1612 Speyer Lane

Redondo Beach, CA 90278

Prepared by: Cesar Gómez

August 26-2022

Proposal number: 123-4567

Scoop of work : we will first need to put insulation in the walls , then we will do all the drywall Instalation that includes about 22 sheets of drywall of 4x8 , in the 3 affected areas in the garage , and two closets then we will do all the teip to the drywall, and spray the orange peel texture , next we will primer and paint ,

the entire garage ceiling and walls in white, since both parts were affected for the water, Then we will repaint both closets

We will also install the new floor in one of the closets that was affected for the water.

We will also install new shelf and closet bars .

In the garage we will install new wood shelf that was removed when water Damage happen.

All this for the price: \_\_\_\_\_ \$9,750

This price include all labor and materials to get the job Above done .
