Please make corrections to name, address, and ZIP Code, if necessary.

The information you provide will be used for statistical purposes only. Your response will be kept confidential and any person who willfully discloses ANY identifiable information about you or your operation is subject to a jail term, a fine, or both. This survey is conducted in accordance with the Confidential Information Protection and Statistical Efficiency Act of 2018, Title III of Pub. L. No. 115-435, codified in 44 U.S.C. Ch. 35 and other applicable Federal laws. For more information on how we protect your information please visit: <https://www.nass.usda.gov/confidentiality>. Response is voluntary.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB number is 0535-0039. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The National Agricultural Statistics Service (NASS) is asking for your help in completing the 2024 Grape Acreage Survey, in cooperation with corresponding industries. Please return even if there are no changes. The following options are available to update your Acreage report:

- 1) Return in the provided Business Reply envelope
- 2) FAX to 1-855-270-2722
- 3) E-mail to [nassrfopcr@usda.gov](mailto:nassrfopcr@usda.gov)
- 4) Call our office at (916) 738-6570 OR at (916) 738-6600 and choose Option 4

Please review the enclosed parcels and make updates as needed. If the enclosed parcel records are not a convenient way to update your Acreage, we will gladly accept electronic files of planting records in any format. You may e-mail files to the above address. Newly planted, pulled or abandoned acres should be noted by location on each parcel. Record any new or additional parcels on the enclosed blue parcel record.

We look forward to your response, and your assistance in capturing a complete picture of Grape Acreage in California. All responses will be summarized and available online and by mail in April 2025.

➤ **Your response is requested by November 15, 2024.**

### Frequently Asked Questions

- What is the plant system notation?**

The plant system refers to the way trees or vines are planted relative to each other. Most orchards and vineyards are planted in a square or rectangular pattern, where the plant spacing for the block specifies the feet between rows and between plants within a row. In the plant system column of the parcel record a 10 indicates a square or rectangular system. A 20 is a diamond pattern and a 40 is a hexagonal system. A 50 or 60 refers to an irregular or border pattern.

- What is the blue "New or Additional Parcel Record" for?**

The extra blank form is used when a grower has acquired any additional parcels or properties that are not included with the white pre-printed parcel records. If there are no new parcels to report, the blue sheet can be discarded.

- I have more than one new parcel. What should I do?**

Feel free to make as many copies of the blue "New or Additional Parcel Record" page as you need.

- How do I report the sale of a parcel?**

When a parcel is sold or transferred to another operator, simply cross out the incorrect information and list the information for the new operator as completely as possible.

- If I have no changes to my parcels, should I send them back?**

Yes. If there are no changes to the parcels, just note that on top of the parcel pages and return them so an additional follow-up contact will not be necessary, and the acreage will be currently verified as correct.
