B. Payment Terms, Rebates, and Credits

1. Payment Terms

Deposit (due at signing)	\$0 (the "Deposit")
Initial Payment (due at Installation Start Date)	\$0 (the "Initial Payment")

Monthly Payments in Year One	\$187.18 per month (plus taxes, if applicable); reflects \$7.50 discount for electing Auto-Pay (the "Monthly Payments")
Annual Percentage Increase (the "Annual Increase")	2.9%
Cost per kWh, Year One	\$0.190 , excluding Upfront Payment (if any)

2. Upfront Payment

The sum of the Deposit and Initial Payment is called the "Upfront Payment." The Initial Payment and Monthly Payment amounts may change if the final Solar System design differs from the preliminary Solar System design (as further discussed in Section E and F below).

- a. You agree to pay Sunrun the Deposit, Initial Payment and Monthly Payments in the amounts and on the dates set forth above and in Exhibit A.
- b. The Deposit and Initial Payment are payable to Sunrun Inc. by credit card, money order or a check drawn on a United States bank account.

3. Monthly Invoicing and Billing Cycle

- a. Billing Cycle and Due Dates. Your billing cycles run on a monthly basis. Your first billing cycle will begin on the date the Solar System is placed in service by your Utility (the "In-Service Date"). Subsequent billing cycles will begin on the same date each month (the "Billing Cycle Day").

Each month, Sunrun will prepare a written or electronic invoice specifying the payment due from you to Sunrun for the preceding billing cycle. You will receive this invoice within ten (10) days following the conclusion of the preceding billing cycle and your payment for the preceding billing cycle will be due the day before the next Billing Cycle Day.

For example, if the Solar System is placed into service on May 12th, you will receive your first bill between June 12th and June 22nd. Your payment will be due by July 11th.

Sunrun reserves the right to update its billing systems from time to time and will notify you if your payment due date changes accordingly. You may also elect to make payments to Sunrun before the Monthly Payment due date.

- b. Payment Options. Monthly Payments are payable to Sunrun Inc. (i) by automatic withdrawal from your checking or savings account or (ii) by check drawn on a United States bank account or (iii) by money order.
- c. A Returned Check Fee of Twenty-Five Dollars (\$25.00) (or such lower amount as required by law) will be assessed to you for any check or withdrawal right that is returned or refused by your bank.

4. Auto-Pay Discount

- a. Monthly Payments shown in Section B(1) and Exhibit A assume payment by Automated Clearing House (ACH) withdrawal from your checking or savings account ("Auto-Pay") and include a \$7.50 Auto-Pay discount.
- b. If you do not elect Auto-Pay, you will not receive an Auto-Pay Discount and, as a result, your Monthly Payments will be *\$7.50 higher per month* than those reflected in Section B(1) and Exhibit A.

5. Payment of Taxes

- a. The payments specified in Section B(1) above do not include taxes. If any taxes (including, but not limited to, sales and transaction taxes and including any associated interests and penalties) are assessed on these payments, the sale of electric energy, the Home, or the transaction itself, and are paid by Sunrun rather than you, you agree to pay or reimburse Sunrun for all such taxes, except to the extent that you are prohibited from doing so by applicable laws.

- b. In addition, you agree to reimburse Sunrun for any taxes, including any associated interests and penalties, assessed on the Solar System that Sunrun may incur.
- c. To the extent that Sunrun seeks reimbursement from you, you agree that Sunrun may seek a full reimbursement from you for the total amount incurred by Sunrun, impose a surcharge on your monthly invoice to recover the total amount incurred by Sunrun over a period to be determined by Sunrun, or, at its sole discretion, set up a separate payment plan with you to recover the total amount incurred by Sunrun.

