BUILDINGNO. STREET, CITY, STATE, ZIP INSPECTIONDATE REPORTNO.

WHAT IS A WOOD DESTROYING PEST & ORGANISM INSPECTION REPORT?
READ THIS DOCUMENT. IT EXPLAINS THE SCOPE AND LIMITATIONS OF A STRUCTURAL PEST CONTROL INSPECTION AND A WOOD DESTROYING PEST & ORGANISM INSPECTION REPORT.

A Wood Destroying Pest & Organism Inspection Report contains findings as to the presence or absence of evidence of wood destroying pests and organisms in visible and accessible areas and contains recommendations for correcting any infestations or infections found. The contents of Wood Destroying Pest & Organism Inspection Reports are governed by the Structural Pest Control Act and regulations.

Some structures do not comply with building code requirements or may have structural, plumbing, electrical, mechanical, eating, air conditioning or other defects that do not pertain to wood destroying organisms. A Wood Destroying Pest & Organism Inspection Report does not contain information on such defects, if any, as they are not within the scope of the licenses of either this company, or it's employees.

The Structural Pest Control Act requires inspection of only those areas which are visible and accessible at the time of inspection. Some areas of the structure are not accessible to inspection, such as the interior of hollow walls, spaces between floors, areas concealed by carpeting, appliances, furniture or cabinets. Infestations or infections may be active in these areas without visible and accessible evidence. If you desire information about areas that were not inspected, a further inspection may be performed at an additional cost. Carpets, furniture or appliances are not moved and windows are not opened during a routine inspection.

The exterior Surface of the roof was not inspected. If you want the water tightness of the roof determined, you should contact a roofing contractor who is licensed by the Contractor's State License Board.

This company does not certify or guarantee against any leakage, such as (but not limited to) plumbing, appliances, walls, doors, windows, any type of seepage, roof or deck coverings. This company renders no guarantee, whatsoever, against any infection, infestation or any other adverse condition which may exist in such areas or may become visibly evident in such area after this date. Upon request, further inspection of these areas would be performed at an additional charge.

8275 Sutterhome PI, Rancho Cucamonga CA 91730 9/13/2025 7355

BUILDINGNO. STREET, CITY, STATE, ZIP INSPECTIONDATE REPORTNO.

In the event damage or infestation described herein is later found to extend further than anticipated, our bid will not include such repairs. OWNER SHOULD BE AWARE OF THIS CLOSED BID WHEN CONTRACTING WITH OTHERS OR UNDERTAKING THE WORK HIMSELF/HERSELF.

If requested by the person ordering this report, a re-inspection of the structure will be performed. Such requests must be within four (4) months of the date of this inspection. Every re-inspection fee amount shall not exceed the original inspection fee. Wall paper, stain, or interior painting are excluded from our contract. New wood exposed to the weather will be prime painted, only upon request at an additional expense. All pesticides and fungicides must be applied by a state certified applicator (sec. 8555 Business and Professions Code Division 3) and in accordance with the manufacturer's label requirements.

NOTICE: Reports on this structure prepared by various registered companies should list the same findings (i.e. termite infestations, termite damage, fungus damage, etc.). However, recommendations to correct these findings may vary from company to company. You have a right to seek a second opinion from another company.

NOTE: This Wood Destroying Pests & Organisms Report DOES NOT INCLUDE MOLD or any mold like conditions. No reference will be made to mold or mold like condition. Mold is not a Wood Destroying Organism and is outside the scope of this report as defined by the Structural Pest Control Act. If you wish your property to be inspected for mold or mold like conditions, please contact the appropriate mold professional.

This company will not be responsible for water tightness or damage to roof during the process of repairing eaves damaged by termites or dryrot. Owner is advised to contact a licensed roofer for professional opinion and or repairs to roof material.

This is a separated report which is defined as Section I/Section II conditions evident on the date of the inspection. Section I contains items where there is visible evidence of active infestation, infection or conditions that have resulted in or from infestation of infection. Section II items are conditions deemed likely to lead to infestation or infection but where no visible evidence of such was found.

