LICENSED CONTRACTORS DECLARATION I hereby affirm, under penalty of perjury, that I am licenced under the provisions of Chapter 9 (starting with Section 7000) of Division 3 of the Bus. & Prof. code, and that my license is in full force and effect. License Class Contractor's Signature OWNER - BUILDER DECLARATION As the property owner and builder of the proposed project ('owner-in-ilder') you are the responsible party of record on this permit. Building permits are not required to be signed by property owners unless they are personally performing their own work. If you work is being performed by someone other than yourself, you may protect yourself from possible liability if that person applies for the proper permit in his or her name. Contractors are required by law to be licensed and bonded by the State of California and to have a business license from the City of Glendale They are also required by law to put their license number on all pennits for which they apply. If you plan to do your own work, with the exception of various trades that you plan to subcontract, you should be aware that if you employ or otherwise engage any persons other than your immediate family, and the work (including materials and other costs) is \$200 or more for the entire project, and such persons are not licensed as contractors or subcontractors, then you may be an employer. If you are an employer, you must register with the state and federal government as an employer and you are subject to several obligations including state and federal income tax withholding, federal social security taxes, workers compensation insurance, disability insurance costs, and unemployment compensation contributions. There may be financial risks for you if you do not carry out these obligations, and these risks are especially serious with respect to workers' compensation insurance. For more specific information about your obligations under federal law, contact the Internal Revenue Service (and, if you wish, the U.S. Small Business Administration). For more specific information about your obligations under state law, contact the Department of Benefit Payments and the Division of Industrial Accidents. If the structure is intended for sale, property owners who are not licensed contractors are allowed to perform their work personally or through their own employees. without a licensed contractor or subcontractor, only under limited conditions. A frequent practice of unlicensed persons professing to be contractors is to secure an 'owner-builder' building permit, erroneously implying that the property owner is providing los or her own labor and material personally. Information about licensed contractors may be obtained by contacting the Contractors' State License Board in your community or at 1020 N Suvet, Sacramento, California 95814. Note: The current mailing address of the Contractors State License Board is P.O. Box 26000. Sacramento, California 95826. Section 7031.5 of the Bus. & Prof. Code requires the permit applicant to sign a statement above or claim exemption from the Contractor's license Law and state the basis for such exemption. Violations of this section subjects the applicant to a civil penalty or not more than five hundred dollars (\$500). I hereby affirm that I have read the paragraph above and willfully accept the responsibility of an owner-builder. I further affirm, under penalty of perjury, that I am exempt from the Contractor's License Law for the following reason: l, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his INITIAL or her own employees, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.). I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a contractor(s) licensed pursuant to the Contractors License INITIAL Law.). I have or plan to contract with the following person (company) to provide the proposed construction: \_ Address\_ Contractors Lic. No. I, as owner of the property, plan to provide portions of the work but I have or plan to contract with the following person(s) /(company(ies)) to provide the work indicated. INITIAL Phone Address Phone Type of work Name Phone \_\_\_\_\_Type of work\_ Address I am exempt under Section \_\_\_\_\_ of the Bus. and Prof. Code for the following reason: INITIAL Name of Property Owner WORKERS COMPENSATION DECLARATION I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for INITIAL which this permit is issued. I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My INITIAL workers'compensation insurance carrier and policy number are: Felicy Number Expiration Date (This section need not be completed if the permit is for one hundred dollars (\$100) or less) I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions INITIAL **□**CONTRACTOR Barbar as more to the ask Am **□**OWNER Print Name Date Signature □ AGENT WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATORNEY'S FEES. ASBESTOS NOTIFICATION ☐ I declare that notification of asbestos removal is not applicable to this project. ☐ A notification letter has or will be sent to the AQMD or EPA. SIGNATURE CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance or the work for which this permit is issued (Sec. 3097, Civil Code). Lender's Name Lender's Address FINAL DECE\_ARATION
I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of the City of Glendale to enter upon the above-mentioned property for inspection purposes. ☐ CONTRACTOR Print Name Signature Date OWNER

RE: 311 Mesa Lila Rd. 4792-S

Dear Owner:

The Neighborhood Services Section has made an inspection of the referenced structure. The inspection revealed the following conditions which do not meet the minimum standards of the Housing Code as adopted by Ordinance 4636:

Hazardous and unsanitary premises as defined in Section 1001(k) and as evidenced by:

1. The accumulation of combustible materials in the yards

The Municipal Code requires that repairs be made in accordance with the standards set forth in the requirement sheet attached.

