

Instructions For Visit to 20144 Kimball Valley Rd On Friday, 9/18

We are meeting at the "Kitty Walter Cafe" parking area located at 14144 Massey Grade Road which is at the corner of Massey Grade Road and Ronan Drive. I will be driving a white Ford Explorer.

We will depart the parking area at 11:00 AM promptly for the ~10 minute drive to the property.

Please make sure you come in a vehicle with reasonable ground clearance as Kimball Valley Road is very steep and rutted in several locations along with silt and sand in a few other locations. We don't want you to get stuck!

Also, please ensure you have proper shoes for walking this property. There is lots of wildlife, including snakes and, while most of the property near the house is cleared, if you want to walk the property you should come dressed as if you are going on a hike.

Please follow these instructions as you will not be able to reach me via cell phone in the Massey Grade Road/Kimball Valley Road area due to poor signal.