6. Changes to Payment Amounts

- a. If a change pursuant to Section F increases the Upfront Payment after you have already paid it to Sunrun, you agree to immediately pay Sunrun the increase in the Upfront Payment. Sunrun may suspend installation until this payment is received.
- b. You may request a pricing plan change; however, such request must be submitted to Sunrun's Customer Care Department 595 Market Street, 29th Floor, San Francisco, CA 94105, customercare@sunrun.com, 855-478-6786, before the earlier of (i) the date falling twenty-one (21) days after the date you signed the Agreement and (ii) the commencement of installation of the Solar System.

7. Prepayment of Monthly Payments

- a. At any time, you may prepay all of the expected Monthly Payments you will owe Sunrun during the remaining portion of the Initial Term ("Prepayment"). Sunrun's obligations under the Agreement will not change if you make such a prepayment.
- b. The Prepayment shall equal the remaining Monthly Payments for the current and remaining years discounted by the lesser of (x) the prime rate plus 100 basis points (as published by the Wall Street Journal) and (y) 5.0% (the "Prepayment").

For example, if you decide to pre-pay the rest of your monthly payments in year 10, and the applicable discount rate at the date of prepayment is 4.25%, you would pay Sunrun \$28,745.

- 8. **Late Payment.** If Sunrun does not receive your payment by the due date listed on the invoice, Sunrun may charge you an administrative late fee equal to the lesser of (i) one and a half (1.5%) percent per month on the portion of your balance that is more than thirty (30) days past due, and (ii) the maximum amount permitted under and subject to applicable law. This late fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature.

9. Net Metering Service.

- a. As of the In-Service Date, you must take service from the Standard Net Metering Service and its associated terms ("NEM Service") provided by your Utility. You agree that you will continue to take NEM Service for as long as this Agreement is in effect. You agree to take the NEM Service currently in effect for this Utility or, in the event that the NEM Service is no longer in effect, you agree to use a substitute metering program as chosen by Sunrun in its sole discretion.
- b. You agree to execute all documentation associated with the NEM Service, or any substitute metering service, and any refund, credit, or rebate program promptly at the request of Sunrun, its representatives or affiliates, and/or the Utility. If you do not return such documentation within seven (7) days following any such request, Sunrun may invoice you for an amount equal to the amount of rebates it otherwise would have received had you returned such documentation.
- c. The point where the Solar System connects to the Home's connection to your Utility is called "Interconnection." For the purposes of calculating performance guarantee payments, if any, under Section D, you agree that title to and risk of loss for the electric energy provided under this Agreement shall pass from Sunrun to you when the electric energy reaches Interconnection. You further agree that electrical energy provided under this Agreement is measured at the time when electrical energy reaches Interconnection.

10. Supplemental Energy; Rebates & Credits

- a. All electric energy produced by the Solar System will be available to you for use at the Home pursuant to this Agreement. If, at any time, you need more electric energy than is being produced by the Solar System ("Supplemental Energy"), you will be responsible for purchasing that Supplemental Energy from another supplier, such as your Utility, and for paying any fees associated with such Supplemental Energy that the other supplier may charge.
- b. You agree that Sunrun alone will receive any credit, rebate, environmental attribute, or other payment or offset (the "Incentive") that may be attributable to the Solar System. All Incentives will be the sole property of and transferable by Sunrun.
- c. Notwithstanding anything to the contrary contained herein and without limiting the other rights, if any, of Sunrun with respect to incentives attributable to the Solar System, you agree that Sunrun will receive any federal tax credits that may be attributable to the Solar System, and that such federal tax credits will be the sole property of and transferable by Sunrun.
- d. If you purchase the Solar System from Sunrun, you will own and be entitled to proceeds from the sales of solar renewable energy credits earned after the date you purchase the Solar System from Sunrun.