Sincerely,

SAM ENGEL

Neighborhood Services Administrator

April 24, 1990

Lawson, Joseph 311 Mesa Lila Rd. Glendale, CA 91208

Dear Owner:

RE: 311 Mesa Lila Rd. #4792-S

The City of Glendale is a community which is committed to maintaining certain minimal aesthetic and health standards for all property in the City. As a part of this commitment, the City of Glendale has implemented a Community beautification and housing maintenance program aimed at preserving and beautifying all properties within the City. The program has been successful because of the joint cooperation between the City and homeowners to maintain properties in such a manner that reflects community standards and the image Glendale has earned as a fine and beautiful city.

In keeping with the intent of this program, all property is inspected yearly. As a result of this inspection program, it has come to our attention that certain minimum improvements should be made to your property. These improvements are as follows:

The accumulation of combustible materials in the yards

Your cooperation in resolving this matter and making the necessary repairs within sixty (60) days of the above date will be appreciated and required. If you need any assistance in this matter or require additional information, please contact the Community Development Department, Neighborhood Services Section at (818) 548-3700.

In an effort to assist homeowners in these maintenance efforts, the City of Glendale has developed a number of rehabilitation loan and grant programs specifically designed to finance improvements for substandard buildings. You may wish to inquire at this time whether you are eligible for this assistance. Please contact the rehab programs section of the Community Development Department at 548-3936.

Thank you for your cooperation.

Sincerely, Sam Engel

Neighborhood Services Administrator

August 12, 1987

Mr. Walter Faziski, City of Glundale

Joseph Jawan has been continuely working on the construction of the addition to his house for appropriately the last six years. I live directly across the street of can observe of hear the work zoing on.

Since her. James is doing most of the work himself it naturally is taking a long period of time for him to complete the gib but I know he works on it on week. and I holiday regularly.

