Failure to obtain clear title and registration to said mobile home may allow third party owners to remove same after close of escrow. Broker has made no representation or warranty that such mobile home has any value, is included in the purchase of the subject Real Property, or will be legally transferred to Buyer. any kind to investigate Seller’s duties, nor to provide or prepare any “TILA Disclosures.”

- 14. PERMITS/EASEMENTS: In the event the Property, or the use thereof, is encumbered by or enjoys the benefit of or use of any easement, common utility agreement, water agreement, drainage easement, U.S. Forest Service (or other governmental) use permit or any other appurtenant right, Buyer hereby agrees and warrants that they shall, prior to close of escrow, review such matters with legal counsel. Buyer hereby acknowledges that Broker has made no warranty or representation regarding any of the above referenced items, the Property, or Buyer’s ability to extend or transfer any leases, permits or otherwise continue enjoying the use or benefit of the Property (including permits, easements, etc.) or Buyer’s ability to remove any such encumbrances. Closing of this escrow shall be deemed Buyer’s irrevocable acceptance and approval of the above referenced items.
15. SELECTION OF SERVICE PROVIDERS: Where Broker, at the request of either Buyer or Seller, directly engages or employs on the behalf of either Buyer or Seller or recommends the service of any contractor, inspector, report provider, title company, lender, home warranty company, vendor, insurance agent, pest control company or supplier of any goods or services of any kind, hereinafter “Provider”, or where Buyer or Seller directly engages or employs any Provider subsequent to procuring the identity, recommendation, or referral of such Provider from Broker, then in either event it is hereby agreed as follows:
A. Broker has made and makes no representation, warranty, promise, or guarantee regarding the Provider’s qualifications, license status, insurance coverage, financial solvency, reliability, or the quality of the Provider’s work, performance, goods or services.
B. Broker hereby advises Buyer and Seller to employ, allow to be employed or engaged by Buyer, Seller or Broker, only such Providers as they have each independently verified to be qualified, appropriately licensed, insured and bonded to perform any work or inspection.
C. Buyer and Seller are free to select any Provider other than those that may have been engaged, recommended, provided, employed, or referred by Broker.
D. Buyer and Seller, as applicable, hereby release and agree to hold harmless Broker from any and all cost, damage, liability, loss, expense, claim, charge or action of any kind resulting from the engagement or employment of any Provider; their work, inspections, reports, goods or services, including any damage they may do, liabilities they may create, or any error or omission that they may make and including any costs or amounts they may bill or charge for their work, goods, or services.
16. CONTINUING AGREEMENTS COST: The Property may contain solar, alarm, propane, water treatment or other systems that may or may not be subject to leases, financial obligations, maintenance agreements or liens which require payments to third parties. In such event, other than as set forth in any Seller Transfer Disclosure Statement or other written disclosure provided by Seller, Broker has no knowledge regarding such systems, agreements, contracts or continuing obligations associated therewith and has not made and will not make any representations or warranty that these obligations may or may not continue beyond close of escrow. Where they do continue Buyer, by acquiring title, may be obligated for additional cost or expenses. If this is of importance to Buyer, they are hereby advised, by Broker, to make further inquiries and investigations during any applicable due diligence and/ or investigation periods provided for in the purchase contract.
17. CONTAMINATED WATER ADVISORY: The City of Fresno (the “City”) has reported that homes in Northeast Fresno, including, but not limited to those within zip code areas 93720 and 93730, have been found to contain discolored water and in some cases, high levels of lead contamination. The City believes lead may originate from the installation of galvanized pipes lined with zinc. Such pipes may be corroding and releasing lead into plumbing systems. Broker hereby disclaims any further knowledge of this issue, the specific location of which properties may or may not be affected, or the eventual solution to these issues. It is Broker’s understanding that the City of Fresno has stated the city water supply to the home meters continue to meet all Federal and State drinking water standards and is “clean, safe, and reliable”. Where the property is located in this geographical area, and contamination issues are of concern to Buyer they are encouraged to perform water tests during applicable due diligence periods set forth in the Contract and/or to contact the City of Fresno Public Utilities Department for more information.

Governmental agencies have found that some water wells in the City of Fresno contain excessive levels of “TCP”, a chemical solvent introduced to underground water as a result of previous pesticide and/or industrial uses. Private wells in some County areas have also indicated high levels of this contaminate. TCP has been added by the State of California to a list of chemicals known to cause cancer. In the event this or other water quality issues are of concern, Buyer is hereby advised to contact all applicable water district or government agencies for further information. In the case of private wells or water systems, Buyer is advised to have water from such wells specifically tested for this substance and other contaminants.

