## Important information

### What are my options for paying my bill?

<b>On-line</b>	Pay one-time or recurring on <a href="http://www.sce.com/bill">www.sce.com/bill</a>
<b>Mail-in</b>	Check or Money order
<b>In Person</b>	Authorized payment locations 1-800-747-8908
<b>Phone</b>	QuickCheck 1-800-950-2356
	Debit & credit card * 1-800-254-4123
	*Residential customers only

### Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

**Rates and applicable rules:** Available at [www.sce.com](http://www.sce.com) or upon request.

### Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 08/17/23.

- Reconnecting service that has been disconnected requires a Service Connection payment (non-residential only).
- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit [www.sce.com/safety](http://www.sce.com/safety) or call SCE at 1-800-655-4555.

### What is the Late Payment Charge (LPC)?

0.6% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

### What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit [www.sce.com/rotating\\_outage](http://www.sce.com/rotating_outage).

### What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

### Disputed bills

**If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555.** If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)  
 Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

### Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

To change your contact information or enroll in SCE's payment option, complete the form below and return it in the enclosed envelope.

Subtotal of your new charges		\$550.36
State tax	1,199 kWh x \$0.00030	\$0.36
<b>Your new charges</b>		<b>\$550.72</b>

---

## Things you should know

### **Fixed Recovery Charge**

*SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.*

### **Have you received a past due notice, or are you having difficulty paying your bill?**

*SCE halted collection activities and service disconnections for nonpayment in March 2020 because of the hardships caused by the COVID-19 pandemic. In October 2022, SCE resumed collection activities for residential customers, including service disconnections for nonpayment. Prior to disconnection, customers will receive a "final notice," which will include their payment due date and the past-due amount required to avoid a service disconnection. For more information on our credit and collection activities, visit [sce.com/collections](https://www.sce.com/collections).*

*SCE recognizes some of our customers may still be facing challenges paying their bills. SCE offers customers a range of assistance options, including payment arrangements and extensions, one-time bill assistance from the Energy Assistance Fund, and debt forgiveness through the Arrearage Management Plan for qualified residential customers enrolled in the California Alternate Rates for Energy (CARE) or Family Electric Rate Assistance (FERA) programs. Additional information is available at [sce.com/billhelp](https://www.sce.com/billhelp).*

## Details of your tracked charges

Your rate: TOUD-4-9PM

Billing period: 07/19/23 to 08/16/23 (29 days)

- Your year-to-date energy generation credit as of previous month: \$0.00
- Your current month energy generation credit: \$0.00
- Your year-to-date energy generation credit: \$0.00
- Your year-to-date energy billed charges: \$1,391.18
- Year-to-date kWh: 2,971 kWh

## Stay Safe Around Electricity: Metallic Balloon Safety

- **Keep metallic balloons indoors.** They should always be tied to a weight.
- **Never release them outside.** They can cause electrical outages if they touch wires.
- **Never remove the weight.** Puncture balloons before disposing of them.
- **Stay away and call 911.** Do not attempt to retrieve a balloon or kite tangled in wires.

Visit us at [sce.com/staysafe](http://sce.com/staysafe) for more safety tips. **Stay aware. Stay safe.**

## Be Prepared for Outage Emergencies

If your home or business is located in an area designated as a Tier 2 or Tier 3 high fire risk zone, you may want to consider adding a power station or a portable generator to your emergency preparedness plans. These devices may provide backup power for your personal electronics such as a cell phone, computer, or other important household appliances such as refrigerators, lighting, garage door opener and medical devices which helps you to be more prepared for an outage or other emergency. Rebates are available for the purchase of qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at [sce.com/rebates](http://sce.com/rebates).

