**Narrative:** E26 arrived on scene to find smoke and fire coming from a bedroom window on the Alpha side of the structure. Neighbors were using garden hoses to spray water into open windows. On 360 of building the bulk of the fire was found on the Charlie side of the building. E26 forced the security door opened and made an offensive interior attack from the uninvolved into the involved. E87 pulled a line down the Bravo side of the structure and engaged the fire on the Charlie side.  
E118 did search and rescue. Q118 did vertical ventilation. E43 did fire attack with E26 crew. HM43 did RIC and Utilities. E26 saw a 40' tall flash of fire on the Charlie side of the structure that burned a tree behind the house and heard several fireworks going off inside the structure.  
In an interview with the occupants: [REDACTED] was the only one home during the fire. He stated that he heard someone running away from the house but did not see who it was just before seeing the fire. He stated he saw the fire in the area of the rear bathroom. He ran to his room to remove his belongings and put them in the alley behind the residence.