C. Our Warranties

1. Warranties

- a. Workmanship Warranty. We warrant our Work for a period of twenty (20) years after installation (the "Warranty Period"), except as provided below with respect to our roof penetration warranty. During the Warranty Period we will, at our expense, repair or replace any material or Work covered under this Agreement. Our Workmanship Warranty includes but is not limited to the following:
 - (i) Roof Penetration Warranty. We warrant that roof penetrations made by the Solar System and impacting the Home's roof will be weather-tight for a period of 5 years after installation.
 - (ii) Damage Warranty. We will either repair or reimburse you for damage we cause during installation to the Home, your belongings or your property, as limited by Sections C(2), E and G.
 - (iii) Sunrun will maintain and repair the Solar System for the Initial Term and any Renewal Terms.
- b. Equipment Warranty. Sunrun warrants all equipment for the duration of the Initial Term. If parts fail during the term of this Agreement, Sunrun will use commercially reasonable efforts to replace them with like equipment; however, you acknowledge that due to parts availability and other factors, this may not be possible. Sunrun agrees that any change in equipment will not reduce the Guaranteed Output set forth in Section D.
- c. End of Term Warranty. At the end of the Initial Term or at the end of a Renewal Term, should either you or Sunrun wish to end the Agreement, Sunrun will remove the Solar System at no cost to you and return the Home to a condition similar to its condition prior to installation of the Solar System, excepting ordinary wear and tear (including, but not limited to, wear and tear resulting from local weather conditions) and wear and tear that can be expected due to the presence of the Solar System on the Home for the 20-year term (including, but not limited to, uneven wear and tear and uneven discoloration).

WE INSURE AND
MAINTAIN THE
SYSTEM FOR
20 YEARS AFTER
INSTALLATION.

2. Warranty Exceptions and Exclusions

- a. The Roof Penetration Warranty shall be void and voidable if work is performed by you or your contractors on the roof during the 5 year warranty period.

- b. The Roof Penetration Warranty does not cover any (i) leaks that occur in areas of the Home's roof not impacted by the Solar System, (ii) pre-existing and/or underlying failures of the Home's roof or (iii) foreign objects acting on the Home's roof (e.g. hail, golf balls, etc.).
- c. The Workmanship Warranty does not apply to the following:
 - (i) Work performed or materials used by anyone other than us or our Installation Partners;
 - (ii) Any materials that were modified, repaired or attempted to be repaired by anyone other than Sunrun or its Installation Partners without Sunrun's prior written approval;
 - (iii) Any damages resulting from your breach of the Agreement;
 - (iv) Any damage not caused by us, our Installation Partners or a Solar System defect;
 - (v) Damage resulting from ordinary wear and tear;
 - (vi) Damage resulting from mold, fungus and other organic pathogens;
 - (vii) Shrinking/cracking of grout and caulking;
 - (viii) Fading of paints and finishes exposed to sunlight; and
 - (ix) Damage caused by ball strikes

You acknowledge that installation of the Solar System may void any roofing warranty of the roof manufacturer or roof installer. We assume no responsibility if our Work voids your roofing warranty. Before installation, you should check with the roofer or builder concerning any impact the Solar System will have on a roof warranty.

Your initials indicate that you have read, understood and accepted the provisions set forth in this section C(2).

Agreed and accepted by:  (Initials)

- 3. **Contacting Sunrun to Fix the Solar System.** Sunrun will monitor the Solar System to proactively address any problems that may arise. Nevertheless, if you think there is an issue with the Solar System that is covered by any of the warranties specified above, please contact Sunrun at 855-478-6786 or by email at customercare@sunrun.com. Sunrun will use commercially reasonable efforts to fix any issue covered by a warranty as soon as possible after it becomes aware of such issue.

D. Performance Guarantee

1. Production Estimate

- a. Sunrun estimates that the Solar System will be capable of generating 11,822 kilowatt-hours of electric energy during its first year of operation. Actual production may vary due to natural variation in weather patterns, the physical specifications of the Home's roof(s), the required placement of the Solar System on your roof, and other conditions.
- b. Due to expected panel degradation, Sunrun estimates that the Solar System will be capable of generating 225,539 kilowatt-hours ("kWh") during the Initial Term (the "Estimated Output").

