You Received a California Climate Credit

Your bill includes a Climate Credit from the California Cap-And-Invest program. Starting in 2026, the bills you receive in August and September will each contain a \$36 Climate Credit per service account. The Cap-And-Invest program incentivizes polluters to cut carbon emissions while generating revenue that SCE uses to offset the increased energy costs utility customers may experience as a result of the transition to a lower-carbon future. Find out more at www.cpuc.ca.gov/climatecredit/.

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating_outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:
 Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)
 Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102
