Energy-Winter

Mid peak	1 kWh x \$0.26489	\$0.26
Off peak	58 kWh x \$0.05958	\$3.46
Super off peak	48 kWh x \$0.05958	\$2.86

Solar billing plan - Costs and credits for your renewable exports

Energy export credit - Delivery	48 kWh x -\$0.00104	-\$0.05
Energy export credit - Generation	48 kWh x -\$0.13667	-\$6.56
Energy export bonus credit	48 kWh x -\$0.07440	-\$3.57
Subtotal of your new charges		\$13.23
State tax	107 kWh x \$0.00030	\$0.03
Your new charges		\$13.26

Your Generation charges include:

- \$0.02 competition transition charge
- -\$0.34 power charge indifference adjustment (PCIA)

Your overall energy charges include:

- \$0.12 franchise fees

Additional information:

- Service voltage: 240 volts
- Base services charge includes the CARE discount

Solar billing plan details:

- Solar billing plan month: 4
- Export generation: 48 kWh
- Credits carried over from previous month: -\$607.30
- Credit earned this period: -\$0.60
- Credit applied: -\$6.61
- Credit available to apply to future bills: -\$601.29
- Net Surplus Compensation (NSC) option: Rollover
- Year-to-date NSC kWh: 0

Rate Identification Number - RIN

USCA-SCSC-0604-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Solar Customer Bills

Starting in June 2026, solar customers, except those on MASH or SOMAH, may notice a change in how their bills look. The information will be the same with additional call-outs for clarity.

Solar Billing Plan (SBP)

SBP applies Energy Export credits to the Delivery and Generation sections of your bill (these credits do not offset your "Nonbypassable" charges). If your generation services are from another company, they handle your generation credits and charges, which may not appear in detail on this bill. At the end of your annual relevant period, we will send you a Settlement bill, with unused Energy Export credits applied to previous energy charges. Your Net Surplus Compensation (NSC) will be calculated and credited, if applicable. As a reminder, please monitor your system to ensure it works properly. For more details visit <https://sce.com/speaksolar>.

California Climate Credit Moving to Help with High-Billed Months

You may be expecting the California Climate Credit in April, but the California Public Utilities Commission (CPUC) has directed SCE to deliver the Climate Credit for residential customers later this year when your monthly bill may be at its highest. The CPUC has not yet decided what month(s) SCE will deliver the credit. SCE will notify you when the CPUC identifies the month(s). No action is required by you to receive your full 2026 credit of \$72 which may be in one or more high-billed months in 2026. SCE will automatically apply the credit to your bill(s).
