DESCRIPTION	AMOUNT
Crack Repair: Open the wall of the pool expose the cracks. Remove the excess/failed material. Stitch the wall with rebar and re-pack concrete. Includes up to 20' of cracks. More than 20' is \$50 per linear foot. - Note: There is no guarantee the pool will not crack again. The underlying problem still exists.	4,500.00
Drain the pool. Chip out the plaster down to the gunite. Haul away and dispose of the old material. Prepare the surface and install three layers of white marble plaster.	8,987.00
Provide the startup service to cure the new plaster and treat the new water once complete. We are certified by the National Plaster Council to conduct startup services. We incorporate the Orenda startup for longer lasting plaster. <a href="https://www.youtube.com/watch?v=E_J436kmosU">https://www.youtube.com/watch?v=E_J436kmosU</a>	950.00
Remove and replace the waterline tile with mesh backed swimming pool grade tile. \$15/sf allowance.	3,640.00
To meet State/Federal anti-entrapment code (California Health and Safety Code 115928) install a 3 foot channel suction cover. No charge, we want safe pools.	0.00