- 2. **Guaranteed Output.** Subject to the conditions set forth in this Section D, Sunrun guarantees that the Solar System will generate ninety-five percent (95%) of the Estimated Output during the Initial Term of this Agreement as set forth in Exhibit A (the "Guaranteed Output"). Subject to the conditions set forth in this Section D, Sunrun will issue you a refund if the Solar System does not generate the Guaranteed Output.

Sunrun will not issue you a refund for any Solar System underproduction resulting from any system failure or lost production caused by reasons other than (a) a Solar System defect, (b) shading due to the weather or (c) shading conditions that were present at the Home at the commencement of installation. For the avoidance of doubt, Sunrun will not issue you a refund for underproduction arising from any of the following:

- Underproduction arising from your failure to comply with your obligations under the Agreement.
- Underproduction arising from shading conditions (other than weather) different from those that were present at the Home at the commencement of installation.

- Underproduction as a result of a grid failure disabling the Solar System.
- Underproduction arising from you causing or requesting the Solar System to be shut down or to generate significantly less electric energy.
- Underproduction arising from damage to the Solar System caused by foreign objects acting on the Solar System (e.g. hail, golf balls, etc.)

Sunrun makes no other representation, warranty or guarantee of any kind regarding the Solar System's actual or expected output or performance and any other express or implied warranties are hereby disclaimed.

Your initials indicate that you have read, understood and accepted the provisions set forth in this Section D(2).

Agreed and accepted by:  (Initials)

- 3. Overproduction.** If, over the course of the Initial Term, the Solar System produces more energy than the predicted Guaranteed Output, then the extra energy will be yours at no additional cost. Sunrun may use this overproduction amount to offset future underproduction in a given period should the Actual Output attributable to such period be less than the Guaranteed Output attributable to such period.
- 4. Actual Output and Refunds.** On the 24 month anniversary of the In-Service Date and on every 24 month anniversary thereafter, Sunrun will calculate the "Actual Output" of the Solar System. For the purposes of this Agreement, "Actual Output" shall mean the amount of electric energy generated by the Solar System to date plus any kWh for which you have previously received a refund. Subject to Section D(2), if the Actual Output is less than the Guaranteed Output for that 24 month anniversary set forth on Exhibit A, Sunrun will issue you a refund. This refund will be calculated by subtracting the Actual Output for that 24 month anniversary from the Guaranteed Output for that 24 month anniversary, and multiplying the result by the refund per kWh amount as set forth for that 24 month anniversary on Exhibit A.

For example, if in year 10 the system was expected to have generated 62,000kWh cumulatively and actual generation was 61,500, and your refund rate is \$0.13, we will credit your account based on the 500kWh the system fell short multiplied by your refund rate, i.e. $500\text{kWh} \times \$0.13 = \65 .

E. Design and Installation

1. Our Work; Description of Materials.

- Our work on the Solar System includes:
 - design, permitting and supply of the equipment and material typically necessary for a complete and operable Solar System;
 - installation of the Solar System;
 - acquisition of approval from your Utility; and
 - assistance with any applicable rebate program paperwork set forth in Section B(10) (collectively, the "Work").
- The primary equipment used for the Solar System will typically include a series of interconnected photovoltaic panels, one or more inverters, racking materials, and a production meter. Other materials generally used as the "balance of system" are disconnects, breakers, load centers, wires, and conduit.

2. Solar System Production and Energy Consumption Monitoring; Data.

- Installation and Maintenance of Metering and Monitoring Equipment.
 - Production Monitor.** During installation or at any time thereafter during the Term, we may install or replace production monitoring devices to measure the energy produced by the Solar System (the "Production Monitor"). Through the Production Monitor, we will collect Solar System production and performance data ("Performance Data").

