Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 04/16/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Your overall energy charges include:
- *$0.49 franchise fees*

Additional information:
- *Service voltage: 240 volts*
- *Net Surplus Compensation (NSC) option: Rollover*

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

California Climate Credit Moving to Help with High-Billed Months

You may be expecting the California Climate Credit in April, but the California Public Utilities Commission (CPUC) has directed SCE to deliver the Climate Credit for residential customers later this year when your monthly bill may be at its highest. The CPUC has not yet decided what month(s) SCE will deliver the credit. SCE will notify you when the CPUC identifies the month(s). No action is required by you to receive your full 2026 credit of $72 which may be in one or more high-billed months in 2026. SCE will automatically apply the credit to your bill(s).

Additional information:
- *Your winter baseline allowance: 363.0 kWh*

Rate Identification Number - RIN

USCA-SCSC-0400-0000
In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Notice of Southern California Edison Company's Rate Increase Request

Southern California Edison Company's (SCE) Application for Authorization to Deploy Advanced Metering Infrastructure (AMI) 2.0 and for Associated Cost Recovery to the California Public Utilities Commission (CPUC) A.26-03-030.

What is Being Requested?

SCE is requesting an increase in revenue of $1,865 million from 2026-2033. Based on the year of the highest rate impact, this amounts to a total requested rate increase of 0.7¢/kWh (2.5%).[1] The current meters are nearing the end of their service life and they rely on legacy technology. SCE seeks to replace them with contemporary meters that will enable SCE to continue current meter functionality and provide new capabilities and customer benefits. This increase will be phased into rates over the years in this request.

Proposed Rate Increase by Customer Class in 2033

Customer Class	¢/kWh Increase	% Increase
Residential (Non-CARE)	1.1	2.6%
Residential (CARE)	0.6	2.8%
Lighting, Small, & Medium Power	0.8	2.5%
Large Power	0.4	2.1%
Agriculture & Pumping	0.6	2.3%
Street & Area Lighting	0.4	1.1%
Standby	0.2	1.4%

The table shows the requested increase in rates for the year with the highest revenues (2033) compared to current rates. Actual changes in rates may vary by year.

How Would This Impact the Typical Residential Customer?
If the request is approved, a typical non-CARE residential customer using 500 kWh per month would see a bill increase of approximately $4.87 per month.[2] Similarly, a typical CARE residential customer using 500 kWh per month would see a bill increase of $3.17 per month.[3] The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information
An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2603030 . For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-03-030 in any communication with the CPUC.

Questions About the Request
For questions about this application, please contact SCE via phone at **1-800-655-4555** , or via email at case.admin@sce.com. The mailing address is:

Case Administrator
Southern California Edison Company
A.26-03-030- AMI 2.0 Application
P.O. Box 800
Rosemead, CA 91770

[1] Rate change will vary each year. Percentage calculated using largest rate increase for the application years.
[2] Year 2033 of the application was used to calculate typical customer bill because it is the year with the largest increase of $543.6M.
[3] *Id.*

Notice of Southern California Edison Company's Rate Increase Request

Pacific Gas and Electric Company's (PG&E) Diablo Canyon Power Plant (DCPP) 2027 Cost Recovery Application to the California Public Utilities Commission (CPUC) (A.26-03-031)

What is Being Requested?

PG&E is authorized to recover DCPP costs from the customers of other electric utilities in California, including customers of Southern California Edison Company (SCE) with no additional markup. PG&E is the only applicant seeking approval from the CPUC. SCE customers are responsible for $208.330 million, and SCE is required by law to collect that authorized amount. SCE is providing this notice of PG&E's application because it could result in a rate increase for SCE's customers.

Proposed Increase by Customer Class

Customer Class	¢/kWh Increase	% Increase
Residential (Non-CARE)	0.13	0.3%
Residential (CARE)	0.08	0.4%
Lighting, Small, & Medium Power	0.10	0.3%
Large Power	0.07	0.4%
Agricultural & Pumping	0.08	0.3%
Street & Area Lighting	0.06	0.2%
Standby	0.05	0.3%

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500 kWh per month would see a bill increase of approximately $0.65 per month in 2027. Similarly, a typical CARE residential customer using 500 kWh per month would see a rate increase of $0.42 per month. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2603031. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov , **1-866-849-8390** , or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-03-031 in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE by: Phone: **1-800-655-4555** ; Email case.admin@sce.com; Mail: Eric Lee, A.26-03-031 - 2027 DCPP Cost Recovery Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

Subtotal of your new charges		$102.75
State tax	245 kWh x $0.00030	$0.07
Your new charges		**$102.82**

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Base Services Charge

Under California Assembly Bill 205, electricity bills have been restructured for residential customers beginning on Nov. 15, 2025. The electricity delivery section of the bill includes a Base Services Charge as a separate line item, replacing the Basic Charge. At the same time, the cost you pay for each kilowatt-hour (kWh) of electricity has decreased. Your total bill may go up or down, depending on your usage. To learn more, visit sce.com/BaseServicesCharge.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 10/14/25.

- Reconnecting service that has been disconnected requires a Service Connection payment (non-residential only).
- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.6% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Base Services Charge

Under California Assembly Bill 205, electricity bills will be restructured for residential customers beginning in November 2025. The electricity delivery section of the bill will include a Base Services Charge as a separate line item, replacing the current Basic Charge. Customers may also see total electricity prices lowered per kilowatt-hour (kWh). Estimate is based on current electricity rates as of June 1, 2025, and does not assume future rate changes. To learn more, visit sce.com/BaseServicesCharge.

Public Safety Power Shutoffs

- When fire weather conditions are present--low humidity, dry vegetation and high winds--we may proactively and temporarily shut off power to keep our communities safe and reduce the risk of a fire caused by utility equipment.
- Be sure to update your contact information at **www.sce.com/mycontacts** to receive PSPS alerts before an outage.
- Anyone can sign up for PSPS alerts in English or other available languages at **www.sce.com/pspsalerts**.
- Make an emergency plan for everyone in your household, including pets, and create a supply kit. Find more tips at **www.sce.com/beprepared**.

Learn more about PSPS at **www.sce.com/psps.**

Steer Clear of Scammers

- If you receive a suspicious call, ask for a callback number and report the fraud at **1-800-655-4555** or **www.sce.com/scamalert**.
- SCE does not have a disconnection department.
- SCE agents will never demand any form of payment over the phone.
- SCE does not accept payments through money apps (such as Zelle or Cash App), prepaid cash cards or cryptocurrency (such as Bitcoin).

For more information on how to avoid scams, visit **www.sce.com/scamalert**.

