Good afternoon:

My work on updating the information for this parcel has been completed and submitted to my supervisor for review and approval. After the work is approved, it will then need to be data entered. I am not sure what the timeline on that process will be. You can use the following link:

<https://portal.assessor.lacounty.gov/>

to visit our Public Portal page and keep an eye on the parcel information if you desire. Simply type in the Assessor's Identification Number and it will show you the current information in our system.

If you have any questions, then please let me know.

Camron.

Hi Camron,

I hope this message finds you well. I'm following up to find out if the record has been updated. If so, can you please send me something to show it?

Many thanks,

Jane La Trace