To learn more about the process and method the California Public Utilities Commission used to determine High Fire Threat District maps, visit:

[cpuc.ca.gov/industries-and-topics/wildfires/fire-threat-maps-and-fire-safety-rulemaking](http://cpuc.ca.gov/industries-and-topics/wildfires/fire-threat-maps-and-fire-safety-rulemaking)

## Budget Your Electricity Bill with the Budget Billing Plan (was Level Pay Plan)

Are your electric bills higher in the summer? Do these higher bills stretch your budget? Sign up for SCE's Budget Billing Plan (BBP), which allows you to spread high summer and/or winter bills over an entire year in eleven (11) equal monthly payments (on the 12th month, you will receive a settlement bill showing either a payment due or a credit balance).

To learn more visit [sce.com/residential/assistance](http://sce.com/residential/assistance).

If you'd like to enroll, please call **1-800-434-2365**. BBP is based on eligibility and some restrictions may apply. Once enrolled, you must pay your bills monthly by the due date to remain eligible for the program.

## Get Help If You Use Medical Equipment

If you or someone in your household requires the regular use of electrically powered medical equipment and devices, you may be eligible for our Medical Baseline Allowance Program (MBL). The program provides an additional allotment of 16.5-kilowatt hours (kWh) of electricity per day on your monthly bill. MBL can help offset the cost of operating the medical equipment and prioritizes your household to get critical alerts and notifications if outages occur, including Public Safety Power Shutoffs.

To learn more about eligibility requirements or if you have questions about medical equipment or criteria, visit [sce.com/mbi](http://sce.com/mbi) or call **1-800-655-4555**. MBL application forms are available in various languages and in alternative formats, such as large print and braille upon request.

NOTE: We will evaluate the eligibility of the device on your application if it is not listed on [sce.com/mbi](http://sce.com/mbi). Medical devices used for therapy but not medically required for sustaining life do not qualify for this program.

*\* Includes Medical Doctor (MD), Doctor of Osteopathy (DO), Physician Assistant (PA) or Nurse Practitioner (NP).*

## Support for Customers Affected by a Major Disaster

If you or someone you know has been affected by a disaster for which a state of emergency has been declared, please visit [sce.com/disastersupport](http://sce.com/disastersupport) for information about consumer protections, programs and services SCE has available.

(continued on back)

## Proposition 65 Warnings

**WARNING:** The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.

Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours. However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list. Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

[www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

1. **Diesel Generation:** Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.

2. **Wooden Utility Poles:** SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles.

3. **Painted Structures:** SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

Los usuarios con acceso al Internet podran leer y descargar esta notificacion en espanol en el sitio Web de SCE:

[www.sce.com/avisos](http://www.sce.com/avisos)

## Not Seeing Eye-to-Eye With Your Bill?

If you believe the amount you have been billed is incorrect, call the customer service phone number at the top of your bill to request an explanation. We will be glad to look into your concerns.

## Just in Time for a Friendly Reminder

Many of us know someone who may have difficulty remembering to pay the electric bill on time. Whatever the circumstance, a free Friendly Reminder Notification might help prevent unnecessary disconnections\* of a customer's electric service.

SCE customers can designate someone to be notified in the event their service is to be disconnected because of a past due bill. Designated persons are not responsible for paying the bill, but they can provide an extra reminder when the bill payment is due. To enroll an SCE customer, call **1-800-684-8123**, or for complete details, visit [sce.com/reminder](http://sce.com/reminder).

*\*A Friendly Reminder Notification does not stop electric service from being disconnected if the bill is not paid on time.*

## Safe Portable Generator Hook-Up

Connecting a portable generator to your home's electrical wiring is dangerous and can cause serious injuries or electrocution.

Do not hook up a generator directly to an electrical panel. The safe way is to plug the electrical equipment into a portable generator using a properly sized extension cord approved by Underwriters Laboratories (UL).

If your needs require a generator to be wired directly to your home's electrical system, California state law mandates that you notify us. We also recommend that you enlist the service of a qualified electrician to perform the task.

For additional safety information visit:  
[sce.com/generator](http://sce.com/generator)

'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

### Disputed bills

**If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555.** If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)  
 Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

### Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

To change your contact information or enroll in SCE's payment option, complete the form below and return it in the enclosed envelope.

