### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climate Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. **If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.**

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at [www.sdge.com](http://www.sdge.com). Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Golden State Rebates offers eligible customers instant rebates on energy-efficient products that help you save. Visit [sdge.com/rebates](https://sdge.com/rebates).

To receive alerts in case of wildfires or other emergencies, make sure your contact information is up to date. Sign up at [sdge.com/notifications](https://sdge.com/notifications).

## Net Energy Metering Annual True-Up Bill

Your account has been settled and all applicable generation credits have been applied. Your Net Energy Metering True-Up Statement is enclosed. Please pay the amount due, if applicable, which is provided on this bill by the due date indicated. If you have any questions, please email at [info@sdge.com](mailto:info@sdge.com) or call 1-800-411-7343.

**Bill Discount:** You can save 30% or more on your monthly energy bill. Eligibility is based on participation in certain public assistance programs or current household income and the number of people living in your home. To apply, call 1-877-646-5525 or visit [sdge.com/CARE](https://sdge.com/CARE).

**Descuento en la factura:** Puede ahorrar un 30% o más en su factura mensual de energía. Los requisitos del programa se basan en la participación en ciertos programas de asistencia pública, o el ingreso anual y el número de personas que viven en el hogar. Para aplicar, llame al 1-877-646-5525 o visite [sdge.com/CARE](https://sdge.com/CARE).

**Debt forgiveness:** SDG&E's Arrearage Management Payment (AMP) plan can help income-qualified customers reduce past-due account balances. For details, call 1-800-411-SDGE (7343) or visit [sdge.com/AMP](https://sdge.com/AMP).

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climate Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. **If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.**

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at [www.sdge.com](http://www.sdge.com). Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

## Payment Options \$ Please visit [sdge.com/PayBill](https://sdge.com/PayBill) for more ways to pay your bill.

### Online Bill Pay:

Register to make a secure payment now or schedule your  
payment at [MyEnergyCenter.com](https://MyEnergyCenter.com).

### Credit/Debit:

Pay by credit/debit card via third party vendor (fee applies) by  
visiting [sdge.com/PayBill](https://sdge.com/PayBill). Click on the  
Bill Matrix link or call **1-800-386-0067** to make a payment.

### Mobile:

Pay with your mobile device using the My Energy Center mobile app.  
Visit [sdge.com/MECapp](https://sdge.com/MECapp) to download.

### In Person:

To find the nearest location and hours of operation, visit  
[sdge.com/locations](https://sdge.com/locations).

### Need help paying your bill?

For payment options or to make payment arrangements, visit  
[sdge.com/assistance](https://sdge.com/assistance) or call **1-800-411-7343**.

### By Mail:

Mail your check or money order, along with the payment stub  
at the bottom of your bill, in the enclosed envelope to  
SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

## Detail of Current Charges

### Electric Service

Rate: Time of Use - DRSES-Residential Climate Zone: Inland  
Baseline Allowance: 343 kWh  
Billing Period: 8/9/24 - 9/10/24 Total Days: 33  
Meter Number: 05987365 (Next scheduled read date Oct 9, 2024) Cycle: 07  
Meter Constant: 1.000 Billing Voltage Level: Secondary  
Circuit: 0280 Your circuit is currently not subjected to rotating outage.  
However, this is subject to change without notice.  
Total Usage: -155 (Usage based on interval data)

### ELECTRIC CHARGES

| ELECTRIC CHARGES                       |                |                 |                       | Amount(\$) |

## Breakdown of Current Charges

\*Credits are not shown on the chart  
The total current charges include the following components. Definitions for these terms are shown on page 6 of your bill.

|                       |         |
|-----------------------|---------|
| Electric Charges      |         |
| Distribution          | \$12.94 |
| Total Current Charges | \$12.94 |

\$0.38 of your Electricity Generation Charge is your bundled PCIA charge.

Total Current Charges \$12.94

# Your Electricity Dashboard

## Highest Usage Hour

Highest Usage Hour (Demand) this month:

6.6 kW on September 10, 2024 from 7:00pm to 8:00pm

Demand is the highest amount of electricity used at a given point in time.

