Good Morning, Attached is the schematic of the home.

I've gotten the permits for :

House:	2028 SF
shed	1/19/95 390 SF
room add.	2/96 378 SF..... 2796

add another 30 for the hallway into the garage 30..... 2826

Jeff's drawing comes to 2818. Feel VERY confident that we can say 2818 sq.ft. - DO YOU AGREE ??

On a different note, quote from calcium removal company was \$816 to \$920 - based on photos I sent.

Scott's people felt too much to do in the house...

Let's talk about your plans to move to your other home.

Best, Diane

Diane Flaherty

Hi Diane:

Here are all the permits on file. I will send in three emails as there are 9 total permits.