Be Prepared for Outage Emergencies

If your home or business is located in an area designated as a Tier 2 or Tier 3 high fire risk zone, you may want to consider adding a power station or a portable generator to your emergency preparedness plans. These devices may provide backup power for your personal electronics such as a cell phone, computer, or other important household appliances such as refrigerators, lighting, garage door opener and medical devices which help you to be more prepared for an outage or other emergency. Rebates are available for the purchase of qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at **www.sce.com/rebates.**

To learn more about the process and method the California Public Utilities Commission used to determine High Fire Threat District maps, visit:

www.cpuc.ca.gov/industries-and-topics/wildfires/fire-threat-maps-and-fire-safety-rulemaking

Support for Customers Affected by a Major Disaster

If you or someone you know has been affected by a disaster for which a state of emergency has been declared, please visit **www.sce.com/disastersupport** for information about consumer protections, programs and services SCE has available.

Privacy Notice

SCE protects your privacy, data and energy usage information. We never sell your information. Your information will be shared only if needed to provide you with utility services, or as required by law or authorized by you. For more information, please visit:

www.sce.com/privacynotice

Get Help If You Use Medical Equipment

If you or someone in your household requires the regular use of electrically-powered medical equipment, including but not limited to power wheelchairs, scooters, respirators, breathing machines or other qualifying medical devices, you may be eligible for our Medical Baseline Allowance program which:

- Provides an additional allotment of 16.5-kilowatt hours (kWh) of electricity per day on your monthly bill which can help offset the cost of operating the medical equipment, and
- Prioritizes your household to get critical alerts and notifications if outages occur, including Public Safety Power Shutoffs.

To apply, you will need the signature of a medical professional.* If you submit an online application, you can enter your medical professional's email address, and we will contact them for approval by electronic signature. Please let them know they will receive an email from SCE .

To learn more about eligibility requirements or if you have questions about medical equipment or criteria, visit **www.sce.com/mbl** or call **1-800-655-4555**. Application forms are available in several languages online and alternative formats (such as large print and braille) upon request.

NOTE: We will evaluate the eligibility of the device on your application if it is not listed on **www.sce.com/mbl.** Medical devices used for therapy but not medically required for sustaining life do not qualify for this program.

** Includes Medical Doctor (MD), Doctor of Osteopathy (DO), Physician Assistant (PA) or Nurse Practitioner (NP).*

(continued on back)

Proposition 65 Warnings

⚠WARNING: The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.

Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours.

However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list. Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

www.P65Warnings.ca.gov

1. **Diesel Generation:** Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.

2. **Wooden Utility Poles:** SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles. (*Continued in next column*)

3. **Painted Structures:** SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

SCE Workers May Inspect Electricity Meters at Any Time

Our field employees are required to randomly access and inspect the operation of Southern California Edison-owned equipment providing your home with electricity service. You can help by keeping the area around the Edison SmartConnect® meter clear of debris and obstacles.

Is Your Water Heater Safely Strapped In?

You and your household members may face a serious threat of fire, explosion, or electrocution if your water heater overturns or suffers damage to electrical wiring or plumbing during a disaster, such as an earthquake.

For that reason, California law requires that all water heaters must be braced, anchored, or strapped to avoid falling during an emergency situation.

To safely secure your water heater and to comply with California's safety requirements, have a licensed professional install an approved restraint kit to your water heater. Kits may be found at your local hardware or home improvement store.

▪ This label does not reflect compliance with the Renewables Portfolio Standard (RPS), which measures the use of tracking instruments called Renewable Energy Credits (RECs) over the course of multi-year compliance periods. RECs that are purchased separately from the renewable energy ("Unbundled RECs") can be used for RPS compliance, but they do not factor into the power mixes or GHG emissions intensities above.

▪ GHG intensity figures exclude biogenic CO2 and emissions from geothermal sources and grandfathered imports of firmed-and-shaped energy. For detailed information about all GHG emissions from California's retail electricity suppliers, visit the CEC webpage at the link below.

▪ Unspecified power is electricity purchased from a genericized pool on the open market.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 11/13/25.

- Reconnecting service that has been disconnected requires a Service Connection payment (non-residential only).
- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.6% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Things you should know

Fixed Recovery Charge
SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control
If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Base Services Charge
Under California Assembly Bill 205, electricity bills will be restructured for residential customers beginning on November 15, 2025. The electricity delivery section of the bill will include a Base Services Charge as a separate line item, replacing the Basic Charge. At the same time, the cost you pay for each kilowatt-hour (kWh) of electricity will decrease compared to what you paid in October. Your total bill may go up or down, depending on your usage. To learn more, visit sce.com/BaseServicesCharge.

Public Safety Power Shutoffs

- Your safety is our top priority. The changing climate, below average rainfall this year and extended periods of high winds increase the potential for a fire to spread.
- When fire weather conditions are present, we may temporarily shut off power to reduce the risk of a fire caused by utility equipment. This is known as a Public Safety Power Shutoff (PSPS), and it saves lives.
- Losing power for any amount of time is a hardship; while it's frustrating and inconvenient, safety must come first.

UNDERSTANDING EMF

ELECTRIC AND MAGNETIC FIELDS

Questions have been raised about the possible health effects of exposure to 60-hertz (power frequency) electric and magnetic fields (EMF*), which are found wherever you have electric power. This article contains information that will help you understand the EMF issue, plus practical tips you can use if you want to reduce your exposure at home and at work.

Campos Eléctricos y Magnéticos (EMF):
Si desea recibir información en español, comuníquese con SCE al **1-800-441-2233**.

EMF information provided as required by the California Public Utilities Commission (CPUC) EMF policy.

*The term EMF in this publication refers to extremely low frequency (ELF) 60-hertz electric and magnetic fields associated with power delivered by electric utilities. It does not refer to radio frequency (RF) waves associated with wireless communications such as cell phones.

Can EMF Harm Your Health?

Electric and magnetic fields are present wherever electricity flows--around appliances and power lines, in offices, and at schools and homes. Many researchers believe that if there is a risk of adverse health effects from usual residential exposures to EMF, it is probably just at the detection limit of human health studies; nonetheless, the possible risk warrants further investigation. The varying results from epidemiological studies, which looked at estimated EMF exposures and childhood leukemia, are consistent with a weak link. Laboratory studies, including studies investigating a possible mechanism for health effects (mechanistic studies), provide little or no evidence to support this weak link.

The results from many research studies have been evaluated by international, national, and California EMF research programs to determine whether EMF poses any health risk. Given the uncertainty of the issue, the medical and scientific communities have been unable to conclude that usual residential exposures to EMF cause health effects, or to establish any standard or level of residential exposure that is known to be either safe or harmful. These conclusions remain unchanged by recent studies.

World Health Organization Findings

The World Health Organization (WHO) completed a review of the potential health implications of extremely low frequency EMF, which includes power-frequency fields. Their conclusions and recommendations were presented in a June 2007 report known as the *Extremely Low Frequency Fields, Environmental Health Criteria Monograph No. 238*.

The WHO report concluded that evidence linking Extremely Low Frequency (ELF) magnetic fields and childhood leukemia "is not strong enough to be considered causal but sufficiently strong to remain a concern." "Virtually all of the laboratory evidence and the mechanistic evidence fail to support" this reported association. For all other diseases, there is inadequate or no evidence of health effects at low exposure levels.

