

- The floor of the whole house was changed in November of 2020 (stone plastic -vinyl
- composite flooring – specifications below) including Baseboards.

San Becinto stone plastic composite flooring features our enhanced Dura Shield™ technology. The Innova Collection can go where engineered or laminate products weren't sensible — bathrooms, basements, restaurant kitchens, commercial offices, and beyond. The possibilities are limitless. <https://artisanhardwood.com/product/san-becinto/>

- New Pantry Shelves.
- New Stair railing.
- Wall Closet with impeccable Doors.
- Kitchen sink made from quartz ceramic with a new garbage disposal of 1-Watt power (usually, they are of ¼ Watt).
- *The kitchen has a water filter providing potable water (2nd water faucet by the kitchen sink).
- *Air conditioning upgrades in October 2020 included new screen control to Lenox temperature control screen (this model allows you for remote control; we used to control it from our cell phones), cooling equipment and the furnace.