## Time of Use - Electricity

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climate Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. **If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.**

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at [www.sdge.com](http://www.sdge.com). Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

## Payment Options \$ Please visit [sdge.com/PayBill](https://sdge.com/PayBill) for more ways to pay your bill.

### Online Bill Pay:

Register to make a secure payment now or schedule your payment at [MyEnergyCenter.com](https://MyEnergyCenter.com).

### Credit/Debit:

Pay by credit/debit card via third party vendor (fee applies) by visiting [sdge.com/PayBill](https://sdge.com/PayBill). Click on the Bill Matrix link or call **1-800-386-0067** to make a payment.

### Mobile:

Pay with your mobile device using the My Energy Center mobile app. Visit [sdge.com/MECapp](https://sdge.com/MECapp) to download.

### In Person:

To find the nearest location and hours of operation, visit [sdge.com/locations](https://sdge.com/locations).

### Need help paying your bill?

For payment options or to make payment arrangements, visit [sdge.com/assistance](https://sdge.com/assistance) or call **1-800-411-7343**.

### By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

## Detail of Current Charges

### Electric Service

Rate: Time of Use - DRSES-Residential      Climate Zone: Inland  
Baseline Allowance: 302 kWh  
Billing Period: 9/11/24 - 10/9/24      Total Days: 29  
Meter Number: 05987365      (Next scheduled read date Nov 8, 2024)      Cycle: 07  
Meter Constant: 1.000      Billing Voltage Level: Secondary  
Circuit: 0280      Your circuit is currently not subjected to rotating outage.  
However, this is subject to change without notice.  
Total Usage: -277      (Usage based on interval data)

### ELECTRIC CHARGES

Electricity Delivery (Details below)      -217 kWh      Amount(\$)

| SUMMER USAGE   | On-Peak   | Off-Peak  | Super Off-Peak |        |
|----------------|-----------|-----------|----------------|--------|
| kWh used       | 13        | -220      | -10            |        |
| Rate/kWh       | \$ .26482 | \$ .00000 | \$ .00000      |        |
| 20 Days Charge | \$3.44    | + \$ .00  | + \$ .00       | = 3.44 |

Electricity Delivery (Details below)      -60 kWh

| SUMMER USAGE  | On-Peak   | Off-Peak  | Super Off-Peak |        |
|---------------|-----------|-----------|----------------|--------|
| kWh used      | 19        | -88       | 9              |        |
| Rate/kWh      | \$ .26742 | \$ .00000 | \$ .26742      |        |
| 9 Days Charge | \$5.08    | + \$ .00  | + \$2.41       | = 7.49 |

#### Rate Change This Billing Period:

There was a rate change on day 21 of your Billing Period. Therefore, your charges for the first 20 days were at Rate 1, and the remaining 9 days were at Rate 2.

Wildfire Fund Charge      41 kWh x \$.00561      .23

Electricity Generation (Details below)      -217 kWh

| SUMMER USAGE   | Summer On-Peak | Summer Off-Peak | Summer Super Off-Peak |        |
|----------------|----------------|-----------------|-----------------------|--------|
| kWh used       | 13             | -220            | -10                   |        |
| Rate/kWh       | \$ .38826      | \$ .00000       | \$ .00000             |        |
| 20 Days Charge | \$5.05         | + \$ .00        | + \$ .00              | = 5.05 |

Electricity Generation (Details below)      -60 kWh

| SUMMER USAGE  | Summer On-Peak | Summer Off-Peak | Summer Super Off-Peak |        |
|---------------|----------------|-----------------|-----------------------|--------|
| kWh used      | 19             | -88             | 9                     |        |
| Rate/kWh      | \$ .38826      | \$ .00000       | \$ .06741             |        |
| 9 Days Charge | \$7.38         | + \$ .00        | + \$.61               | = 7.99 |

Applied Generation Credit      -24.20  
Minimum Charge Adjustment      11.37

**Total Electric Charges \$11.37**

### TAXES & FEES ON ELECTRIC CHARGES

State Surcharge Tax      41 kWh x \$.000300      .01

(Continued on next page)

## Breakdown of Current Charges

\*Credits are not shown on the chart

The total current charges include the following components. Definitions for these terms are shown on page 8 of your bill.

|                                            |                 |
|--------------------------------------------|-----------------|
| <b>Electric Charges</b>                    |                 |
| Distribution                               | \$11.37         |
| <b>Other Account Charges &amp; Credits</b> |                 |
| California Climate Credit                  | -\$78.22        |
| <b>Total Current Charges</b>               | <b>-\$66.85</b> |

\$0.09 of your Electricity Generation Charge is your bundled PCIA charge.