- 18. MONTE VERDI SUBDIVISION WASTE DISPOSAL: Properties located within the Monte Verdi subdivision #4351 in the County of Fresno water service area (“CSA 44D”) have been known to experience serious issues with the applicable water treatment facility (“WTF”) and water wells. In 2013, property owners within CSA 44D approved a request for an approximate 2.8 million dollar loan, the proceeds of which would be used to make improvements to WTF. A special tax assessment of approximately “\$22,669” was to be levied on each property within the CSA 44D boundaries. Each property owner within CSA 44D has a responsibility to make annual loan payments of approximately \$1,100 to repay this loan. Recent information provided by the County of Fresno indicated the final bids for the necessary improvements are now estimated to be from \$3.2 to \$4.6 million. Final improvement cost may require additional special assessments. Broker has no knowledge as to how or when this issue will be resolved. Broker has been advised that: 1) waste from the “WTF” is currently being removed by trucking; 2) at least one of the water wells within the subdivision is either shut down or is need of repair; 3) property owners within the Monte Verdi area and CSA 44D have experienced some shortage of potable water; 4) the Monte Verdi Home Owners Association (“MVHOA”) is considering the establishment of a Community Service District. In the interim, Buyers of homes within “CSA 44D” or the Monte Verdi subdivision are advised to contact the County of Fresno Special Districts Administration or the MVHOA for further information.

19. **SHORT SALE TAX OBLIGATION:** Where the property is being sold in a situation where any lender accepts a payoff amount less than the then outstanding balance of any note or mortgage such lender may hold (“Short Sale”), Seller is hereby advised: **a) such relief of indebtedness may be a taxable event for which the Seller may incur an obligation to pay State and/or Federal income tax; b) Seller should seek independent counsel regarding tax and other potential liabilities prior to executing any listing agreement and/or prior to accepting any offer to sell; c) holders of Junior Mortgages have been known to approve Short Sales by accepting partial payments in escrow of amounts less than the full outstanding balance due as consideration for the release of their encumbrance and then, subsequent to close of escrow, pursuing the seller personally for any remaining amounts not paid in full through escrow; d) Release of a Trust Deed (to allow a short sale closing) is not the same as relief of liability.** Sellers may wish to secure a written full release of all future liability from all lenders, prior to participating in any “Short Sale”; **e) Broker has made no representations or warranties regarding forgiveness of debt, the tax consequences of such forgiveness, potential continuing liability for debt amounts, or other ramifications of participating in a Short Sale; f) Participating in a Short Sale may also result in negative reporting to one or more credit agencies. Such negative comments will appear on future credit reports and may substantially lower Seller’s credit scores.**

20. **WIRE FRAUD:** Buyer and Seller acknowledge that during the course of real estate transactions, criminals may take advantage of unguarded communication, weak passwords or other security measures to set up legitimate appearing wiring instructions, the use of which could result in transferring funds to the criminals account. These instructions frequently contain legitimate appearing telephone numbers, the use of which may serve to confirm fraudulent wiring/transfer instructions. Buyer and Seller hereby release Broker from any and all potential claims and any liability, costs or loss of any kind, either party may experience because of wire fraud or money transfers involved in any transaction.

Accordingly, Buyers and Sellers who make any wire transfer of funds, they are advised to:

1. Be alert to the potential for wire funds transfer scams or fraud attempts.
2. Obtain the phone number of the Escrow Officer **at the beginning of the transaction.**
3. Do not ever wire funds prior to calling your Escrow Officer to confirm wire instructions. Only use a phone number you were provided previously. Do not use any different phone number included in the emailed wire transfer instructions.
4. Orally confirm the wire transfer instruction is legitimate and confirm the bank routing number, account numbers and other codes before taking steps to transfer the funds.
5. Avoid sending personal information in emails or texts. Provide such information in person or over the telephone directly to the Escrow Officer.
6. Take steps to secure the system you are using with your email account. These steps include creating strong passwords, using secure WiFi, and not using free services.

21. **WATER REGULATIONS AND AVAILABILITY:** Due to severe drought conditions, water has been restricted by many California counties, municipalities and/or water authorities. The California State Water Resources Control Board may have also instituted, or may in the future institute, mandatory water restrictions. Water restrictions may impact the Property in a number of ways including limiting water usage and/or increasing water costs. It is strongly recommended that Buyer, within the contingency/investigation period provided in the purchase contract, thoroughly investigate all water issues which may be of concern to Buyer. Such investigation should include, but not be limited to: a) inquiring whether the Seller is aware of any water restrictions, has experienced any well or other water source shortages, or has received any notices regarding water issues; b) requesting information and available data from governmental or private water providers including applicable City, County and State agencies, private water districts or home owners associations; c) publicly searching whether there are any water limitations **within any investigation time periods provided for in the contract;** d) performing on-site investigations and testing to determine availability, quality, quantity and potability of any private well or other water source. Buyer acknowledges that if the local authorities, agencies, or suppliers have not yet instituted water limitations or restrictions, they could do so in the future.

Buyer acknowledges that Broker: 1) has not and does not represent or warrant any information regarding and hereby disclaims any knowledge of water rights, future water usage, availability, restrictions, or limitations on quality or quantity of water available to the Property; 2) shall not have an obligation to research or investigate any water issues, availability or restrictions relating to the Property.

22. **DISCLOSURE ISSUES AFFECTING WONDER VALLEY:** Where the Property is located within or near Wonder Valley area, Buyer is advised that the Wonder Valley Ranch Resort and Conference Center (Ranch Resort) operates both as a Conference Center and a children’s summer camp.

1. The Ranch Resort facilities are not available for use by neighbors except through special programs which may be offered.
