reasonable means.

“Agreed Energy Price per kWh” is set out in the table immediately after the first paragraph in Section 2(b)(i) above.

(ii) PowerGuide™ Solar Monitoring

During the Warranty Period, we will provide you at no additional cost our PowerGuide Solar Monitoring Service (“PowerGuide”). PowerGuide is a proprietary monitoring system designed and installed by Tesla that captures and displays historical energy generation data over an Internet connection and consists of hardware located on site and software hosted by Tesla. If your System is not operating within normal ranges, PowerGuide will alert us and we will remedy any material issues promptly.

(iii) Output Warranty

The System’s electrical output during the first ten (10) years of the Warranty Period shall not decrease by more than fifteen percent (15%). This output warranty is addressed in the Power Production Guarantee in Section 2(b)(i) of this Exhibit 2 and you will be provided a payment for underproduction as set forth in Section 2(b)(i).

(c) Maintenance and Operation

(i) General

When the System is installed Tesla will provide you with a copy of its Solar Operation and Maintenance Guide. This Guide provides you with System operation and maintenance instructions, answers to frequently asked questions, troubleshooting tips and service information. If we install a safety anchor in your roof during the installation of the System, we will leave this anchor installed for our future use throughout the installation and operation of your System. This safety anchor is for our use only. You are not authorized to use this anchor.

(ii) PowerGuide

PowerGuide requires a high speed Internet line to operate. Therefore, during the Warranty Period, you agree to maintain the communication link between PowerGuide and the System and between PowerGuide and the Internet. You agree to maintain and make available, at your cost, a functioning indoor internet connection with a router, one DHCP enabled Ethernet port with internet access and standard AC power outlet close enough and free of interference to enable an internet-connected gateway provided by Tesla to communicate wirelessly with the System's inverter (typically this is 80 feet, but may depend on site conditions). This communication link must be a 10/100 Mbps Ethernet connection that supports common Internet protocols (TCP/IP and DHCP). If you do not have and maintain a working high speed Internet line then (A) we will not be able to monitor the System and provide you with the Power Production Guarantee or provide a PowerGuide upgrade; and (B) you will be required to provide Tesla with annual production information from your inverter.

(d) Making a Claim; Transferring this Warranty

(i) Claims Process

You can make a claim by:

- A. emailing us at the email address in Section 8 below;
- B. writing us a letter and sending it overnight mail with a well-known service; or
- C. sending us a fax at the number in Section 8 below.

(ii) Transferable Limited Warranty

Tesla will accept and honor any valid and properly submitted Warranty claim made during the Warranty Period by any person who purchases the System from you.

(e) Exclusions and Disclaimer

The limited warranties and guarantee provided in this Limited Warranty do not apply to any lost power production or any repair, replacement or correction of the System that result from the following:

- (i) materials and equipment covered by Manufacturer's Warranties;
- (ii) someone other than Tesla or its approved service providers installed, removed, re-installed or repaired the System (including, but not limited to, damaging the System during such work);
- (iii) your failure to perform, or breach of, your obligations under this Limited Warranty, including not reporting System failure or damage, your being unavailable to provide access or assistance to us in diagnosing or repairing a problem, or your failing to maintain the System as stated in the Solar Operation and Maintenance Guide, or you modify or alter the System;
- (iv) shading from foliage that is new growth or is not kept trimmed to its appearance as of the date the System was installed;
- (v) any System failure or lost or diminished performance that results from your actions, omissions or request (e.g. the System is not producing power because it has been removed to make roof repairs or you have required us to locate the inverter in a non-shaded area);
- (vi) theft or vandalism of the System;
- (vii) any negligence or willful misconduct by you, your agents or representatives;
- (viii) your failure to comply with the terms of, or cooperate with Tesla during, the warranty claim process;
- (ix) any Force Majeure Event (as defined below);
- (x) damage to your Home, belongings or property that results from our roof penetrations after the end of the Roof Warranty Period; and
- (xi) damage or loss to the System due to ball strikes.

Any cash payout to you is limited to the payouts described in Section 2(b) of this Limited Warranty. Tesla will not make cash payments for any System damage. Rather, it will make System repairs as provided in this Limited Warranty.