### Change of mailing address: 700632202897

STREET#	STREET NAME	APARTMENT #
CITY	STATE	ZIP CODE
TELEPHONE #	E-MAIL ADDRESS	

### Direct Payment (Automatic Debit) Enrollment: 700632202897

I hereby authorize SCE and my financial institution to automatically deduct my monthly payment from the checking account as shown on my enclosed check, ten calendar days after my bill is mailed.

Signature \_\_\_\_\_ Date \_\_\_\_\_

To change your checking account information or to be removed from the Direct Payment program please call SCE at 1-800-655-4555.

**Energy Assistance Fund (EAF):** I want to help people pay their energy bill through EAF. For info visit [www.sce.com/eaf](http://www.sce.com/eaf) or call (800) 205-8596.

Add this amount for EAF \$ \_\_\_\_\_

Every Month  One Month only

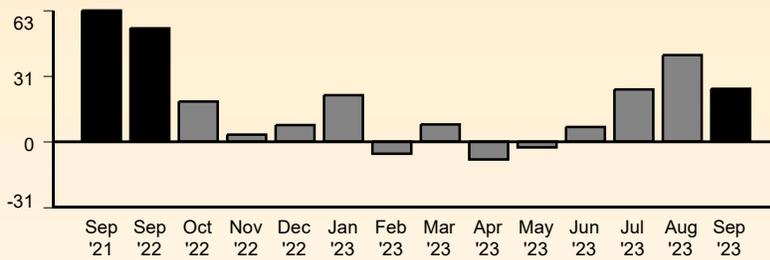

## Your past and current electricity usage

	Electricity (kWh)
<b>Summer Season - Consumption</b>	
On peak	486
Mid Peak	191
Off peak	905
<b>Summer Season - Net Generation</b>	
On peak	-17
Mid Peak	-10
Off peak	-748
<b>Total electricity usage this month in kWh</b>	<b>807</b>

Your next billing cycle for meter 222011-448800 will end on or about 10/16/23.

### Your daily average electricity usage (kWh)

2 Years ago: 62.53      Last year: 54.28      This year: 25.22

## Details of your new charges

Your rate: TOUD-4-9PM

Billing period: 08/17/23 to 09/17/23 (32 days)

### Delivery charges - Cost to deliver your electricity

Basic charge	32 days x \$0.03100	\$0.99
Baseline credit	618 kWh x -\$0.09391	-\$58.04
Energy-Summer		
On peak	469 kWh x \$0.26304	\$123.37
Mid peak	181 kWh x \$0.26304	\$47.61
Off peak	157 kWh x \$0.21966	\$34.49

### Your Delivery charges include:

- \$17.77 transmission charges
- \$125.02 distribution charges
- \$4.57 new system generation charge

### Generation charges - Cost to generate your electricity

<b>SCE</b>		
Energy-Summer		
On peak	469 kWh x \$0.30132	\$141.32
Mid peak	181 kWh x \$0.18945	\$34.29
Off peak	157 kWh x \$0.12266	\$19.26

### Your Generation charges include:

- \$17.79 power charge indifference adjustment (PCIA)

### Your overall energy charges include:

- \$3.58 franchise fees

### Nonbypassable charges (NBCs)

CTC, NDC, PPPC	1,493 kWh x \$0.02099	\$31.34
Fixed recovery charge	1,493 kWh x \$0.00260	\$3.88
Wildfire fund charge	1,493 kWh x \$0.00530	\$7.91

### Additional information:

- Service voltage: 240 volts
- Net Surplus Compensation option: Rollover

Subtotal of your new charges		\$386.42
State tax	807 kWh x \$0.00030	\$0.24
<b>Your new charges</b>		<b>\$386.66</b>

