Vacation Rental Waiting List Application for Neighborhoods Over 20% Density Cap

Pursuant to City Ordinance, the City of Palm Springs will not issue any additional VR certificates within a Neighborhood that is at or above the Neighborhood Percentage cap of 20%.

Unless and until the number of permits is lower than the percentage cap, if and when that happens, certificates will be issued based on a "first in time, first in right" basis, based on the date that complete applications were submitted to the City.

Applicant Name: _____

Property Address: _____

Property Neighborhood: _____

(The ONE-PS web map application that can be found on our city website will assist you with identifying what Organized Neighborhood a property is located in.)

Applicant Email: _____

Mailing Address: _____

Phone Number: _____

Notification will be sent to the mailing address and email address the department has on file. It is the owner's responsibility to update any changes in either address.

I understand that this is only an application to be placed on a neighborhood waiting list for if and when a permit becomes available for that respective neighborhood and not permission to rent on a short-term basis.