- (ii) Energy Consumption Monitor. During installation or at any time thereafter during the Term, we may install or replace energy consumption monitoring devices (the “Consumption Monitor”). Through the Consumption Monitor, we may collect and store information about energy usage at the Home (“Usage Data”).
 - (iii) Access to Monitors. You acknowledge and agree that the Production Monitor and the Consumption Monitor will be part of the Solar System, and that you must provide Sunrun with access to the Home in order to install, operate, maintain, repair and replace the Production Monitor and the Consumption Monitor.
 - (iv) Internet Connection. In order to ensure the proper functioning of the Production Monitor and the Consumption Monitor, if possible, you must provide the Solar System with continuous access to a functioning broadband internet connection with one (1) wired Ethernet port and standard electrical outlet, at your cost. If you are unable to provide the Solar System with an internet connection in accordance with the foregoing sentence, the Home must be located in an area with cellular service that is acceptable to us in our discretion.
 - (v) Monitor Damage or Inaccuracy. Sunrun uses the Production Monitor to monitor and record your electricity production, and promptly respond to any production issues. To the extent the Production Monitor has any inaccuracies during any given period as a result of your actions or the actions of any other person unrelated to Sunrun (including, without limitation, any failure to maintain internet connection or cellular service as provided in clause (iv) above), Sunrun will deem that the Solar System has produced 100% of Estimated Output during such period for purposes of the Production Guarantee set forth in Section D. You will also be responsible for any damage to the Production Monitor or Consumption Monitor that is caused by you or any other person unrelated to Sunrun. If the Production Monitor breaks or malfunctions other than as a result of your actions or the actions of any other person unrelated to Sunrun, Sunrun will, in good faith, estimate the amount of electric energy actually produced during the malfunction in order to determine whether you are owed a payment under the Production Guarantee set forth in Section D.
- b. Data Usage and Disclosure. We may combine the Usage Data and Performance Data with each other and with other data, including, without limitation, personally identifiable information (collectively, “Data ”). Our possible uses and disclosure of the Data are described in Exhibit E. We will never sell any personally identifiable Data to a third party without your prior written consent.
 - c. Communications Equipment. During installation or at any time thereafter during the Term, we may install or replace communication equipment (for example, an antenna) (the “Communication Equipment”) at the Home. The Communication Equipment may or may not be used in connection with the Solar System. We may use the Communication Equipment to improve the quality of cellular and/or internet connectivity in your area. We may also sell the right to use the Communications Equipment in the manner described above to a third party. You understand that consenting to the foregoing is not a condition of purchase.

Do you consent?

3. Design.

- a. Sunrun or its Installation Partners will provide you with a preliminary Solar System design then will schedule a time to visit your Home to confirm that the preliminary design will fit on your Home’s roof and finalize the design (the “Site Survey”). The design of the Solar System is dependent on the physical specifications of the Home’s roof(s), site conditions such as placement of ventilation systems, roof conditions, etc., any of which may affect the placement of the Solar System on your roof. The Home’s Solar System design will be finalized following a Site Survey of the Home by Sunrun.
- b. The final design of the Solar System will be presented to you prior to installation. You will have five (5) business days after receipt of the design to request a design change. Otherwise, you will be deemed to

have approved the Solar System design. Sunrun will use commercially reasonable efforts to accommodate requests for changes. With your written, deemed, or verbal approval, Sunrun may begin installation.

- c. If, during or after the Site Survey, we discover any concealed or hidden conditions or issues with the Home that may delay or prevent completion of the Solar System once we start installation, we will explain the issue to you, determine if additional costs are required to correct the problem and, if so, propose a change order. It may be necessary that you undertake site preparation prior to installation.

