OCA - Oceanside Community Association

OLC – Oceanside Land Company

LAND LEASE – Agreement executed by OLC and OCA

LAND LEASES – Oceana was developed in stages called “units.” Individual unit agreements were executed by OLC and OCA. No homeowner has a lease relationship with OLC. The OCA invoices the Land Lease charges from OLC and includes them in the monthly HOA charges.

PROPERTY COVERED BY THE LAND LEASE – Oceana covers approximately 150 acres. Homeowners own the land beneath their home’s “footprint.” The OLC land lease covers the common area leased to the OCA. The common area includes ground surrounding each home, driveways, slopes, streets, sidewalks, community garden area, dog park and amenities. Amenities include a clubhouse with an auditorium, card rooms, computer center, library, wood shop, art room, lapidary, ceramics, re-sale shop, billiards room and two pools with a spa.

HISTORY - In the late 1960’s and early 1970’s, the OLC developed and built Oceana as an age 55+ community. There are 932 homes with a variety of floor plans and housing types, both detached and attached. The original OLC Land Lease with OCA was at a monthly rate of \$15.00 per home. In the mid-1960s, OLC instituted an escalation clause in the land lease agreement with OCA. The escalation formula set forth by OLC includes an adjustment based on the CPI (Consumer Price Index). The escalation was charged in the twentieth (20th) year after the first home was sold in each unit. The charge is recalculated every ten (10) years thereafter, based on the date of purchase of the individual home.