This Limited Warranty gives you specific rights, and you may also have other rights which vary from state to state. This Limited Warranty does not warrant any specific electrical performance of the System, other than that described above.

Snow or ice may accumulate on rooftops and on solar panels during snow storms. Accumulated snow or ice may slide or fall, resulting in property damage or bodily harm. If and when conditions safely allow you to remove accumulated snow or ice, you should do so to reduce the likelihood of excess snow sliding or falling.

THE LIMITED WARRANTIES DESCRIBED IN SECTIONS 2(a) ABOVE ARE THE ONLY EXPRESS WARRANTIES MADE BY TESLA WITH RESPECT TO THE SYSTEM. TESLA HEREBY DISCLAIMS, AND ANY BENEFICIARY OF THIS LIMITED WARRANTY HEREBY WAIVES, ANY WARRANTY WITH RESPECT TO ANY COST SAVINGS FROM USING THE SYSTEM. SOME STATES DO NOT ALLOW SUCH LIMITATIONS, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

3. YOUR ADDITIONAL OBLIGATIONS

- (a) You grant to Tesla and its employees, agents and contractors the right to reasonably access all of the Property as necessary for the purposes of compliance with this Limited Warranty.
- (b) If you want to make any repairs or improvements to the Property that could interfere with the System (such as repairing the roof where the System is located), you may only remove and replace the System pursuant to Section 5 of this Limited Warranty.

(c) During the Warranty Period you agree:

- (i) to only have the System repaired pursuant to the Limited Warranty and reasonably cooperate when repairs are being made;
- (ii) to keep trees, bushes and hedges trimmed so that the System receives as much sunlight as it did when Tesla installed it;
- (iii) to keep the panels clean, pursuant to this Limited Warranty and the Solar Operation and Maintenance Guide;
- (iv) to not modify your Home in a way that shades the System;
- (v) to be responsible for any conditions at your Home that affect the installation (e.g. blocking access to the roof or removing a tree that is in the way);
- (vi) to not remove any markings or identification tags on the System;
- (vii) to permit Tesla, after we give you reasonable notice, to inspect the System for proper operation as we reasonably determine necessary;
- (viii) to not do anything, permit or allow to exist any condition or circumstance that would cause the System not to operate as intended at the Property;
- (ix) to notify Tesla if you think the System is damaged, appears unsafe or is stolen; and
- (x) that you will not make any modifications, improvements, revisions or additions to the System or take any other action that could void the Limited Warranty on the System without Tesla's prior written consent.

4. TESLA'S STANDARDS

For the purpose of this Limited Warranty the standards for our performance will be (i) normal professional standards of performance within the solar photovoltaic power generation industry in the relevant market; and (ii) Prudent Electrical Practices. "Prudent Electrical Practices" means those practices, as changed from time to time, that are engaged in or approved by a significant portion of the solar power electrical generation industry operating in the United States to operate electric equipment lawfully and with reasonable safety, dependability, efficiency and economy.

5. SYSTEM REPAIR, REMOVAL AND REINSTALLATION

- (a) You agree that if (i) the System needs any repairs that are not the responsibility of Tesla under this Limited Warranty or (ii) the System needs to be removed and reinstalled to facilitate remodeling of your Home, you will have Tesla, or another similarly qualified service provider, at your expense, perform such repairs or removal and reinstallation.
- (b) Tesla will remove the System from your roof while roof repairs are being made and reinstall the System after roof repairs are completed for a competitive price. You will need to provide storage space for the System during such time. If we reinstall your System, the Roof Warranty will restart at the completion of reinstallation and run for ten (10) years from reinstallation. Tesla's obligations under this Section 5(b) are contingent on your compliance with the terms of the Agreement.