The report emphasized that, given the weakness of the evidence for health effects, the health benefits of exposure reduction are unclear and adopting policies based on arbitrary low exposure limits is not warranted. In light of this situation, WHO made these and other recommendations:

* National authorities should implement communication programs with all stakeholders to enable informed decision-making, including how individuals can reduce their own exposure.
* Policy makers and community planners should implement very low-cost measures to reduce exposures when constructing new facilities and designing new equipment, including appliances.
* Policy makers should establish guidelines for ELF field exposure for both the general public and workers. The best source of guidance for both exposure levels and the principles of scientific review are the international guidelines.
* Government and industry should promote research to reduce the uncertainty of the scientific evidence on the health effects of ELF field exposure. Several recommended research projects are already under way through the Electric Power Research Institute.

Magnetic Fields at Home
(Measurements are in milligauss.)

	1.2" away	12" away	36" away
Microwave Oven	750 to 2,000	40 to 80	3 to 8
Clothes Washer	8 to 400	2 to 30	0.1 to 2
Electric Range	60 to 2,000	4 to 40	0.1 to 1
Compact Fluorescent Bulb	0 to 32.8	0 to 0.1	0
Hair Dryer	60 to 20,000	1 to 70	0.1 to 3
LCD/Plasma TV	1.1 to 73.6	0 to 2.5	0 to 2.2

Source: Adapted from Gauger 1985 & EPRI Appliance Measurement Study 2010.

Magnetic Fields Outside
(Maximum values may be lower for some California utilities.)

Distribution Lines	1 to 80 milligauss under the line
Transmission Lines	1 to 300 milligauss at the edge of the right-of-way

(EMF continued on the reverse side)

EMF (continued from front)

What You Can Do

In a situation of scientific uncertainty and public concern, WHO recommended that utilities explore 'very low-cost' ways to reduce EMF exposure from new or upgraded facilities. SCE and other California public utilities have been pursuing no-cost and low-cost measures to reduce EMF levels from new utility transmission lines and substation projects. You, too, may want to take no-cost and low-cost measures to reduce your EMF exposure at home and at work.

Human studies have not produced a consensus about any health benefits from changing the way people use electric appliances. But, if you feel reducing your EMF exposure would be beneficial, you can increase your distance from electric appliances and/or limit the amount of time you use appliances at home or at work. For instance, you can place your electric clocks away from the head of your bed. Increasing your distance from it and other appliances, such as televisions, computer monitors, and microwave ovens, can reduce your EMF exposure.

You can also reduce your EMF exposure by limiting the time you spend using personal appliances, such as hair dryers, electric razors, heating pads, and electric blankets. You may also want to limit the time you spend using electric cooking appliances.

You can locate the sources of EMF in your work environment and spend break time in lower-field areas.

It is not known whether such actions will have any impact on your health.

Additional Information Is Available

SCE provides free EMF information packages and home/business measurements upon request. For any of these services, please call **1-800-200-4723 (4SCE) or** visit **www.sce.com/EMF**.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 09/15/25.

- Reconnecting service that has been disconnected requires a Service Connection payment (non-residential only).
- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.6% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Your overall energy charges include:
- *$0.90 franchise fees*

Additional information:
- *Service voltage: 240 volts*
- *Net Surplus Compensation (NSC) option: Rollover*

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

SCE CUSTOMER CONNECTION

SOUTHERN CALIFORNIA EDISON'S (SCE) ELECTRIC RATE OPTIONS

Below are brief descriptions of various available rate options for Southern California Edison's (SCE) residential customers. SCE provides these descriptions to help customers understand what rate options are available to help manage monthly electric bills. Your current rate is listed on your electric bill. Your bill separates the costs of generation and costs related to the delivery of electricity. The charges for generation include costs related to the operation of SCE's electric generating plants, plus the cost of purchasing power from other sources. The California Department of Water Resources (DWR) obtained electricity on behalf of SCE. SCE has repaid the cost of the associated contracts and is now returning the cash reserves held to support the contracts through the DWR Energy Credit. The credit will end once the reserves are fully repaid to customers. Eligibility requirements, terms and conditions apply and may vary for each rate schedule.

Please refer to SCE's Tariff Books for a complete list of terms and conditions of service at **www.sce.com/rateoptions** or call us at **1-800-655-4555** to see if you qualify for one of the energy and money-saving rates below.

RATE SCHEDULES

DOMESTIC (D):
This rate schedule serves domestic customers and is applicable to those who are individually metered by SCE and who live in single-family accommodations or individually metered single-family dwellings in a Multifamily Accommodation (e.g., houses, townhouses, condominiums, apartments, rental units, manufactured houses or mobile homes). Schedule D has a lower energy rate for all electricity used up to the Baseline* amount. Energy used up to this point is considered Tier 1 usage. Electricity used above Baseline is priced higher. Schedule D also has a daily Basic Charge and Minimum Charge that are independent of the energy charges and cover a portion of costs for services such as meter reading and customer billing.

***Baseline** *"Baseline" refers to a specific amount of energy allocated to residential customers for the essential portion of energy use for such things as lighting, cooking, heating and refrigeration. The baseline allocation, or Tier 1 usage, is charged at a lower rate than energy used in excess of that amount. As usage increases beyond the Tier 1 allocation, the price for energy in each subsequent tier is charged at a higher rate. This rate structure is meant to incentivize energy conservation. California's regulated energy utilities are mandated to allocate a Baseline quantity to each residential customer, based on that customer's geographic area, the season (winter or summer), and whether the customer has a single source of energy (i.e., if the customer's home is "all electric") or a combination of gas and electric ("basic" service). Customers can check the "Details of your new charges" section of their bills to see which tier their usage falls into each month. An additional Heat Pump Water Heater (HPWH) baseline quantity may apply to customers attesting to having a HPWH and served under either Schedule TOU-D-4-9 or TOU-D-5-8.*

***Medical Baseline** is an additional allowance of kilowatt hours (kWh) charged at the Baseline rate, and is available to customers or their household members who require the regular use of electrical life support or essential medical equipment, or have a qualifying illness. The standard Medical Baseline allocation is 16.5 kWh per day, in addition to the daily Baseline allocation residential customers receive. A medical discount of 11 percent will be provided to customers served under Schedule TOU-D Option PRIME regardless of the number of Medical Baseline allocations.*

Schedule D customers may be eligible for other rate options that could further lower their electric bills, such as:

DOMESTIC - SUMMER DISCOUNT PLAN (D-SDP):
This plan is applicable to domestic service customers residing in individually metered, single-family accommodations with central air conditioning, in which a portion of the customer's electrical air conditioning load is subject to disconnection as initiated by an SDP Event Trigger, from SCE's service by SCE through a direct load-control device, with or without optional customer-controlled override capabilities. This plan is not applicable to customers receiving a Medical Baseline Allocation for air conditioning. To participate in this plan, customers must have an appropriate SCE direct load-control device installed, programmed, and activated.