---

## Things you should know

### **Fixed Recovery Charge**

*SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.*

### **Have you received a past due notice, or are you having difficulty paying your bill?**

*SCE halted collection activities and service disconnections for nonpayment in March 2020 because of the hardships caused by the COVID-19 pandemic. In October 2022, SCE resumed collection activities for residential customers, including service disconnections for nonpayment. Prior to disconnection, customers will receive a "final notice," which will include their payment due date and the past-due amount required to avoid a service disconnection. For more information on our credit and collection activities, visit [sce.com/collections](https://www.sce.com/collections).*

*SCE recognizes some of our customers may still be facing challenges paying their bills. SCE offers customers a range of assistance options, including payment arrangements and extensions, one-time bill assistance from the Energy Assistance Fund, and debt forgiveness through the Arrearage Management Plan for qualified residential customers enrolled in the California Alternate Rates for Energy (CARE) or Family Electric Rate Assistance (FERA) programs. Additional information is available at [sce.com/billhelp](https://www.sce.com/billhelp).*

## Details of your tracked charges

Your rate: TOUD-4-9PM

Billing period: 08/17/23 to 09/17/23 (32 days)

### Delivery charges - Cost to deliver your electricity

Baseline credit	618 kWh x -\$0.09391	-\$58.04
Energy-Summer		
On peak	469 kWh x \$0.26304	\$123.37
Mid peak	181 kWh x \$0.26304	\$47.61
Off peak	157 kWh x \$0.21966	\$34.49

### Generation charges - Cost to generate your electricity

SCE		
Energy-Summer		
On peak	469 kWh x \$0.30132	\$141.32
Mid peak	181 kWh x \$0.18945	\$34.29
Off peak	157 kWh x \$0.12266	\$19.26
<b>Energy Charge Total</b>		<b>\$342.30</b>

### Additional information regarding your Net Consumption/Generation:

- Net Energy Metering Month #10
- Your year-to-date energy generation credit as of previous month: \$0.00
- Your current month energy generation credit: \$0.00
- Your year-to-date energy generation credit: \$0.00
- Your year-to-date energy billed charges: \$1,733.48
- Year-to-date kWh: 3,778 kWh

## Public Safety Power Shutoffs

- It is not a decision we take lightly. It is done to keep you and your community safe.
- We have been able to limit the number of customers impacted by PSPS by using sectionalizing devices to de-energize segments instead of entire circuits.
- It will have to remain available as a tool to mitigate wildfire risk during severe weather and high fire potential index events.

We urge customers to update their contact information and sign up for PSPS alerts at: [sce.com/outage](http://sce.com/outage). To learn more about Public Safety Power Shutoffs, visit: [sce.com/safety/wildfire](http://sce.com/safety/wildfire)

# UNDERSTANDING EMF

## ELECTRIC AND MAGNETIC FIELDS

Questions have been raised about the possible health effects of exposure to 60-hertz (power frequency) electric and magnetic fields (EMF\*), which are found wherever you have electric power. This article contains information that will help you understand the EMF issue, plus practical tips you can use if you want to reduce your exposure at home and at work.

### Campos Eléctricos y Magnéticos (EMF):

Si desea recibir información en español, comuníquese con SCE al **1-800-441-2233**

EMF information provided as required by the California Public Utilities Commission (CPUC) EMF policy.

\*The term EMF in this publication refers to extremely low frequency (ELF) 60-hertz electric and magnetic fields associated with power delivered by electric utilities. It does not refer to radio frequency (RF) waves associated with wireless communications such as cell phones.

### Can EMF Harm Your Health?

Electric and magnetic fields are present wherever electricity flows—around appliances and power lines, in offices, and at schools and homes. Many researchers believe that if there is a risk of adverse health effects from usual residential exposures to EMF, it is probably just at the detection limit of human health studies; nonetheless, the possible risk warrants further investigation. The varying results from epidemiological studies, which looked at estimated EMF exposures and childhood leukemia, are consistent with a weak link. Laboratory studies, including studies investigating a possible mechanism for health effects (mechanistic studies), provide little or no evidence to support this weak link.