4. Installation

- a. Installation will be performed by Sunrun's licensed, bonded affiliate, Sunrun Installation Services Inc., or by another licensed, bonded contractor (an "Installation Partner") that meets Sunrun's quality standards. Sunrun requires its Installation Partners to employ licensed personnel as required by applicable state law, regulations or codes, and to carry insurance as set forth in Section G(6) below.
- b. Sunrun or its Installation Partners will obtain any permits needed for installation of the Solar System. You agree to cooperate with Sunrun and assist Sunrun in obtaining any permits needed, including the NEM Service documentation referenced in Section B(9).
- c. If Sunrun or its Installation Partner damages the Home during installation, we will repair the damage we caused at no cost to you.
- d. Sunrun, its Installation Partners and agents shall keep the Home reasonably free from waste materials or rubbish caused by their operations. Prior to the In-Service Date, Sunrun and its agents shall remove all tools, construction/installation equipment, machinery, waste materials and rubbish from and around the Home.
- e. Sunrun reserves the right, at Sunrun's sole discretion, to install a critter guard with the Solar System. Guards can help protect the Solar System from pests or rodents that can damage components of the Solar System.

5. Access to the Home

- a. You agree to grant Sunrun and its Installation Partners access to the Home for the purpose of designing, installing, operating, testing the Solar System and performing Sunrun's obligations under this Agreement. Sunrun agrees to give you reasonable notice when Sunrun needs to access the Home for any of the foregoing purposes and will endeavor to restrict such access to normal business hours.
- b. When requested by Sunrun or when necessary, you agree to allow Sunrun and construction professionals (an engineer, architect, or licensed contractor or their representative) hired by Sunrun to access the Home to inspect any buildings, including roofs, prior to installation of the Solar System to ensure that the Home can accommodate the Solar System.
- c. You must provide us with power and water for use during installation.
- d. You agree to make best efforts to provide a safe and secure work environment for Sunrun and its Installation Partners at the Home throughout Solar System installation, the Initial Term and any Renewal Terms

6. Miscellaneous.

- a. Sunrun has the authority and sole discretion to use Installation Partners or agents to perform or assist Sunrun in performing Sunrun's obligations.
- b. If Work excluded from this Agreement in Section E(7) must be performed in order to properly effect the installation of the Solar System, you agree to contract separately, and at your own expense, with a contractor who has been designated by or approved by Sunrun to perform such obligation. In this instance, Sunrun will not unreasonably withhold such approval.

- c. If you plan to move or temporarily disconnect the Solar System to allow for maintenance of and/or repair to the Home, you agree, at your expense, either (i) to hire Sunrun to perform this work or (ii) to obtain

Sunrun's approval of your contractor, who you agree must carry commercial general liability policy in an amount not less than one million (\$1,000,000) dollars per occurrence and name "Sunrun Installation Services Inc. and its successor or assigns", as additional insureds.

- d. You agree that you will not make any modifications, improvements, revisions or additions to the Solar System or take any other actions that could damage or void any applicable warranty set forth in Section C without Sunrun's prior written consent. If you make any modifications, improvements, revisions or additions to the Solar System, they will become part of the Solar System and shall be Sunrun's sole property.
- e. You agree that Sunrun may, from time to time, remotely administer and operate the Solar System in connection with demand response or other programs to optimize your electricity costs or to maintain the reliability of the electrical grid.

7. Exclusions. We do not do or provide any of the following under this Agreement:

- a. removal or disposal of any material containing asbestos or any other hazardous material;
- b. movement of your personal items around the Home;
- c. upgrades to the electrical panel or electrical service or additional costs associated with moving the current electrical meter;
- d. installation or repair of fences;
- e. repair of any pre-existing roofing damage resulting from a substandard roof or pre-existing substandard roof installation work;
- f. structural framing work for any part of the roof or structure, including concealed substandard framing;
- g. correction of mistakes of another contractor or subcontractor (for example, if the Home was not built to code);
- h. removal and replacement of existing rot or insect infestation;
- i. testing or remediation of mold, fungus, mildew or organic pathogens;
- j. painting of conduit or other structural parts;
- k. upgrades for Utility access requirements such as special locks or 24-hour access gates;
- l. Homeowners Association ("HOA") review, permitting or fees, however we will support your efforts to coordinate with your HOA;
- m. professional engineering services;
- n. correction of structural integrity problems (for roof mounted systems) or evaluation and correction of ground stability under or near the Solar System (for ground mounted systems);
- o. removal of trees;
- p. any studies or permitting beyond the basic building permit; or
- q. monitoring services associated with any monitoring equipment that is provided directly by a manufacturer and subject to the manufacturer's terms and conditions.

