<i>This certification guarantees that the roof at said address has been inspected and repaired as needed. Said roof is found to be in satisfactory conditions and water tight on 10/02/25 is certified to shed water for a period not less than 2 years. This Certification is valid for normal rainfall. High velocity winds, tornados or severe weather will invalidate this certification.</i>
<i>There are no warranties which extend beyond the face hereof; This warranty is not intended as a substitute for a common sense maintenance program by the owner, nor is it an effective instrument in the face of abuse of the roof by foot traffic and abuse from other trades or individuals.</i>

Contractor Specifically Excludes From This Warranty The Following:

- Any Damage to the roof caused by sun, high wind, lightning, snow, ice, hail, fallen tree branches, collection of leaves, cones or needles, or other phenomena of the elements of nature.
- There Is No Implied Warranty of Merchantability or Fitness in connection with roof materials supplied by this contractor. This warranty shall not render this contractor liable in any respect, for any damage to this building, or any contents there of for any loss, injury or damage to persons, property resulting from any defect in the materials supplied, nor will the contractor be held liable for incidental, special or consequential damages, direct or indirect of any nature to any person sustained from any cause due to manufacturer's defect in materials supplied.
- Damage caused by owner-specified use of incongruous materials. Damage between roofs, walls, decks, or appurtenances that this contractor did not install.
- Damage to this roof caused by improper ventilation, settlement distortion or failure of roof, decks, walls, or foundation of this building.
- Damage to the roof caused by inadequate drainage and/or ponding of water.
- This warranty shall terminate in the event that after application of this roof, any equipment, serials, signs, guy wires, cables, ropes, electrical wires of any kind, venting, plumbing, etc are improperly installed without prior written notice and approval of the proposed installation by this contractor.
- If this roof is damaged or injured at any time by any cause such as to the extent that repairs are necessary or for any reason alteration or penetration are required by any craft that repairs are necessary then and in the event unless the repair work shall be done by this contractor or subject to prior written approval and inspection by this applicator, this warranty will no longer be in force. If any of the above work, inspection, or maintenance is done by this applicator, he will be reimbursed for the same.
- If this property is sold or assigned, or left in an unusual state for a period of six (6) months or more, this warranty is null and void at the time of transfer of property, or abandonment. Warranty is transferable with written notice and approval.