## Your Electricity Dashboard

### Highest Usage Hour

Highest Usage Hour (Demand) this month:

**4.9 kW on October 5, 2024 from 6:00pm to 7:00pm**

Demand is the highest amount of electricity used at a given point in time.

### Time of Use - Electricity

| Summer         | kWh         |
|----------------|-------------|

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climate Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. **If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.**

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at [www.sdge.com](http://www.sdge.com). Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Check out [MyEnergyCenter.com](https://MyEnergyCenter.com) where you can pay your energy bill, schedule services, check power outages and more.

This winter, make your bills more predictable with the Level Pay Program. Learn more at [sdge.com/LPP](https://sdge.com/LPP).

**Bill Discount:** You can save 30% or more on your monthly energy bill. Eligibility is based on participation in certain public assistance programs or current household income and the number of people living in your home. To apply, call 1-877-646-5525 or visit [sdge.com/CARE](https://sdge.com/CARE).

**Descuento en la factura:** Puede ahorrar un 30% o más en su factura mensual de energía. Los requisitos del programa se basan en la participación en ciertos programas de asistencia pública, o el ingreso anual y el número de personas que viven en el hogar. Para aplicar, llame al 1-877-646-5525 o visite [sdge.com/CARE](https://sdge.com/CARE).

Your electricity bill for this month reflects a credit amount from your last bill, which may be due in part to the California Climate Credit included in the "Electric Charges" section of last month's electricity bill.

**Debt forgiveness:** SDG&E's Arrearage Management Payment (AMP) plan can help income-qualified customers reduce past-due account balances. For details, call 1-800-411-SDGE (7343) or visit [sdge.com/AMP](https://sdge.com/AMP).

## Account Summary

|                         |                  |
|-------------------------|------------------|

For emergencies and to report outages, please call 24 hours a day, 7 days a week. . . . . 1-800-611-7343

To locate underground cables & gas pipes, please call DigAlert, Monday-Friday, 6am-7pm. . . . . 8-1-1

To make a payment using your credit or debit card via a third party vendor, call. . . . . 1-800-386-0067

## Payment Options \$ Please visit [sdge.com/PayBill](https://sdge.com/PayBill) for more ways to pay your bill.

### Online Bill Pay:

Register to make a secure payment now or schedule your payment at [MyEnergyCenter.com](https://MyEnergyCenter.com).

### Credit/Debit:

Pay by credit/debit card via third party vendor (fee applies) by visiting [sdge.com/PayBill](https://sdge.com/PayBill). Click on the Bill Matrix link or call 1-800-386-0067 to make a payment.

### Mobile:

Pay with your mobile device using the My Energy Center mobile app. Visit [sdge.com/MECapp](https://sdge.com/MECapp) to download.

### In Person:

To find the nearest location and hours of operation, visit [sdge.com/locations](https://sdge.com/locations).

### Need help paying your bill?

For payment options or to make payment arrangements, visit [sdge.com/assistance](https://sdge.com/assistance) or call 1-800-411-7343.

### By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

## Detail of Current Charges

### Electric Service

Rate: Time of Use - DRSES-Residential      Climate Zone: Inland  
Baseline Allowance: 306 kWh  
Billing Period: 10/10/24 - 11/8/24      Total Days: 30  
Meter Number: 05987365      (Next scheduled read date Dec 10, 2024)      Cycle: 07  
Meter Constant: 1.000      Billing Voltage Level: Secondary  
Circuit: 0280      Your circuit is currently not subjected to rotating outage.  
However, this is subject to change without notice.  
Total Usage: -125      (Usage based on interval data)

### ELECTRIC CHARGES

Electricity Delivery (Details below)      -55 kWh      Amount(\$)

| SUMMER USAGE   | On-Peak  | Off-Peak | Super Off-Peak |         |
|----------------|----------|----------|----------------|---------|
| kWh used       | 59       | -140     | 26             |         |
| Rate/kWh       | \$.26742 | \$.00000 | \$.26742       |         |
| 22 Days Charge | \$15.78  | + \$.00  | + \$6.95       | = 22.73 |

