Re: Permanent Foundation Certification for the residence located at:
15780 Coral Street
Palm Springs, California 92262-1128

Buyer: (Carol J Valentine)
Seller:

To whom it may concern:

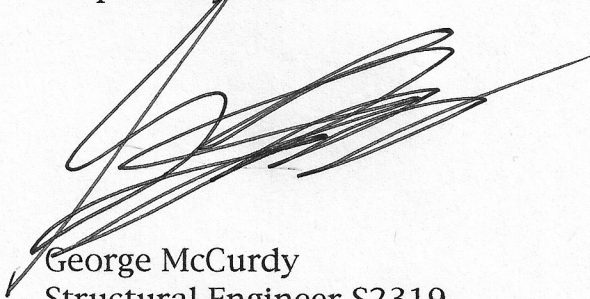

This letter is to certify that the above-mentioned residence is located on a previously approved permanent foundation system per the structural requirements of the HUD Handbook Permanent Foundations Guide for Manufactured Housing, dated September 1996 and all local building codes and ordinances. This permanent foundation system consists of the following construction:

- 1) The mobile/manufactured home rests on top of and is attached to:
- 2) A concrete block wall at the perimeter of the mobile home.
- 3) The block wall rests on a continuous concrete footing. The block wall and continuous concrete footing are believed to be properly reinforced with steel per the appropriate Building Code.

This report is understood to be an expression of professional opinion by this engineer, which is based on his best knowledge, information, and belief. As such, it consists of neither a guarantee nor a warranty, expressed or implied.

Please contact this office if you have any questions concerning this letter

Respectfully submitted

George McCurdy