Further inspection items are defined as recommendations to inspect area(s) which during the original inspection did not allow the inspector access to complete the inspection and cannot be defined as Section I or Section II.

EXTERIOR NOTE IA-FI, exterior was not inspected because it is the Condo Associations responsibility for exterior. If requested by parties of interest, a further inspection will be recommended and a supplemental report will be issued, additional cost will be quoted at time of request.

### Attic Spaces:

ITEM 7A

FINDINGS: Drywood termite wings infestation noted in the attic. (SECTION I) RECOMMENDATION: Treat the attic with a wood preservative Nissus Tim-bor insecticide diluted derived from EPA Reg. #64405-8, Disodium octaborate tetrahydrate (Na2, Bs, 013, 4H2O). This will also act as a deterrent against future drywood termite infestation. WITH ONE YEAR WARRANTY

#### CUSTOMER INFORMATION

The total amount of this contract is due and payable upon completion of the work listed above unless otherwise specified. Only the work specified in the contract is being done at this time due to owners wishes. ANY WORK PERFORMED AGAINST AN EXISTING TITLE ESCROW WILL BE THE FINANCIAL RESPONSIBILITY OF THE PARTY ORDERING THE INSPECTION REPORT, IN THE EVENT OF A CANCELLED TITLE ESCROW.

Work completed (LABOR) by operator shall be guaranteed for a period of one year from completion. Toilet plumbing(parts supplied by this firm), showers, floors or any measures for the control of moisture are guaranteed for (30) days only. Chemical treats are guaranteed for one year. Only the areas treated are guaranteed.

Customer agrees to hold company harmless for any damage which may occur to plant life, wiring, trees, vines, pets, tile roofs, plumbing leaks, or changes beyond control of the company which may occur during the performance of this work. In case of non-payment by owner, reasonable attorney's fees and costs of collection shall be paid by the owner, whether suit be filled or not. A SERVICE CHARGE OF 1-1/2 PERCENT, PER MONTH WILL BE CHARGED ON ALL BALANCES OVER (30) DAYS. THE 1-1/2 PERCENT, PER MONTH, EQUALS 18 PERCENT PER ANNUM ON THE UNPAID BALANCES.

Any additional damage found while work is being performed will be supplemented by a report as to additional findings and costs.

All repairs performed by others must be re-inspected by OUR COMPANY before a CERTIFICATION will be issued. We do not guarantee work completed by others. Any repairs completed by others must be guaranteed in writing and submitted to OUR COMPANY before a CERTIFICATION will be issued. This firm does not make statements concerning workmanship. Workmanship is only determinable by those paying for or receiving those services.

If at the time of repairs to decks, the damage is found to be more extensive, a Supplemental report will be given along with a bid for any other corrections that maybe necessary.

A re-inspection of specific items on the report or of any other conditions pertaining to this structure can be done at an ADDITIONAL COST PER TRIP. The re-inspection must be done within (4) months of the original inspection.

Our inspectors are not equipped with 40 ft. ladders therefore all two story building will not be inspected at the eaves unless requested.

NOTE: Inspection fee is billed separately above any work costs.

**MOLD DISCLAIMER:** There may be health related issues associated with the structural repairs reflected in the inspection report referenced by this Work Authorization Contract. These health issues include but are not limited to the possible release of mold spores during the course of repairs. We are not qualified to and do not render any opinion concerning such health issues or any special precautions. Any questions concerning health issues or any special precautions to be taken prior to or during the course of such repairs should be directed to a Certified Industrial Hygienist before any such repairs are undertaken.

BY EXECUTING THIS WORK AUTHORIZATION CONTRACT, CUSTOMER ACKNOWLEDGES THAT HE OR SHE HAS BEEN ADVISED OF THE FOREGOING AND HAS HAD THE OPPORTUNITY TO CONSULT WITH A QUALIFIED PROFESSIONAL.