Electricity Delivery (Details below)      -70 kWh

| WINTER USAGE  | On-Peak  | Off-Peak | Super Off-Peak |        |
|---------------|----------|----------|----------------|--------|
| kWh used      | 21       | -96      | 5              |        |
| Rate/kWh      | \$.26742 | \$.00000 | \$.26742       |        |
| 8 Days Charge | \$5.62   | + \$.00  | + \$1.34       | = 6.96 |

**Rate Change This Billing Period:**  
There was a rate change on day 23 of your Billing Period. Therefore, your charges for the first 22 days were at Rate 1, and the remaining 8 days were at Rate 2.

Wildfire Fund Charge      111 kWh x \$.00561      .63

Electricity Generation (Details below)      -55 kWh

| SUMMER USAGE   | Summer On-Peak | Summer Off-Peak | Summer Super Off-Peak |         |
|----------------|----------------|-----------------|-----------------------|---------|
| kWh used       | 59             | -140            | 26                    |         |
| Rate/kWh       | \$.38826       | \$.00000        | \$.06741              |         |
| 22 Days Charge | \$22.91        | + \$.00         | + \$1.75              | = 24.66 |

Electricity Generation (Details below)      -70 kWh

| WINTER USAGE  | Winter On-Peak | Winter Off-Peak | Winter Super Off-Peak |        |
|---------------|----------------|-----------------|-----------------------|--------|
| kWh used      | 21             | -96             | 5                     |        |
| Rate/kWh      | \$.16516       | \$.00000        | \$.06133              |        |

**Subtotal** \$ 36.07

Electric Meter Charges and Payments \$ (210.58)

**Current Account Balance** \$ (174.51)

**Payment Required This Month:** No

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climate Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. **If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.**

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at [www.sdge.com](http://www.sdge.com). Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are

available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Total Current Charges \$12.54

## Breakdown of Current Charges

The total current charges include the following components. Definitions for these terms are shown on page 6 of your bill.

|                       |         |
|-----------------------|---------|
| Electric Charges      |         |
| Distribution          | \$12.54 |
| Total Current Charges | \$12.54 |

\$0.25 of your Electricity Generation Charge is your bundled PCIA charge.

# Your Electricity Dashboard

## Highest Usage Hour

Highest Usage Hour (Demand) this month:

3.8 kW on December 7, 2024 from 7:00am to 8:00am

Demand is the highest amount of electricity used at a given point in time.

## Time of Use - Electricity

| Winter         | kWh  |

Electric Meter Charges and Payments \$ (210.58)  
**Current Account Balance** \$ (161.97)  
**Payment Required This Month:** No

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climate Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check.

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at [www.sdge.com](http://www.sdge.com). Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements

If SDG&E fails to offer you payment arrangements, you may

write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climatic Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check.

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available online at [sdge.com](http://sdge.com).

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van

Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Need more time to pay your energy bill? Visit [sdge.com/PaymentHelp](https://sdge.com/PaymentHelp).

Is your contact information up to date? Login to [MyEnergyCenter.com](https://MyEnergyCenter.com) to review.  
Click on Account, then My Profile.

**Bill Discount:** You can save 30% or more on your monthly energy bill. Eligibility is based on participation in certain public assistance programs or current household income and the number of people living in your home. To apply, call 1-877-646-5525 or visit [sdge.com/CARE](https://sdge.com/CARE).

**Descuento en la factura:** Puede ahorrar un 30% o más en su factura mensual de energía. Los requisitos del programa se basan en la participación en ciertos programas de asistencia pública, o el ingreso anual y el número de personas que viven en el hogar. Para aplicar, llame al 1-877-646-5525 o visite [sdge.com/CARE](https://sdge.com/CARE).

**Debt forgiveness:** SDG&E's Arrearage Management Payment (AMP) plan can help income-qualified customers reduce past-due account balances. For details, call 1-800-411-SDGE (7343) or visit [sdge.com/AMP](https://sdge.com/AMP).

## Payment Options \$ Please visit [sdge.com/PayBill](https://sdge.com/PayBill) for more ways to pay your bill.

### Online Bill Pay:

Register to make a secure payment now or schedule your payment at [MyEnergyCenter.com](https://MyEnergyCenter.com).