CALIFORNIA ALTERNATE RATES FOR ENERGY (CARE) DISCOUNT:
This program provides a discount for income-qualified customers of at least 32.5 percent. Household income must be at or less than the CARE income guidelines, defined as 200 percent of the Federal Poverty Guidelines. Qualifying income guidelines are shown on the CARE application.This discount may also be applicable with other residential rate schedules.

FAMILY ELECTRIC RATE ASSISTANCE (FERA) DISCOUNT:
This program offers an 18 percent discount to income-qualified households. There must be a minimum of three or more persons residing in a household and the total household income must be at or less than 250 percent of the Federal Poverty Guidelines. Qualifying income guidelines are shown on the FERA application. FERA is not available to CARE customers.This discount may also be applicable with other residential rate schedules.

EDISON SMARTCONNECT® OPT-OUT (ESC-OO):
This rate is available to residential customers who do not wish to have a wireless, communicating meter, known as Edison SmartConnect® meter, installed at their premises (Opt-Out Customers). Under this schedule, Opt-Out Customers shall receive service using the meter or meter form that had been installed at the customer's premises prior to the installation of an Edison SmartConnect meter (i.e. analog or non-analog, non-smart digital meter). There is a one-time initial fee and a reoccurring monthly fee to opt-out, which applies for three years from the time the customer elects to opt-out.

CRITICAL PEAK PRICING (CPP):
The CPP rate offers a discount during the summer months for bundled service customers (those whose electric power, transmission, distribution, billing, metering and related services are provided by SCE). The customer must have an interval meter or an Edison SmartConnect® program-ready meter. When electricity demand and prices climb, SCE will activate CPP "events" (weekdays from 4:00 p.m. – 9:00 p.m., excluding holidays) during which energy charges increase significantly. However, if customers reduce or reschedule usage to lower demand times of day during these events, CPP may help lower electric bills. Participants receive bill protection up to the first 12 months. Customers who receive Medical Baseline allocation(s) or customers served under the Smart Energy Program option are not eligible for service under this rate.

CUSTOMERS WHO USE MOST OF THEIR ELECTRICITY DURING "OFF-PEAK" HOURS COULD BENEFIT FROM A TIME-OF-USE (TOU) RATE SCHEDULE.

TIME-OF-USE DOMESTIC (TOU-D):
TOU-D is applicable to customers eligible for service under Schedule D or receiving the CARE or FERA discount. Schedule TOU-D has several rate options: Option 4-9 PM, Option 4-9 PM-CPP, Option 5-8 PM, Option 5-8 PM-CPP, Option PRIME, and Option PRIME- CPP. Option PRIME is a new Option intended for higher usage customers that have load-modifying electric technologies, including those who have electric vehicles (EVs), behind-the-meter energy storage systems and/or electric heat pumps. Customers who have EV load that is separately metered are now eligible for service under this Schedule and will receive a meter credit for the separately metered EV load.

(continued)

SCE CUSTOMER CONNECTION

SMART ENERGY PROGRAM (SEP):
This is an optional program offering annual bill credits to eligible customers who have technology installed at the home authorized by SCE for direct participation in energy events. Presently, Wi-Fi enabled smart thermostats controlling a working central air conditioning system supported by an SCE approved third-party entity are the only technology available for participation in the Smart Energy Program. This program is only available to residential customers with an Edison SmartConnect® meter. Smart Energy Program is not applicable to customers enrolled in any other Demand Response program, such as Summer Discount Plan, or customers receiving a Medical Baseline allocation. Smart Energy Program events can be called for up to 4 hours per day between 11:00 a.m. and 8:00 p.m. on non-holiday weekdays.

COST RESPONSIBILITY SURCHARGE (DA-CRS, CCA-CRS, CGDL-CRS):
Cost Responsibility Surcharges (CRS) are applicable to Customer Generation Departing Load (CGDL), Direct Access (DA) Service customers, Community Aggregation (CA) customers, and Community Choice Aggregation (CCA) customers.

COMMUNITY CHOICE AGGREGATION SERVICE (CCA SERVICE):
Cities, counties, a Joint Power Authority, and certain other public agencies whose governing boards have elected to act as Community Choice Aggregators can purchase and sell electricity on behalf of utility customers within their service area(s). Under CCA Service, a Community Choice Aggregator is solely responsible for procuring and providing for the electric power needs (including ancillary services) of its customers, ensuring resource adequacy and renewable portfolio requirements for these customers, and scheduling and settling with the California Independent System Operator (CAISO). Community Choice Aggregators are required to meet certain requirements with the California Public Utilities Commission in addition to meeting financial and technical requirements with SCE. CCA customers are subject to additional charges as explained in Schedules CCA-CRS and CCA-SF.

Net Billing Tariff (NBT) also known as Solar Billing Plan
This optional rate is designed for customers who install eligible renewable generating facilities on their premises to generate electricity and offset their own electrical needs. Customers can size their systems up to 150% of their electrical requirements, provided they attest that the additional capacity will support electrification (such as adding an electric vehicle) within a year of interconnection. The generation facility must use renewable sources defined in Section 25741 of the Public Resource Code.*

All customers' net usage is billed according to their Otherwise Applicable Tariff, which must be a Time-of-Use rate schedule. Residential customers are required to be on the Prime option of TOU-D. Net generation is credited at the Avoided Cost Calculator rate, also known as the Energy Export Credit, based on the year the application was submitted. Additionally, residential customers can receive extra credits, known as the Energy Export Bonus Credit, for the first few years of the tariff, with these credits decreasing annually as specified in Schedule NBT.

*The renewable sources included in Section 25741 of the Public Resources Code are: biomass, solar thermal, photovoltaic, wind, geothermal, fuel cells using renewable fuels, small hydroelectric generation digester gas, municipal solid waste conversion, landfill gas, ocean wave, ocean thermal, or tidal current, and any additions or enhancement to the facility using these technologies.

Due to space limitations, a rate you may be eligible for may not appear. Please visit **www.sce.com/inserts-onserts** (under August 2025) or contact us if you'd like a complete listing of all available rates. Please email **Tariffs.Manager@sce.com** for a copy to be sent via email or U.S. Mail.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 07/16/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Solar Customer Bills

Starting in June 2026, solar customers, except those on MASH or SOMAH, may notice a change in how their bills look. The information will be the same with additional call-outs for clarity. To view the Solar Billing Plan bill guide, visit sce.com/sbpbill. To view the Net Energy Metering (NEM) bill guide (NEM 1.0 and NEM 2.0), visit sce.com/nembill.

8	05/15/2026 - 06/15/2026	$11.11	0.00	-$9.28	$288.11	847
9	06/16/2026 - 07/15/2026	0.00	$13.54	0.00	$301.65	921

Energy credits (1): Total credits calculated based on the amount of energy you export during the current bill period.
Energy charges (2): If the total energy credits earned year-to-date do not cover the electricity used, the difference becomes a charge.
Year-to-date credits or charges (3) and (4): Shows the total of all your monthly energy charges and/or credits for all months since your Settlement Period began.
Year-to-date kWh (5): Shows the total of all your monthly kWh for all months since your Settlement Period began. If at the end of your Settlement Period, this is a negative amount of kWh, it will be used at that time to calculate the Net Surplus Compensation (NSC) value.