The results from many research studies have been evaluated by international, national, and California EMF research programs to determine whether EMF poses any health risk. Given the uncertainty of the issue, the medical and scientific communities have been unable to conclude that usual residential exposures to EMF cause health effects, or to establish any standard or level of residential exposure that is known to be either safe or harmful. These conclusions remain unchanged by recent studies.

### World Health Organization Findings

The World Health Organization (WHO) completed a review of the potential health implications of extremely low frequency EMF, which includes power-frequency fields. Their conclusions and recommendations were presented in a June 2007 report known as the *Extremely Low Frequency Fields, Environmental Health Criteria Monograph No. 238*

The WHO report concluded that evidence linking Extremely Low Frequency (ELF) magnetic fields and childhood leukemia "is not strong enough to be considered causal but sufficiently strong to remain a concern." "Virtually all of the laboratory evidence and the mechanistic evidence fail to support" this reported association. For all other diseases, there is inadequate or no evidence of health effects at low exposure levels.

The report emphasized that, given the weakness of the evidence for health effects, the health benefits of exposure reduction are unclear and adopting policies based on arbitrary low exposure limits is not warranted. In light of this situation, WHO made these and other recommendations:

- \* National authorities should implement communication programs with all stakeholders to enable informed decision-making, including how individuals can reduce their own exposure.
- \* Policy makers and community planners should implement very low-cost measures to reduce exposures when constructing new facilities and designing new equipment, including appliances.
- \* Policy makers should establish guidelines for ELF field exposure for both the general public and workers. The best source of guidance for both exposure levels and the principles of scientific review are the international guidelines.
- \* Government and industry should promote research to reduce the uncertainty of the scientific evidence on the health effects of ELF field exposure. Several recommended research projects are already under way through the Electric Power Research Institute.

Magnetic Fields at Home				
(Measurements are in milligauss.)				
		1.2" away	12" away	36" away
	Microwave Oven	750 to 2,000	40 to 80	3 to 8
	Clothes Washer	8 to 400	2 to 30	0.1 to 2
	Electric Range	60 to 2,000	4 to 40	0.1 to 1
	Compact Fluorescent Bulb	0 to 32.8	0 to 0.1	0
	Hair Dryer	60 to 20,000	1 to 70	0.1 to 3
	LCD/Plasma TV	1.1 to 73.6	0 to 2.5	0 to 2.2

Source: Adapted from Gauger 1985 & EPRI Appliance Measurement Study 2010.

Magnetic Fields Outside	
(Maximum values may be lower for some California utilities.)	
	Distribution Lines 1 to 80 milligauss under the line
	Transmission Lines 1 to 300 milligauss at the edge of the right-of-way

(EMF continued on the reverse side)

EMF (continued from front)

**What You Can Do**

In a situation of scientific uncertainty and public concern, WHO recommended that utilities explore 'very low-cost' ways to reduce EMF exposure from new or upgraded facilities. SCE and other California public utilities have been pursuing no-cost and low-cost measures to reduce EMF levels from new utility transmission lines and substation projects. You, too, may want to take no-cost and low-cost measures to reduce your EMF exposure at home and at work.

Human studies have not produced a consensus about any health benefits from changing the way people use electric appliances. But, if you feel reducing your EMF exposure would be beneficial, you can increase your distance from electric appliances and/or limit the amount of time you use appliances at home or at work. For instance, you can place your electric clocks away from the head of your bed. Increasing your distance from it and other appliances, such as televisions, computer monitors, and microwave ovens, can reduce your EMF exposure.

You can also reduce your EMF exposure by limiting the time you spend using personal appliances, such as hair dryers, electric razors, heating pads, and electric blankets. You may also want to limit the time you spend using electric cooking appliances.

You can locate the sources of EMF in your work environment and spend break time in lower-field areas.

It is not known whether such actions will have any impact on your health.

**Additional Information Is Available**

SCE provides free EMF information packages and home/business measurements upon request. For any of these services, please call **1-800-200-4723 (4SCE)** or visit [www.sce.com/EMF](http://www.sce.com/EMF)