### Credit/Debit:

Pay by credit/debit card via third party vendor (fee applies) by visiting [sdge.com/PayBill](https://sdge.com/PayBill). Click on the Bill Matrix link or call **1-800-386-0067** to make a payment.

### Mobile:

Pay with your mobile device using the My Energy Center mobile app. Visit [sdge.com/MECapp](https://sdge.com/MECapp) to download.

### In Person:

To find the nearest location and hours of operation, visit [sdge.com/locations](https://sdge.com/locations).

### Need help paying your bill?

For payment options or to make payment arrangements, visit [sdge.com/assistance](https://sdge.com/assistance) or call **1-800-411-7343**.

### By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

## Detail of Current Charges

### Electric Service

Rate: Time of Use - DRSES-Residential Climate Zone: Inland  
Baseline Allowance: 298 kWh  
Billing Period: 1/11/25 - 2/10/25 Total Days: 31  
Meter Number: 05987365 (Next scheduled read date Mar 12, 2025) Cycle: 07  
Meter Constant: 1.000 Billing Voltage Level: Secondary  
Circuit: 0280 Your circuit is currently not subjected to rotating outage.  
However, this is subject to change without notice.  
Total Usage: 58 (Usage based on interval data)

### ELECTRIC CHARGES

Electricity Delivery (Details below) 55 kWh Amount(\$)

| WINTER USAGE   | On-Peak  | Off-Peak | Super Off-Peak |         |
|----------------|----------|----------|----------------|---------|
| kWh used       | 115      | -111     | 51             |         |
| Rate/kWh       | \$.26742 | \$.00000 | \$.26742       |         |
| 21 Days Charge | \$30.75  | + \$.00  | + \$13.64      | = 44.39 |

Electricity Delivery (Details below) 3 kWh

| WINTER USAGE   | On-Peak  | Off-Peak | Super Off-Peak |         |
|----------------|----------|----------|----------------|---------|
| kWh used       | 46       | -44      | 1              |         |
| Rate/kWh       | \$.27976 | \$.00000 | \$.27976       |         |
| 10 Days Charge | \$12.87  | + \$.00  | + \$.28        | = 13.15 |

 **Rate Change This Billing Period:**  
There was a rate change on day 22 of your Billing Period. Therefore, your charges for the first 21 days were at Rate 1, and the remaining 10 days were at Rate 2.

Wildfire Fund Charge 166 kWh x \$.00561 .93  
Wildfire Fund Charge 47 kWh x \$.00595 .28

Electricity Generation (Details below) 55 kWh

| WINTER USAGE   | Winter On-Peak | Winter Off-Peak | Winter Super Off-Peak |         |
|----------------|----------------|-----------------|-----------------------|---------|
| kWh used       | 115            | -111            | 51                    |         |

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climatic Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check.

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available online at [sdge.com](http://sdge.com).

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van

Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

#### Time of Use Change This Bill Period:

Time-of-use periods changed for March and April of 2025. See Time-of-use chart for details.

#### Regulatory Notices

- All customers are required to pay a Competition Transition Charge as part of the charges above, including those who choose an electric service provider other than SDG&E.

#### Important Phone Numbers

1-800-411-SDGE (7343) English  
1-800-311-SDGE (7343) Español  
1-877-889-SDGE (7343) TTY

M-F, 7am-8pm, Sat, 7am-6pm

For emergencies and to report  
outages, please call 24 hours a day,  
7 days a week. . . . . 1-800-611-7343

To locate underground cables & gas  
pipes, please call DigAlert,  
Monday-Friday, 6am-7pm. . . . . 8-1-1

To make a payment using your credit  
or debit card via a third party  
vendor, call. . . . . 1-800-386-0067

## Payment Options \$ Please visit [sdge.com/PayBill](https://sdge.com/PayBill) for more ways to pay your bill.

#### Online Bill Pay:

Register to make a secure payment now or schedule your  
payment at [MyEnergyCenter.com](https://MyEnergyCenter.com).

#### Credit/Debit:

Pay by credit/debit card via third party vendor (fee applies) by  
visiting [sdge.com/PayBill](https://sdge.com/PayBill). Click on the  
Bill Matrix link or call 1-800-386-0067 to make a payment.

