

MLS BUYER AGENT INSTRUCTIONS

Thank you for viewing this listing. This listing is “MLS DATA ENTRY ONLY” meaning that we do not represent the seller in the traditional capacity, and the seller is handling most, if not all details of their own transaction. Please follow the instructions below to avoid confusion and delay.

- 1) Please contact the Seller directly for ***ANY AND ALL*** questions, showings, and negotiations, disclosures, offers, etc. The seller’s contact information is located in the Agent/Private remarks and/or the Showing instructions for the listing. ***Yager Realty does not have any information about offers or showings, or different contact information than what is posted in the MLS.***
- 2) When submitting an offer, do NOT put Yager Realty on the contract in the Listing Agent section, as we don’t represent the seller during the transaction. Yager Realty does not sign purchase agreements, nor any documents pertaining to the transaction, as we are not party to the transaction. ***IF THIS IS NOT COMPLETED YOU WILL BE REQUIRED TO MAKE AN ADDENDUM TO REMOVE YAGER REALTY FROM THE CONTRACT.***
- 3) Should you get your offer accepted, Please send a fully executed copy to: ListingSupport@YagerRealty.com so that we can update the MLS accordingly, and comply with MLS data regulations.
- 4) Our involvement includes a listing agreement that protects the commissions stated in the MLS. But because we are not directly involved in the transaction, some brokers need a commission agreement of some kind. If you/your broker need this: Please do NOT use the “Cooperating Brokers Compensation Agreement”, as that requires our signature. Please DO use “Single Party Compensation Agreement” (CAR Form SP).
- 5) In addition, some brokers require the Seller Non-Agency agreement (CAR Form SNA) for your protection and clarity about who you represent in the transaction.
- 6) Solicitation of listing, representation, or transactional services on behalf of the seller, is prohibited based on the NAR code of Ethics, Section 16 Standards of Practice 16-3.