> Kathanie Striam (aumentical engineer, retire

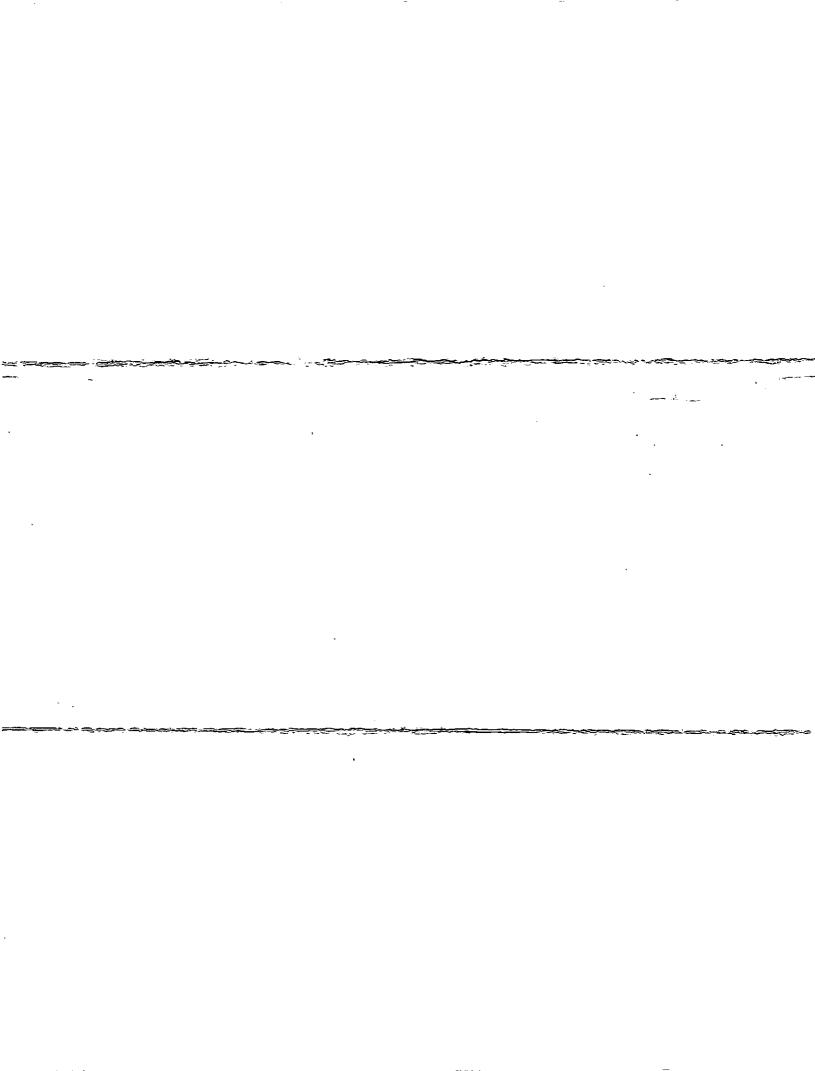

aug. 12, 1987

Walter Sozicki Glendale Glog Dept. 633 & Broadway Stendale, CA 91206

Hear M. Vasicki, We are writing this letter in regards to our neighbord home addition at 311 misa Vila Rd. We can attest to The fact that foe and Pat Vawren have been evorking continuously on their home addition for over 42 years. We first met the Jawsons when we shoved into our home in the fall of 1982 and they had already begun Construction at that time. The addition has taken a long time because soe works full time and spends his evenings and weekends working on his house. Sincerely, Mayaxfoerner