Rate Identification Number - RIN

USCA-SCSC-0400-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Share Your Thoughts at a Public Participation Hearing

Regarding Order Instituting Rulemaking to Consider New Approaches to Disconnections and Reconnections to Improve Energy Access and Contain Costs (R.18-07-005)

August 6, 2026 - 2 p.m. & 6 p.m. (*remote only*)

Webcast: adminmonitor.com/ca/cpuc
Phone Number: 1-800-857-1917
Passcode: 1673482#

Please note: If you wish to make a public comment, you must participate by phone using the information above. Once you've entered the passcode press *1 and record your name when prompted. A quorum of commissioners may attend but no decisions will be made at this hearing.

What is This About?
The purpose of Rulemaking (R.18-07-005) is to find ways to reduce the disconnection rates of electric and gas services for California customers. The California Public Utilities Commission (CPUC) is exploring additional ways to reduce disconnections and seeking public input on programs, policies, or other approaches that could further lower disconnection rates and reduce impacts on customers.

Why Attend?
These hearings are your opportunity to share your thoughts on customer assistance programs, ways to help customers understand and timely pay their bills, and any experiences you may have had with disconnections for nonpayment. These hearings are part of a proceeding being overseen by an administrative law judge. Your comments could help the CPUC produce a more robust decision and shape future customer programs.

Additional Information
You can read more about the rulemaking and make public comments by visiting **apps.cpuc.ca.gov/c/R1807005**. To read and download a fact sheet about this rulemaking visit **https://www.cpuc.ca.gov/PPH**.

If you need language interpretation or other reasonable accommodations, please contact the Public Advisor's Office at least five days in advance of the hearing. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at **Public.Advisor@cpuc.ca.gov**, **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102.

Please refer to R.18-07-005 in any communication with the CPUC.

Questions About Southern California Edison Company (SCE) and the Rulemaking
For questions about SCE's part in this rulemaking proceeding, please contact
Case Administrator

Email: case.admin@sce.com
Phone: **1-626-302-0449**
Mail:

Southern California Edison Company
Attn: Case Administrator re: R. 18-07-005
P.O. Box 800
Rosemead, CA 91770

Notice of Southern California Edison's Rate Increase Request

Southern California Edison's Joint Application to the California Public Utilities Commission (CPUC) A. 26-06-019

What is Being Requested?
Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southern California Edison Company (SCE) (jointly the Investor Owned Utilities or IOUs) are filing a joint application proposing to apply their respective Electric Tariff Rules 17 /18, which governs backbillings to all charges on the IOUs' bills, as ordered by the CPUC in Decision 25-09-030.

As part of the joint application, SCE is individually seeking to recover $1.793 million in incremental costs from 2029-2034 to implement billing system changes. SCE has been ordered to propose how to treat backbilling for all charges (bundled and unbundled) on its bill. Based on the year of the highest rate impact, this amounts to a total requested rate increase of 0.001¢/kWh or 0.003 percent.[1]

Proposed Increase by Customer Class

Customer Class	¢/kWh Increase	% Increase
Residential (Non-CARE)	0.001	0.003%
Residential (CARE)	0.001	0.003%
Lighting, Small, & Medium Power	0.001	0.003%
Large Power	0.0004	0.002%
Agricultural & Pumping	0.001	0.002%
Street & Area Lighting	0.0004	0.001%
Standby	0.0002	0.002%

The table shows the requested increase in rates for the year with the highest revenues (2030) compared to current rates. Actual changes in rates may vary by year.

How Would This Impact the Average Residential Customer?
If the request is approved, the average residential customer using 500 kWh per month would see a rate increase of approximately $0.005 per month.[2] Similarly, a typical CARE residential customer using 500 kWh per month would see a bill increase of $0.003 per month. [3] The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information
An administrative law judge may hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2606019 . For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov , **1-866-849-8390** , or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-06-019 in any communication with the CPUC.

Questions About the Request
For questions about this application, please contact SCE by: Phone: **1-800-655-4555** ; Email case.admin@sce.com; Mail: Case Administrator, A.26-06-XXX - Rule 17 Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

[1] Rate change will vary each year. Percentage calculated using largest rate increase for the application years.
[2] Year 2030 of the application was used to calculate typical customer bill because it is the year with the largest increase of $0.571 M.

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules:

Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 07/16/25.

- Reconnecting service that has been disconnected requires a Service Connection payment (non-residential only).
- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.6% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- Baseline Credit: The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- CA Climate Credit: Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- Wildfire Fund Charge: Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- Public Purpose Programs Charge: Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- SCE Generation: For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Public Safety Power Shutoffs

- Your safety is our top priority. The changing climate, below average rainfall this year and extended periods of high winds increase the potential for a fire to spread.
- When fire weather conditions are present, we may temporarily shut off power to reduce the risk of a fire caused by utility equipment. This is known as a Public Safety Power Shutoff (PSPS), and it saves lives.
- Losing power for any amount of time is a hardship; while it's frustrating and inconvenient, safety must come first.

Update your contact information or sign up for PSPS alerts in English or other available languages at www.sce.com/pspsalerts. Learn more about PSPS and emergency preparedness at www.sce.com/psps.

Be Prepared for Outage Emergencies

If your home or business is located in an area designated as a Tier 2 or Tier 3 high fire risk zone, you may want to consider adding a power station or a portable generator to your emergency preparedness plans. These devices may provide backup power for your personal electronics such as a cell phone, computer, or other important household appliances such as refrigerators, lighting, garage door opener and medical devices which helps you to be more prepared for an outage or other emergency. Rebates are available for the purchase of qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at www.sce.com/rebates.

To learn more about the process and method the California Public Utilities Commission used to determine High Fire Threat District maps, visit:

www.cpuc.ca.gov/industries-and-topics/wildfires/fire-threat-maps-and-fire-safety-rulemaking

Budget Your Electricity Bill with the Budget Billing Plan (was Level Pay Plan)

Are your electric bills higher in the summer? Do these higher bills stretch your budget? Sign up for SCE's Budget Billing Plan (BBP), which allows you to spread high summer and/or winter bills over an entire year in eleven (11) equal monthly payments (on the 12th month, you will receive a settlement bill showing either a payment due or a credit balance). To lean more go to

Bill Payment > Ways to Save at
www.sce.com/customer-service-center

If you'd like to enroll, please call 1-800-434-2365. BBP is based on eligibility and some restrictions may apply. Once enrolled, you must pay your bills monthly by the due date to remain eligible for the program.

Get Help If You Use Medical Equipment

If you or someone in your household requires the regular use of electrically-powered medical equipment, including but not limited to power wheelchairs, scooters, respirators, breathing machines or other qualifying medical devices, you may be eligible for our Medical Baseline Allowance program which:

- Provides an additional allotment of 16.5-kilowatt hours (kWh) of electricity per day on your monthly bill which can help offset the cost of operating the medical equipment, and
- Prioritizes your household to get critical alerts and notifications if outages occur, including Public Safety Power Shutoffs.