6. FORCE MAJEURE

If Tesla is unable to perform all or some of its obligations under this Limited Warranty because of a Force Majeure Event, Tesla will be excused from whatever performance is affected by the Force Majeure Event, provided that:

- (a) Tesla, as soon as is reasonably practical, gives you notice describing the Force Majeure Event;
- (b) Tesla's suspension of its obligations is of no greater scope and of no longer duration than is required by the Force Majeure Event (i.e. when a Force Majeure Event is over, we will make repairs); and
- (c) No Tesla obligation that arose before the Force Majeure Event that could and should have been fully performed before such Force Majeure Event is excused as a result of such Force Majeure Event.

“Force Majeure Event” means any event, condition or circumstance beyond the control of and not caused by Tesla’s fault or negligence. It shall include, without limitation, failure or interruption of the production, delivery or acceptance of power due to: an act of god; war (declared or undeclared); sabotage; riot; insurrection; civil unrest or disturbance; military or guerilla action; terrorism; economic sanction or embargo; civil strike, work stoppage, slow-down, or lock-out; explosion; fire; earthquake; abnormal weather condition or actions of the elements; hurricane; flood; lightning; wind; drought; animals; the binding order of any governmental authority (provided that such order has been resisted in good faith by all reasonable legal means); the failure to act on the part of any governmental authority (provided that such action has been timely requested and diligently pursued); unavailability of power from the utility grid, equipment, supplies or products (but not to the extent that any such availability of any of the foregoing results from Tesla’s failure to have exercised reasonable diligence); power or voltage surge caused by someone other than Tesla including a grid supply voltage outside of the standard range specified by your utility; and failure of equipment not utilized by Tesla or under its control.

7. LIMITATIONS ON LIABILITY

(a) No Consequential Damages

YOU MAY ONLY RECOVER DIRECT DAMAGES INCLUDING THOSE AMOUNTS DUE PURSUANT TO SECTIONS 2(b) AND 6(C) UNDER THIS LIMITED WARRANTY, AND IN NO EVENT SHALL TESLA OR ITS AGENTS OR SUBCONTRACTORS BE LIABLE TO YOU OR YOUR ASSIGNS FOR SPECIAL, INDIRECT, PUNITIVE, EXEMPLARY, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

(b) Limitation of Duration of Implied Warranties

ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY ARISING UNDER STATE LAW, SHALL IN NO EVENT EXTEND PAST THE EXPIRATION OF ANY WARRANTY PERIOD IN THIS LIMITED WARRANTY. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

(c) Limit of Liability

Notwithstanding any other provision of this Limited Warranty to the contrary, Tesla’s total liability arising out of relating to this Limited Warranty shall in no event exceed the following:

- (i) For System Replacement: the original cost of the System
- (ii) For damages to your Home, belongings and property: two million dollars (\$2,000,000).

9. ASSIGNMENT AND TRANSFER OF THIS LIMITED WARRANTY

Tesla may assign its rights or obligations under this Limited Warranty to a third party without your consent, provided that any assignment of Tesla's obligations under this Limited Warranty shall be to a party professionally and financially qualified to perform such obligation. This Limited Warranty protects only the person who owns the System. Your rights and obligations under this Limited Warranty will be automatically transferred to any person who purchases the System from you. This Limited Warranty contains the parties' entire agreement regarding the limited warranty of the System.

EXHIBIT 3**STATE SPECIFIC PROVISIONS**

CALIFORNIA CONTRACTOR LICENSING INFORMATION: CSLB is the state consumer protection agency that licenses and regulates construction contractors. Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB. Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees. For more information:

- Visit CSLB's Internet website at www.cslb.ca.gov
- Call CSLB at 800-321-CSLB (2752)
- Write CSLB at P.O. Box 26000, Sacramento, CA 95826

CALIFORNIA MECHANICS LIEN WARNING:

NOTICE TO PROPERTY OWNER: If bills are not paid in full for the labor, services, equipment, or materials furnished or to be furnished, a mechanic's lien leading to the loss, through court foreclosure proceedings, of all or part of your property being so improved may be placed against the property even though you have paid your contractor in full. You may wish to protect yourself against this consequence by (1) requiring your contractor to furnish a signed release by the person or firm giving you this notice before making payment to your contractor or (2) any other method or device that is appropriate under the circumstances.

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics lien on your property. A mechanics lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a 'Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all

the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Internet Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe.