#### Mobile:

Pay with your mobile device using the My Energy Center mobile app.  
Visit [sdge.com/MECapp](https://sdge.com/MECapp) to download.

#### In Person:

To find the nearest location and hours of operation, visit  
[sdge.com/locations](https://sdge.com/locations).

#### Need help paying your bill?

For payment options or to make payment arrangements, visit  
[sdge.com/assistance](https://sdge.com/assistance) or call 1-800-411-7343.

#### By Mail:

Mail your check or money order, along with the payment stub  
at the bottom of your bill, in the enclosed envelope to  
SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climatic Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check.

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available online at [sdge.com](http://sdge.com).

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van

Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

## Breakdown of Current Charges

\*Credits are not shown on the chart

The total current charges include the following components. Definitions for these terms are shown on page 8 of your bill.

|                                 |          |
|---------------------------------|----------|
| Electric Charges                |          |
| Distribution                    | \$11.66  |
| Other Account Charges & Credits |          |
| California Climate Credit       | -\$81.38 |
| Total Current Charges           | -\$69.72 |

\$0.08 of your Electricity Generation Charge is your bundled PCIA charge.

**Current Account Balance** \$ (217.14)  
**Payment Required This Month:** No

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climatic Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check.

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available online at [sdge.com](http://sdge.com).

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van

Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

Save energy. Earn a reward. Make a difference. Learn more at [sdge.com/PowerSaver](https://sdge.com/PowerSaver) or call 1-800-411-7343.

Save money & energy with Golden State Rebates! Get up to \$900 in rebates on energy-efficient products. Details at [sdge.com/rebates](https://sdge.com/rebates).

**Bill Discount:** You can save 30% or more on your monthly energy bill. Eligibility is based on participation in certain public assistance programs or current household income and the number of people living in your home. To apply, call 1-877-646-5525 or visit [sdge.com/CARE](https://sdge.com/CARE).

**Descuento en la factura:** Puede ahorrar un 30% o más en su factura mensual de energía. Los requisitos del programa se basan en la participación en ciertos programas de asistencia pública, o el ingreso anual y el número de personas que viven en el hogar. Para aplicar, llame al 1-877-646-5525 o visite [sdge.com/CARE](https://sdge.com/CARE).

Your electricity bill for this month reflects a credit amount from your last bill, which may be due in part to the California Climate Credit included in the "Electric Charges" section of last month's electricity bill.

**Debt forgiveness:** SDG&E's Arrearage Management Payment (AMP) plan can help income-qualified customers reduce past-due account balances. For details, call 1-800-411-SDGE (7343) or visit [sdge.com/AMP](https://sdge.com/AMP).

## Payment Options \$ Please visit [sdge.com/PayBill](https://sdge.com/PayBill) for more ways to pay your bill.

### Pay Online:

Pay online with [MyEnergyCenter.com](https://MyEnergyCenter.com). We offer a variety of payment options including bank account, debit card, credit card, digital wallet and more.

### Enroll in Auto Pay:

Enjoy the convenience of Auto Pay. It's an easy and secure way to make sure your energy bill is paid on time, automatically each month. Go to [MyEnergyCenter.com](https://MyEnergyCenter.com).

### Pay with Mobile App:

Pay with your mobile device using the My Energy Center mobile app. Visit [sdge.com/MECapp](https://sdge.com/MECapp) to get started.

### In Person:

To find the nearest location and hours of operation, visit [sdge.com/locations](https://sdge.com/locations).

### Need help paying your bill?

For payment options or to make payment arrangements, visit us at [sdge.com/assistance](https://sdge.com/assistance) or call **1-800-411-SDGE (7343)**.

### By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

Minimum Charge Adjustment \$ 87.68  
**Subtotal** \$ 87.68  
Electric Meter Charges and Payments \$ (291.96)  
**Current Account Balance** \$ (204.28)  
**Payment Required This Month:** No

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climatic Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check.

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available online at [sdge.com](http://sdge.com).

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van

Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).

## Payment Options \$ Please visit [sdge.com/PayBill](https://sdge.com/PayBill) for more ways to pay your bill.

### Pay Online:

Pay online with [MyEnergyCenter.com](https://MyEnergyCenter.com). We offer a variety of payment options including bank account, debit card, credit card, digital wallet and more.

