Note to customer

Thank you for your business. 2629 Lee St, Simi Valley.
performed a sewer lateral inspection from a 4" one way cleanout in front of the house. sewer is 4" abs, clay with liner installed in clay portion of clay. found a belly in front yard next to driveway and sidewalk on homeowner portion of property. recommend having this corrected due to the Belly can cause backups to the waste lines in the the house. please refer to the video where everything is visible and explained. Sewer lateral inspection payments are due at time of inspection.