To apply, you will need the signature of a medical professional.* If you apply online, you can enter your medical professional's email address and we will contact them for an electronic signature approval. Please let them know they will receive an email from SCE.

To learn more about eligibility requirements or if you have questions about medical equipment or criteria, visit www.sce.com/mbl or call 1-800-655-4555. Application forms are available in several languages online and alternative formats (such as large print and braille) upon request.

NOTE: We will evaluate the eligibility of the device on your application if it is not listed on www.sce.com/mbl. Medical devices used for therapy but not medically required for sustaining life do not qualify for this program.

** Includes Medical Doctor (MD), Doctor of Osteopathy (DO), Physician Assistant (PA) or Nurse Practitioner (NP).*

Proposition 65 Warnings

⚠ WARNING: The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.

Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours. However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list. Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

www.P65Warnings.ca.gov

1. Diesel Generation : Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.
2. Wooden Utility Poles : SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles.
3. Painted Structures : SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

www.sce.com/disastersupport

for information about consumer protections, programs and services SCE has available.

Safe Portable Generator Hook-Up

Connecting a portable generator to your home's electrical wiring is dangerous and can cause serious injuries or electrocution.

Do not hook up a generator directly to an electrical panel. The safe way is to plug the electrical equipment into a portable generator using a properly sized extension cord approved by Underwriters Laboratories (UL).

If your needs require a generator to be wired directly to your home's electrical system, California state law mandates that you notify us. We also recommend that you enlist the service of a qualified electrician to perform the task.To learn more go to

Additional information regarding your Net Consumption/Generation:

- *Net Energy Metering Month #8*
- *Your year-to-date energy generation credit as of previous month: -$20.39*
- *Your current month energy generation credit: $11.11*
- *Your year-to-date energy generation credit: -$9.28*
- *Your year-to-date energy billed charges: $288.11*
- *Year-to-date kWh: 847 kWh*

Additional information:

- *Your summer baseline allowance: 416.0 kWh*
- *Your winter baseline allowance: 79.0 kWh*

Rate Identification Number - RIN

USCA-SCSC-0400-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Notice of Southern California Edison Company's Rate Increase Request

Southern California Edison (SCE) Company's 2027 Energy Resource Recovery Account Forecast Application to the California Public Utilities Commission (CPUC) (A.26-05-006)

What is Being Requested?
Southern California Edison Company filed its 2027 Energy Resource Recovery Account (ERRA) Forecast Application. The ERRA Forecast is an estimate of how much it will cost SCE to buy and produce electricity for customers in the coming year and how these costs will translate into rates. SCE's proposed ERRA Forecast revenue for 2027 is $4.350 billion, which would result in the rate increases in the table below.

Requested Rate Increase by Customer Class

Customer Class Rate	¢/KWh Increase	% Increase
Residential	0.39¢	1.1%
Lighting - Small & Medium Power	0.54¢	1.8%
Large Power	0.41¢	2.0%
Agricultural & Pumping	0.44¢	1.8%
Street & Area Lighting	0.27¢	0.7%
Standby	0.65¢	4.3%
Residential Bill Impact	**$/Month**	**% Increase**
Non-CARE residential bill	$2.20	1.2%
CARE residential bill	$1.45	1.3%

How Would This Impact the Average Residential Customer?
If the forecast remains unchanged and is approved, the average residential customer using 500 kWh per month would see a bill increase of approximately $2.20 per month in 2027. The actual impact will vary based on usage, baseline territory, and other factors. SCE will update this application in October 2026, so that the latest forecast assumptions can be incorporated.

Additional Information
An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2605006. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-05-006 in any communication with the CPUC.

Questions About the Request
For questions about this application, please contact SCE by: Phone: **1-800-655-4555**; Email case.admin@sce.com; Mail: Eric Lee, A.26-05-006 - 2027 ERRA Forecast Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 05/15/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Things you should know (continued)

Solar Customer Bills

Starting in June 2026, solar customers, except those on MASH or SOMAH, may notice a change in how their bills look. The information will be the same with additional call-outs for clarity.

Practice Metallic Balloon Safety

- **Keep metallic balloons indoors.** They should always be tied to a weight.
- **Never release them outside.** They can cause outages, fires and possible injuries if they touch wires.
- **Never remove the weight.** Puncture balloons before throwing them away.
- **Do not attempt to retrieve objects tangled in wires.** Stay at least 100 feet away and call 911.

For more electrical safety tips, visit **www.sce.com/staysafe**.

Be Prepared for Outage Emergencies

Homes and small businesses in PSPS-affected areas should consider adding a portable backup battery or portable generator into their emergency preparedness strategies. These devices can supply backup power for essential personal electronics, such as mobile phones and computers, as well as critical household appliances including refrigerators, lighting, garage door openers and medical equipment, helping you stay prepared during outages. Rebates are available for qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at www.sce.com/backuppower.

To learn more about the process and method the California Public Utilities Commission used to determine High Fire Threat District maps, visit:

www.cpuc.ca.gov/industries-and-topics/wildfires/fire-threat-maps-and-fire-safety-rulemaking

Support for Customers Affected by a Major Disaster

If you or someone you know has been impacted by a disaster for which a state of emergency has been declared, please visit **www.sce.com/disastersupport** for information about consumer protections, programs and services SCE has available.

An electronic version of Connections is available at **www.sce.com/inserts-onserts**.

Get Help If You Use Medical Equipment

If you or someone in your household requires the regular use of electrically-powered medical equipment or other qualifying medical devices, you may be eligible for our Medical Baseline Allowance program which:

1) Provides an additional allotment of 16.5-kilowatt hours (kWh) of electricity per day on your monthly bill which can help offset the cost of operating the medical equipment, and

2) Prioritizes your household to get critical alerts and notifications if outages occur, including Public Safety Power Shutoffs.

To apply, you will need the signature of a medical professional.* If you apply online, you can enter your medical professional's email address and we will contact them for an electronic signature approval. Please let them know they will receive an email from SCE.

To learn more about eligibility requirements or if you have questions about medical equipment or criteria, visit **www.sce.com/mbl** or call **1-800-655-4555**. Application forms are available in several languages online and alternative formats (such as large print and braille) upon request.

NOTE: We will evaluate the eligibility of the device on your application if it is not listed on **www.sce.com/mbl.** Medical devices used for therapy but not medically required for sustaining life do not qualify for this program.

**Includes Medical Doctor (MD), Doctor of Osteopathy (DO), Physician Assistant (PA) or Nurse Practitioner (NP).*

(continued on back)

Proposition 65 Warnings

⚠ WARNING: The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.

Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours. However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list. Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

www.P65Warnings.ca.gov

1. Diesel Generation: Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.

2. Wooden Utility Poles: SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles.

3. Painted Structures: SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

Los usarios con acceso al Internet podran leer y descargar esta notificacion en espanol en el sitio Web de SCE:

www.sce.com/avisos

Health and Safety Tips for Temperature Sensitive Customers

Extreme hot weather may be harmful to people who have health issues or those who are sensitive to high temperatures. Here are steps you can take to avoid heat-related illness this summer if you don't have access to air conditioning at home to help you stay cool in hot weather:

- **Drink plenty of water to stay hydrated.**
- **Stay out of direct sunlight and limit outdoor activity to covered or shaded areas.**
- **Wear lightweight, loose, light-colored clothing and a head covering.**
- **Take a cool shower or bath.**

What to Do During Rotating Outages?

We strongly encourage you to be prepared for summer heat waves and potential outages. Power outages, regardless of their cause, can occur at any time. Since we cannot guarantee uninterrupted service to our customers, it is important that your emergency plan includes having sufficient standby battery power or a back-up portable unit available to power any in-home medical equipment you may have. If you have back-up power generation, we recommend you test it each month to ensure it is ready in case of a power interruption.

While rare, a rotating outage is a temporary controlled power outage typically lasting no more than one hour. Rotating outages are ordered by the California Independent System Operator (CAISO) during statewide Energy Emergency Alert Level 3 events to help ease demand and protect the integrity of the overall electric system. Your address or rotating outage group number located at the top of your bill can be used to see if you will be impacted. For more information or to check on outages in your area visit:

www.sce.com/outages

Advance Notification of a Rotating Outage

When possible, we will provide advance notice of a possible rotating outage via an automated notification using your preference for a text, email, or voice call.

Note: If you are enrolled in in our Medical Baseline program, you do not need to complete this application form since you will already receive advance notification of rotating power outages that may affect you. For more information visit

www.sce.com/mbl

Notice of SCE Rate Increase Request

SCE's Annual Energy Resource Recovery Account Application to the California Public Utilities Commission (CPUC) A.26-04-002

What is Being Requested?

Southern California Edison Company (SCE) is requesting a revenue increase of $11.531 million to recover a net under-collection in 14 authorized SCE memorandum/balancing accounts. This will be recovered in electric rates.

Requested Rate Increase by Customer Class

Customer Class	¢/KWh	% Increase
Residential	0.02	0.1%
Lighting - Small & Medium Power	0.02	0.1%
Large Power	0.01	0.0%
Agricultural & Pumping	0.01	0.0%
Street & Area Lighting	0.01	0.0%
Standby	0.00	0.0%

How Would This Impact the Average Residential Customer?

If the request is approved, a typical residential customer using 500 kWh per month could see a monthly bill increase of $0.10 (approximately 0.1%). A typical CARE residential customer using 500 kWh per month could see a monthly bill increase of $0.07 (approximately 0.1%).

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2604002. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-04-002 in any communication with the CPUC.

Questions About the Request

For questions about this application or SCE's request, please contact SCE by: Phone: **1-800-655-4555**; email case.admin@sce.com ; Mail: Case Administrator, A.26-04-002 -ERRA Review Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 03/17/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

- *Net Surplus Compensation (NSC) option: Rollover*

Things you should know

Fixed Recovery Charge
SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control
If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

You may notice a change in your billing statement
Effective 03/01/2026, the billing rates used to calculate your bill have been modified. For more information, please visit www.sce.com/bill_change.

Celebrate Safely: Metallic Balloon Do's and Dont's

- Keep metallic balloons indoors and always tied to a weight.
- Never release them outside -- if they touch wires they can cause outages, fire and possible injury.
- Be sure to puncture balloons before throwing them away to prevent them from floating into power lines.
- Do not attempt to retrieve objects tangled in wires **. Stay at least 100 feet away and call 911.**

More electrical safety tips: **www.sce.com/staysafe**

Stay Alert: Protect Yourself from Payment Scams

- Question requests for personal or financial information over the phone, by mail, by email or in person.
- Remember: SCE does not have a “disconnection department” and will never demand payment over the phone.
- SCE will never request payment in the form of a gift card, prepaid card, prepaid store barcode, cryptocurrency or third-party payment app.

Stay informed on the latest fraud tactics by visiting **www.sce.com/scamalert.**

Support for Customers Affected by a Major Disaster

If you or someone you know has been affected by a disaster for which a state of emergency has been declared, please visit **www.sce.com/disastersupport** for information about consumer protections, programs and services SCE has available.

Be Prepared for Outage Emergencies

Homes and small businesses in PSPS-affected areas should consider adding a portable backup battery or portable generator into their emergency preparedness strategies. These devices can supply backup power for essential personal electronics, such as mobile phones and computers, as well as critical household appliances including refrigerators, lighting, garage door openers and medical equipment, helping you stay prepared during outages. Rebates are available for qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at www.sce.com/outages-safety/safety-resources-support/backup-power-solutions .

Get Help If You Use Medical Equipment

If you or someone in your household requires the regular use of electrically-powered medical equipment or other qualifying medical devices, you may be eligible for our Medical Baseline Allowance program which:

1) Provides an additional allotment of 16.5-kilowatt hours (kWh) of electricity per day on your monthly bill which can help offset the cost of operating the medical equipment.

2) Prioritizes your household to get critical alerts and notifications if outages occur, including Public Safety Power Shutoffs.

To apply, you will need the signature of a medical professional.* If you apply online, you can enter your medical professional’s email address and we will contact them for an electronic signature approval. Please let them know they will receive an email from SCE.

To learn more about eligibility requirements or if you have questions about medical equipment or criteria, visit **www.sce.com/mbl** or call **1-800-655-4555**. Application forms are available in several languages online and alternative formats (such as large print and braille) upon request.

NOTE: We will evaluate the eligibility of the device on your application if it is not listed on **www.sce.com/mbl.** Medical devices used for therapy but not medically required for sustaining life do not qualify for this program.

**Includes Medical Doctor (MD), Doctor of Osteopathy (DO), Physician Assistant (PA) or Nurse Practitioner (NP).*

Proposition 65 Warnings

⚠ WARNING: The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.
Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours. However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list.
Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

www.P65Warnings.ca.gov

1. Diesel Generation: Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.

2. Wooden Utility Poles: SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles.

3. Painted Structures: SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

www.sce.com/avisos

Thinking of Installing Solar?

SCE's Marketplace* makes the shopping process easier. Simply enter your address, type of residential dwelling and average monthly bill to find out if going solar makes sense.

If it does, you will get a rooftop solar and storage system tailored to your home, bids from a network of vetted solar installers, financing options, and a dedicated energy advisor to assist you through the entire process. Plus, you will also receive a $500 Marketplace discount from SCE.