### Enroll in Auto Pay:

Enjoy the convenience of Auto Pay. It's an easy and secure way to make sure your energy bill is paid on time, automatically each month. Go to [MyEnergyCenter.com](https://MyEnergyCenter.com).

### Pay with Mobile App:

Pay with your mobile device using the My Energy Center mobile app. Visit [sdge.com/MECapp](https://sdge.com/MECapp) to get started.

### In Person:

To find the nearest location and hours of operation, visit [sdge.com/locations](https://sdge.com/locations).

### Need help paying your bill?

For payment options or to make payment arrangements, visit us at [sdge.com/assistance](https://sdge.com/assistance) or call **1-800-411-SDGE (7343)**.

### By Mail:

Mail your check or money order, along with the payment stub at the bottom of your bill, in the enclosed envelope to SDG&E, PO Box 25111, Santa Ana, CA 92799-5111.

## Detail of Current Charges

### Electric Service

Rate: Time of Use - DRSES-Residential      Climate Zone: Inland  
Baseline Allowance: 297 kWh  
Billing Period: 5/13/25 - 6/11/25      Total Days: 30  
Meter Number: 05987365      (Next scheduled read date Jul 11, 2025)      Cycle: 07  
Meter Constant: 1.000      Billing Voltage Level: Secondary  
Circuit: 0280      Your circuit is currently not subjected to rotating outage.  
However, this is subject to change without notice.  
Total Usage: -243      (Usage based on interval data)

### ELECTRIC CHARGES

Electricity Delivery (Details below)      -197 kWh      Amount(\$)

| WINTER USAGE   | On-Peak   | Off-Peak  | Super Off-Peak |         |
|----------------|-----------|-----------|----------------|---------|
| kWh used       | 12        | -246      | 37             |         |
| Rate/kWh       | \$ .27976 | \$ .00000 | \$ .27976      |         |
| 19 Days Charge | \$3.36    | + \$ .00  | + \$10.35      | = 13.71 |

Electricity Delivery (Details below)      -46 kWh

| SUMMER USAGE   | On-Peak   | Off-Peak  | Super Off-Peak |         |

## Your Electricity Dashboard

### Highest Usage Hour

Highest Usage Hour (Demand) this month:

**5.2 kW on June 8, 2025 from 10:00pm to 11:00pm**

Demand is the highest amount of electricity used at a given point in time.

### Time of Use - Electricity

**Current Account Balance** \$ (192.22)

**Payment Required This Month:** No

### Understanding Your Net Metering Summary

**Start Date:** Net Energy Metering (NEM) is applied to your electric account over a 12-month billing period. Each 12-month period is referred to as a "Relevant Period". It is also referred to as your "True-Up" or "Settlement Period". The start date reflects the start of your current period.

**True-Up Date:** The date your current period ends. This date, also known as your NEM anniversary or settlement date, is when SDG&E will reconcile your account and automatically reset your account for a new period.

**Total kWh:** The net kWh for each billing period.

**Event kWh:** The net kWh used during the event period corresponding to your rate. The kWh identified during the event period will be used to calculate any event-related charges or credits.

**NEM Charges:** Represents the charges associated with the net kWh purchased from SDG&E during the billing period.

**Discounts:** Any discount or California Climate Credit received in a given month.

**Applied Credits:** Any generation credits that have been applied to your account. Generation credits are used to offset outstanding net metering charges.

**Remaining Credits:** The amount of credits associated with the billing periods when you were a net over-generator. This amount will be applied to your Net Metering balance to offset outstanding net metering charges. You can see when your credits were applied under the "Applied Credits" section.

**Cumulative Balance:** Represents the running total of your NEM charges and any applied credits. It is important to note, that this does not include any remaining credits, which have not yet been applied to your account.

**YTD Net Metering Charges/Credits:** The running total of the net metering charges and credits for the current "Relevant Period". This amount reflects your total net energy metering charges/credits and the total applied generation credits (NEM Charges + Applied Credits).

**California Climate Credit:** Represents the YTD California Climate Credit.

**Minimum Charge Adjustment:** The running total of any applicable minimum charges for the current "Relevant Period". If you are a net generator for the year, these basic service fees and any applicable taxes will represent all you have to pay.

