Granted 8-27-71

December 22, 1970

TO: Mr. Dan Cherrier, Director
Planning Department

FROM: Department of Sanitation and Flood Control

SUBJECT: SPECIAL USE PERMIT P70-377, FEATHERSTONE CANYON CHRISTIAN CAMP

The property covered by subject permit is located in the Lakeside area and described as portions of Sections 17 and 20, Township 14 South, Range 2 East, S.B.B.M.

A natural channel draining approximately 220 acres of watershed area carries flows westerly across the southerly portion of the property. It is our opinion that southerly portions of the property in and alongside the natural channel are subject to flood hazard by reason of overflow and inundation.

This department has no objection to the approval of this permit provided that the natural channel is not obstructed, diverted, or otherwise altered to adversely affect the adjacent ownerships.