F. Change Orders

If Sunrun requests a modification to the terms of the Agreement, Sunrun will notify you in writing of the requested change and will ask you to accept the modified terms by executing a change order. Failure to respond to a change order request within five (5) business days may lead to a cancellation of the Agreement pursuant to Section H.

For example, if upon completing the Site Survey it is determined that the contracted system size will not fit, and we have to reduce the system size by a panel or two we would create a change order which reflects a lower monthly payment due to less production.

G. Additional Information

1. Agreement Term

- a. Initial Term. The Initial Term of the Agreement begins on the In-Service Date and continues in effect for twenty (20) years following the In-Service Date, unless canceled or terminated earlier in accordance with

the terms of this Agreement. Within a reasonable period of time following its occurrence, Sunrun will notify you of the In-Service Date.

- b. **Renewal Term.** At the end of the Initial Term, the Agreement will be automatically renewed for an additional one-year term ("Renewal Term"). Sunrun will provide you with your new rate for electric energy at the beginning of the Renewal Term and each successive Renewal Term, if any. The new price per kWh shall be equal to ten percent (10%) less than the "average cost of electric energy" as established by your Utility or its successor. "Average cost of electric energy" shall be the price you would otherwise pay for electric energy to your Utility or its successor for the 12 months preceding the start of each Renewal Term. The Agreement will continue to automatically renew for additional one-year terms at the end of each Renewal Term. Sunrun will perform Sunrun's obligations under this agreement for as long as the Solar System remains economically viable.
- (i) Sunrun will make a good faith effort to notify you between thirty (30) and sixty (60) days before the end of the Initial Term of (i) your end of term options and (ii) the estimated rate for electric energy in the first Renewal Term (if applicable).
- (ii) The Agreement will not automatically renew if either Party gives the other Party written notice of termination (x) at least thirty (30) days prior to the expiration of the Initial Term or the applicable Renewal Term, or (y) within fifteen (15) days after Sunrun provides you with the written estimated rate for electric energy in the upcoming Renewal Term, whichever is later.
- c. **Upgrade of System.** At the end of the Initial Term, you may upgrade the Solar System under a new agreement with Sunrun. Your existing Agreement will be cancelled and Sunrun will design a new solar system using upgraded equipment for the Home.

2. Termination

At the end of the Initial Term or at the end of a Renewal Term, should either you or Sunrun end the Agreement, Sunrun will remove the Solar System at no cost to you. Written notice of termination must be provided at least thirty (30) days prior to the expiration of the applicable term.

Subject to the exclusions set forth in Sections C and E, Sunrun will return the Home to a condition similar to its condition prior to installation of the Solar System. You must notify Sunrun in writing of any deficiencies in restoration within five (5) business days of removal or a municipal building inspector's approval of the Work.

3. Customer Obligations.

You acknowledge and agree to the following:

Each Monthly Payment shown below is for the previous year. Each of your first 12 Monthly Payments will be in the amount of \$187.18. The Monthly Payments shown below are before any applicable taxes and include a \$7.50 discount for paying through Automated Clearing House (ACH) withdrawal. If you do not elect automatic payment through ACH withdrawal from your checking or savings account, you will not receive this discount and each monthly payment will be \$7.50 greater. LEGAL NOTICES LEGAL NOTICE FOR CALIFORNIA HOME IMPROVEMENT CONTRACTS

MECHANICS LIEN WARNING

(Calif. Business & Professions Code §7159(e)(4))

MECHANICS LIEN WARNING: Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder. Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit. To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a "20 day Preliminary Notice." This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices. You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier. For other ways to prevent liens, visit CSLB's Internet Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may pay twice, or face the forced sale of your home to pay what you owe.

By signing below, you acknowledge receipt of the foregoing legal notice.