For more information visit:
https://solarmarketplace.sce.com

**SCE's solar and storage marketplace is run by Electrum, a third-party company not affiliated with SCE. SCE does not endorse, or accept any liability for, the content of, services or products sold on any third-party websites.*

- *Your year-to-date energy generation credit: $0.00*
- *Your year-to-date energy billed charges: $233.90*
- *Year-to-date kWh: 756 kWh*

Rate Identification Number - RIN

USCA-SCSC-0400-0000
In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Notice of Southern California Edison Company's (SCE) Rate Increase Request

SCE's Income Qualified Programs' (IQPs) Budgets Application A. 26-01-005 to the California Public Utilities Commission (CPUC)

What is Being Requested?
SCE is requesting revenue of $781.8 million for these programs, representing a cumulative revenue requirement increase of $130.3 million, to support the 2028-2033 Income Qualified Programs funding cycle. This represents an average annual revenue increase of $26.87 million relative to current rates as of October 1, 2025.

IQP TOTAL BUNDLED RATE INCREASE REQUESTED

Total Rate Increase			
Customer Class	**Cumulative Bill $**	**¢/kWh**	**%**
Residential (Non-CARE)	16	0.05	0.11%
Residential (CARE)	10	0.03	0.14%
Residential (FERA)	13	0.04	0.12%
Lighting, Small, & Medium Power	78	0.04	0.11%
Large Power	8,022	0.02	0.11%
Agriculture & Pumping	301	0.03	0.13%
Street & Area Lighting	27	0.05	0.13%
Standby	21,593	0.02	0.12%

How Would This Impact the Average Residential Customer?
If the request is approved, a typical non-CARE residential customer could see a rate increase of 0.05 ¢/kWh from 40.65 ¢/kWh to 40.69 ¢/kWh. Similarly, a typical CARE residential customer could see a rate increase of 0.03 ¢/kWh from 24.92 ¢/kWh to 24.96 ¢/kWh. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information
An administrative law judge will hold hearings, consider evidence, testimony, and any public comments received before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the SCE's request and make public comment by visiting **https://apps.cpuc.ca.gov/c/A2601005** . For questions about participating in CPUC matters, you can contact the Public Advisor's Office at **Public.Advisor@cpuc.ca.gov** , **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-01-005 in any communication with the CPUC.

Questions About the Request
For questions about this application, please contact SCE at **1-800-655-4555**, or via email at **case.admin@sce.com** . The mailing address:

Notice of Southern California Edison Company's Rate Increase Request

Southern California Edison Company's (SCE's) Woolsey Fire Recovery Bond Application to the California Public Utilities Commission (CPUC) A.26-01-007

What is Being Requested?
SCE is requesting approval to finance an increase in revenue of $1.951 billion with recovery bonds over a 35-year period (2027-2061) for approved claims costs related to the 2018 Woolsey Fire.

- The CPUC previously approved SCE to recover some of the claims' costs that it incurred related to the 2018 Woolsey Fire.
- With this application, SCE is seeking to finance those approved claims costs through the issuance of recovery bonds over 35 years.

WOOLSEY FIRE TOTAL BUNDLED RATE INCREASE REQUESTED

Total Rate Increase			
Customer Class	**Cumulative Bill $**	**¢/kWh**	**%**
Residential (Non-CARE)	492	0.25	0.6%
Residential (CARE/FERA)	-	-	-%
Lighting, Small, & Medium Power	2,437	0.18	0.6%
Large Power	247,438	0.12	0.6%
Agriculture & Pumping	8,972	0.17	0.7%
Street & Area Lighting	473	0.14	0.4%
Standby	567,496	0.09	0.6%

This ¢/kWh increase will be included in rates over 35 years with some years being more or less than others.

How Would This Impact the Average Residential Customer?

If the request is approved, a typical non-CARE residential customer could see a rate increase of 0.25 ¢/kWh from 39.84 ¢/kWh to 40.09 ¢/kWh. CARE customers would not be impacted since they are exempt from securitized wildfire costs. The actual impact will vary based on usage, baseline territory, and other factors

Additional Information
An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting **https://apps.cpuc.ca.gov/c/A2601007** For questions about participating in CPUC matters, you can contact the Public Advisor's Office at **Public.Advisor@cpuc.ca.gov**, **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference application A.26-01-007 in any communication with the CPUC.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on **www.sce.com/bill**	
Mail-in	Check or Money order	
In Person	Authorized payment locations	1-800-747-8908
Phone	QuickCheck	1-800-950-2356
	Debit & credit card	1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay	

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 01/14/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill *or have a question about your service, please call* ***Southern California Edison (SCE)*** *customer support at* ***1-800-655-4555****. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:*

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	*English*	*Spanish*
TTY/VCO/HCO to Voice	*1-800-735-2929*	*1-800-855-3000*
Voice to TTY/VCO/HCO	*1-800-735-2922*	*1-800-855-3000*
Speech-to-Speech Relay	*1-800-854-7784*	*1-800-854-7784*

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Your new charges		**$136.42**

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Notice of Southern California Edison Company's (SCE) Rate Increase Request

SCE's Application for Authorization to Recover Incremental Costs Related to Wildfire Mitigation and Catastrophic Events to the California Public Utilities Commission (CPUC)
A.25-12-002

What is Being Requested?

SCE is requesting an increase in revenue of $47.707 million or 0.3% to recover its costs for wildfire mitigation expenses incurred in 2024. The request also includes the recovery of costs related to restoration efforts for certain catastrophic events in 2017, 2018, 2020 and 2021.

TOTAL RATE INCREASE REQUESTED

Customer Class	$ Increase	% Increase
Residential	$0.08	0.2%
Lighting - Small & Medium Power	$0.15	0.5%
Large Power	$0.05	0.2%
Agriculture and Pumping	$0.06	0.2%
Street and Area Lighting	$0.07	0.2%
Standby	$0.01	0.1%

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500kWh per month would see a rate increase of approximately $0.41 per month and an increase of approximately $0.26 per month for residential CARE customers. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2512002. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference [A.25-12-002] in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE at **1-800-655-4555**, or via email at case.admin@sce.com. The mailing address:

Case Administration
Southern California Edison Company
A.25-12-002 - WMCE Application
P.O. Box 800 Rosemead, CA 91770

Notice of Southern California Edison Company's (SCE) Rate Increase Request

Southern California Edison Company's (SCE) (U-338E) Request for California Public Utilities Commission (CPUC) Approval of Its North Coast Property Sale Application
A2512015

What is Being Requested?

SCE is requesting approval to sell its North Coast Building located at 28460 Avenue Stanford in the City of Santa Clarita for $7.21 million. This sale will result in an after-tax loss of approximately $1.49 million which will be allocated to ratepayers and shareholders.

TOTAL RATE INCREASE REQUESTED

Customer Class	$ Increase*	% Increase
Residential	$0.00	0.01%
Lighting - Small & Medium Power	$0.00	0.01%
Large Power	$0.00	0.01%
Agriculture and Pumping	$0.00	0.01%
Street and Area Lighting	$0.00	0.00%
Standby	$0.00	0.00%

*The total dollar amount increase for each customer class is less than a hundredth of a dollar.

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500kWh per month would see a rate increase of approximately $0.01 per month. The actual impact will vary based on usage, baseline territory, and other factors. The increase will remain for one year.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2512015.
