OWNER-BUILDER ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

Disclosures & Forms for Owner-Builders Applying for Construction Permits

IMPORTANT! NOTICE TO PROPERTY OWNER

Dear Property Owner:

An application for a building permit has been submitted in your name listing you as the builder of the property improvements specified at: 11631 Auggell St Norwalk CA 90650.

The City is providing you with an Owner-Builder Acknowledgment and Verification of Information Form to inform you of your responsibilities and possible risk you may incur by having this permit issued in your name as the Owner-Builder. **The City will not issue a building permit until you have read, initialed your understanding of each provision, signed, and returned this form to City of Norwalk, 12700 Norwalk Blvd, Norwalk, CA 90650.**

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

INSTRUCTIONS: Read and initial each statement below to signify you understand or verify this information.

124 1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

124 2. I understand building permits are not required to be signed by property owners unless they are *responsible* for the construction and are not hiring a licensed Contractor to assume this responsibility.

124 3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.

124 4. I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.

124 5. I understand if I employ or otherwise engage any person(s), other than California licensed Contractor(s), and the total value of my construction is at least five hundred dollars (\$500), including labor and materials, I may be considered an "employer" under State and Federal law.

124 6. I understand if I am considered an "employer" under State and Federal law, I must register with the State and Federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee." I also understand my failure to abide by these laws may subject me to serious financial risk.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (SECS. 70031.5, Business and Professions Code): Any other structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with S. 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 70031.5 by applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7004, Business and Professions Code). The Contractor License Law does not apply to an owner of property who builds or improves his or her own employment, provided that such improvement is not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale).

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7004, Business and Professions Code). The Contractor License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with contractor(s) licensed pursuant to the Contractors License Law).

OWNER-BUILDER ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

Disclosures & Forms for Owner-Builders Applying for Construction Permits

IMPORTANT! NOTICE TO PROPERTY OWNER

Dear Property Owner:

An application for a building permit has been submitted in your name listing you as the builder of the property improvements specified at: 11631 Angel St Norwalk CA 90650

The City is providing you with an Owner-Builder Acknowledgment and Verification of Information Form to inform you of your responsibilities and possible risk you may incur by having this permit issued in your name as the Owner-Builder. **The City will not issue a building permit until you have read, initialed your understanding of each provision, signed, and returned this form to City of Norwalk, 12700 Norwalk Blvd, Norwalk, CA 90650.**

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

INSTRUCTIONS: Read and initial each statement below to signify you understand or verify this information.

JL4 1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

JL4 2. I understand building permits are not required to be signed by property owners unless they are *responsible* for the construction and are not hiring a licensed Contractor to assume this responsibility.

JL4 3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.

JL4 4. I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.

JL4 5. I understand if I employ or otherwise engage any person(s), other than California licensed Contractor(s), and the total value of my construction is at least five hundred dollars (\$500), including labor and materials, I may be considered an "employer" under State and Federal law.

JL4 6. I understand if I am considered an "employer" under State and Federal law, I must register with the State and Federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee." I also understand my failure to abide by these laws may subject me to serious financial risk.

OWNER'S CERTIFICATION OF COMPLIANCE WITH MINIMUM REQUIREMENTS

Storm Water Pollution Control Requirements for Construction Activities Minimum Water Quality Protection Requirements for All Development Construction Projects/Certification Statement

The following is intended as an attachment for construction and grading plans and represent the minimum standards of good housekeeping which must be implemented on all construction sites regardless of size.

- Eroded sediments and other pollutants must be retained on site and may not be transported from the site via sheetflow, swales, area drains, natural drainage courses or wind.
- Stockpiles of earth and other construction related materials must be protected from being transported from the site by the forces of wind or water.
- Fuels, oils, solvents and other toxic materials must be stored in accordance with their listing and are not to contaminate the soil and surface waters. All approved storage containers are to be protected from the weather. Spills must be cleaned up immediately and disposed of in a proper manner. Spills may not be washed into the drainage system.
- Non-storm water runoff from equipment and vehicle washing and any other activity shall be contained at the project site.
- Excess or waste concrete may not be washed into the public way or any other drainage system. Provisions shall be made to retain concrete wastes on site until they can be disposed of as solid waste.
- Trash and construction related solid wastes must be deposited into a covered receptacle to prevent contamination of rainwater and dispersal by wind.
- Sediments and other materials may not be tracked from the site by vehicle traffic. The construction entrance roadways must be stabilized so as to inhibit sediments from being deposited into the public way. Accidental depositions must be swept up immediately and may not be washed down by rain or other means.
- Any slope with disturbed soils or denuded of vegetation must be stabilized so as to inhibit erosion by wind and water.
- Other _____

As the project owner or authorized agent of the owner, I have read and understand the requirements listed above, necessary to control storm water pollution from sediments, erosion, and construction materials, and I certify that I will comply with these requirements.

POST THIS CARD AND THE APPROVED PLANS IN A CONSPICUOUS PLACE ACCESSIBLE TO THE INSPECTOR. IT SHALL BE THE DUTY OF THE APPLICANT TO CAUSE THE WORK TO REMAIN ACCESSIBLE AND EXPOSED FOR INSPECTION PURPOSES. PERMITS WILL BE VOIDED IF WORK IS NOT STARTED WITHIN 180 DAYS OR IS SUSPENDED FOR A PERIOD EXCEEDING 180 DAYS.

Upon completion of the work authorized by this permit, the permittee shall notify the Building & Safety Division of such completion by requesting the final inspection. All inspections and their results can be scheduled and viewed by calling (562) 484-9660 or visiting the City's website at www.ci.norwalk.ca.us. The permittee is hereby advised that they may be entitled to reimbursement of the permit fees if the City fails to conduct an inspection of the permitted work within 60 days of the request for final inspection. For more information, please call (562) 929-5733.