Bient House

## August 12, 1987

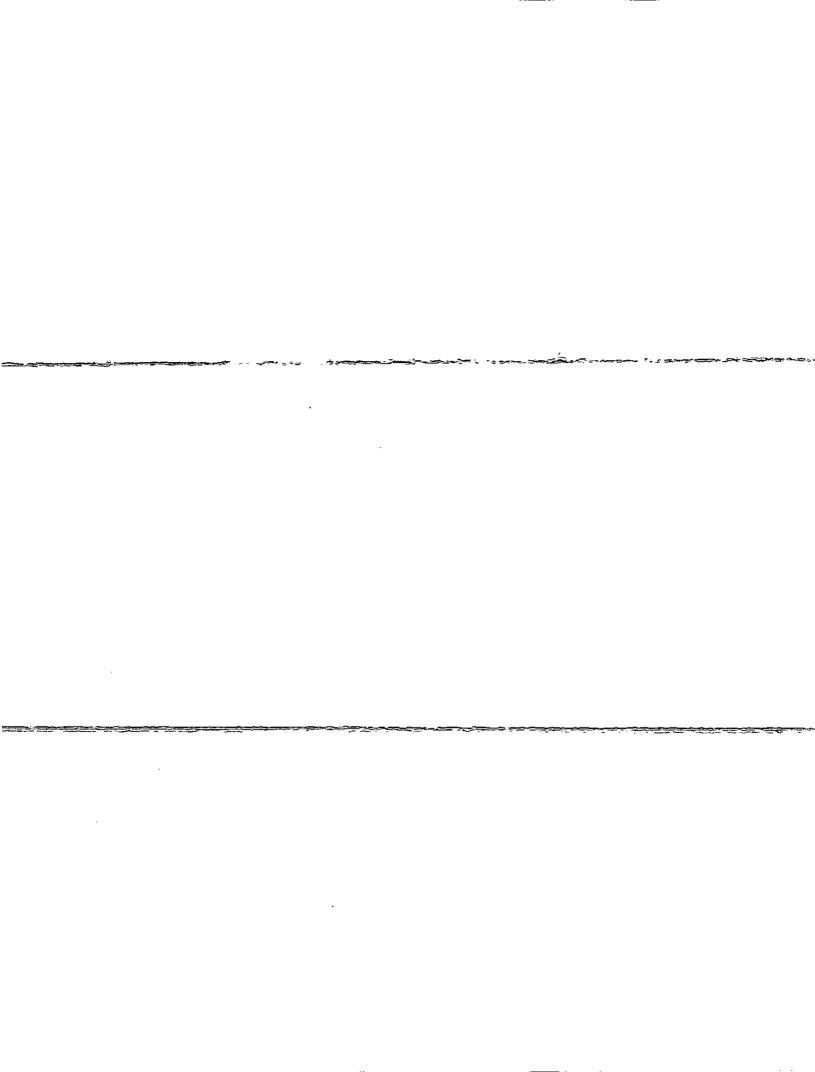

Mr. Walter Tayicki,

At the request of my neighbor, Joe Tawson, Dam writing this letter to inform you of my observations regarding the construction of his addition, at 311 Misa Fila Rd.

He has been in the process of making this addition for a period of five years. His consistent efforts have included many days from daylight to dark, as well as shorter periods at the close of a work day.

He has both my admiration and my sympathy for his vemarkable perservence in his on going efforts to execte a dream.

Sincerely, Billie May field 321 Mesa Illa Rd. Glundale, Ca. 21208

## CITY OF GLENDALE PUBLIC WORKS DIVISION OWNER-BUILDER INFORMATION

Dear Property Owner:

State law Sec. 19830 & 19831 of part 3 of division 13 of the Health & Safety Code requires the following information be supplied to you:

"OWNER-BUILDER INFORMATION ...

"Dear Property Owner:

"An application for a building permit has been submitted in your name listing yourself as the builder of the property improvements specified.

"For your protection you should be aware that as 'owner-builder' you are the responsible party of record on such a permit. Building permits are not required to be signed by property owners unless they are personally performing their own work. If your work is being performed by someone other than yourself, you may protect yourself from possible liability if that person applies for the proper permit in his or her name.

"Contractors are required by law to be licensed and bonded by the State of California and to have a business license from the city or county. They are also required by law to put their license number on all permits for which they apply.

"If you plan to do your own work, with the exception of various trades that you plan to subcontract, you should be aware of the following information for your benefit and protection:

"If you employ or otherwise engage any persons other than your immediate family, and the work (including materials and other costs) is \$200 or more for the entire project, and such persons are not licensed as contractors or subcontractors, then you may be an employer.

"If you are an employer, you must register with the state and federal government as an employer and you are subject to several obligations including state and federal income tax withholding, federal social security taxes, workers' compensation insurance, disability insurance costs, and unemployment compensation contributions.

"There may be financial risks for you if you do not carry out these obligations, and these risks are especially serious with respect to workers' compensation insurance.

"For more specific information about your obligations under federal law, contact the Internal Revenue Service (and, if you wish, the U. S. Small Business Administration). For more specific information about your obligations under state law, contact the Department of Benefit Payments and the Division of Industrial Accidents.

"If the structure is intended for sale, property owners who are not licensed contractors are allowed to perform their work personally or through their own employees, without a licensed contractor or subcontractor, only under limited conditions.

"A frequent practice of unlicensed persons professing to be contractors is to secure an 'owner-builder' building permit, erroneously implying that the property owner is providing his or her own labor and material personally. Building permits are not required to be signed by property owners unless they are performing their own work personally.

"Information about licensed contractors may be obtained by contacting the Contractors' State License Board in your community or at 1020 N Street, Sacramento, California 95814.

"Please complete and return the enclosed owner-builder verification form so that we can confirm that you are aware of these matters. The building permit will not be issued until the verification is returned.

Very truly yours.
