### Violation Information

The records of Millenia Community Association reflect the following alleged violation(s) of the governing documents that remains unresolved at the time of the request:

**There are none known at this time.**

This statement by the Association does not relieve the Buyer of the property from the obligation to disclose alterations or improvements to the property which violate the declaration or which may not have been approved, nor does it preclude the Association from taking action against the purchaser of the property for violations existing at the time purchase. There may be other items that have not been noted on this statement as it relates to landscaping or architectural improvements that may or may not be approved by the Association at the time of receipt of this notice. California Civil Code §4525 Section (5) read in part; "The notice shall not be deemed a waiver of the association's right to enforce the governing documents against the owner or the prospective purchaser of the separate interest with respect to any violation."

If you have any questions regarding violations, please contact the Community Manager, Cindy Gaytan, at 858-657-2178.

### Litigation Information

This notice confirms that FirstService Residential California has not been advised by the above named association that the association is aware of or has been served with any pending litigation against the association. This is also to advise you that FirstService Residential California has not undertaken any independent search as to whether there is any pending litigation against the association.

This disclosure is meant to provide notice of material litigation matters of the Association that it is aware of as of the date of this disclosure, and this disclosure does not include any matter that might be pending in Small Claims Court.

**The proceeding is not intended to suggest that there is or is not active or pending litigation within the association.**

*You are advised that there are often delays in the preparation of litigation disclosures by associations. They arise due to the delay that occurs from the time a lawsuit is filed against an association until the time it is served on the association, and until a written litigation disclosure is prepared by legal counsel representing an association, and thereafter is made available by an association's board of directors. Once a disclosure on a case is prepared, it is to be regarded as a general notice of certain non-confidential and non-privileged matters in connection with the disclosed litigation as of the date that such disclosure was prepared. In addition, such a disclosure is not an exhaustive discussion of the facts of a case nor is it a prediction of the outcome of it, or an analysis of the financial effect it might have on the association. Therefore should you desire more information about any case, or want to know whether cases that may not as yet be the subject of a written disclosure to members and prospective buyers have been filed against the association, all of the pleadings of a case are public records, and unless sealed by an order of the Court, the file may be viewed and copies may be obtained from the office of the Clerk of the Court in the County where the association is located, which is the County where a lawsuit against an association is usually filed.*