**Excess Generation Payment:** Represents any excess generation payments at the time of your True-Up.

**Additional Charges/Payments:** The running total of any additional charges or payments that you have incurred or made during this "Relevant Period".

**Current Account Balance:** Represents your current net metering account balance.

**Payment Required:** Indicates whether or not a payment is required this month.

### Please Note:

Credits are calculated based upon current rates in tariffs.

Beginning in 2011, any excess generation remaining at True-Up will be credited in accordance with Assembly Bill 920.

At the time of your annual True-Up, applicable excess generation is displayed as a negative in the YTD Totals for the total kWh.

If your Total kWh does not reflect a negative number at your True-Up, then you do not qualify for a payment.

## Definitions

**Baseline Allowance** - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

**California Climate Credit** - The state charges fees to reduce carbon pollution and increase the use of cleaner energy. These fees are returned to you as a credit. Households receive the electric credit twice a year and gas credit once a year. Small businesses receive the electric credit twice a year. Visit [cpuc.ca.gov/climatecredit](http://cpuc.ca.gov/climatecredit) to learn more.

**City of San Diego Franchise Fee Differential** - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

**Climatic Zone** - The CPUC established four Climatic Zones in California, based on annual average temperatures.

**Competition Transition Charge (CTC)** - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

**Delivery** - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

**Distribution** - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

**Electricity Generation Charge** - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

## Franchise Fees for Electric Energy Supplied by Others

This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

**kWh (kilowatt hour)** - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

**Local Generation Charge** - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

**Maximum Annual Demand** - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

**Maximum Monthly Demand** - The maximum demand during the current billing period.

**Nuclear Decommissioning** - This charge pays for the retirement of nuclear power plants.

**Public Purpose Programs** - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

**Power Charge Indifference Adjustment (PCIA)** - The PCIA is a charge to ensure that both SDG&E customers and those who have left SDG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SDG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

**Reliability Services (RS)** - The Independent System Operator

is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

**State Regulatory Fee** - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

**State Surcharge Tax** - Collected by the State of California for the conservation and development of energy resources in the state.

**Total Rate Adjustment Component (TRAC)** - This charge achieves legislative and CPUC subsidies such as maintaining the Commission approved tier differential between rates for usage up to 130% of baseline and usage above 130% of baseline; discounted rates for assistance programs; and elimination or modification of seasonality in rates by lowering Summer rates and increasing Winter rates.

**Transmission** - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

**Wildfire Fund Charge** - The Wildfire Fund Charge is mandated by the CPUC to repay costs associated with wildfire damage after July 12, 2019.

## SDG&E Policies and Notices

**Electronic Check Processing** - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check.

**Rates & Rules** - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available online at [sdge.com](http://sdge.com).

**Pay Before Date / Disconnection Policy** - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there may be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van

Ness Avenue, Room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: [consumer-affairs@cpuc.ca.gov](mailto:consumer-affairs@cpuc.ca.gov), prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: [info@sdge.com](mailto:info@sdge.com).

**Disputed Bills / Service Complaints** - If you believe there is an error on your bill or have a question about your service, please call SDG&E customer support at 1-800-411-SDGE (7343). If you are not satisfied with SDG&E's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). Billing and service complaints are handled by the CPUC's Consumer Affairs Branch (CAB), 505 Van Ness Ave, Room 2003, San Francisco, CA 94102, phone: 1-800-649-7570.

If you have limitations hearing or speaking, dial 711 to reach the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

## California Relay Service Phone Numbers:

| Type of Call         | Toll-Free Number                                 |
|----------------------|--------------------------------------------------|
| TTY/VCO/HCO to Voice | 1-800-735-2929 English<br>1-800-855-3000 Spanish |
| Voice to TTY/VCO/HCO | 1-800-735-2922 English<br>1-800-855-3000 Spanish |
| Speech to Speech     | 1-800-854-7784                                   |

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC **specifically regarding the accuracy of your bill**, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**Re-Establishment of Credit / Deposit** - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit.

**Large Font Bill** - You can sign-up to receive a large font bill by calling SDG&E at 1-800-411-SDGE (7343).
