Re: Initial Inspection - Real Estate Defensible Space Inspection on July 16, 2026

Assembly Bill 38 established that, as of July 1, 2021, California Civil Code Section 1102.19 requires a seller of real property located in a High or Very High Fire Hazard Severity Zone to provide the buyer with documentation stating the property is in compliance with defensible space requirements.

The inspection revealed the property to be in compliance with the California Fire Code and the City of San Diego's Brush Management Regulations SDMC 142.0412.

The City of San Diego Fire Department would like to thank you for making fire and life safety a priority in your community.
