

I have read and agree to the Terms and Conditions at www.HighestPriceNow.com

I understand buyer broker commission offered is a percentage of the highest bid/current offer and not the purchase price.

I understand **Highest Bid/Current Offer + Buyer's Premium = Final Sales Price that will be shown on Line 10 of the California Residential Purchase Contract.**

The buyer's premium is added to the winning bid and establishes the final sales price. The buyer's premium is used to compensate the agent(s) in the transaction.
