Notes:

1. **The State Rank** is determined by a school's API Score in comparison to all other schools in California. (1 is the worst, 10 is the best). An equal number of schools occupy each rank. * This rank comes from the 2013 California Academic Performance Index (API) Growth report.
2. **The API Score** is a number between 200 and 1000 that reflects a school's performance on statewide student assessments administered in 2013.
3. **Alternative Schools** receive APIs but do not receive ranks
4. **Parent Education** is the average of all responses where "1" represents "Not a high school graduate" and "5" represents "Graduate school."
5. **More information:** 2012-13 Academic Performance Index Reports [Information Guide](#) (PDF; 629KB; 65pp.)
