Notice of Proposed Action

A noticing procedure called; "Notice of Proposed Action" (NOPA) may be utilized in place of court confirmation. The NOPA allows the administrator of the estate to advise all noticed parties that the sale of real property has taken place with a description of the price and terms of sale. This procedure allows the administrator to obtain acceptances from all noticed parties. If the NOPA is utilized, a petition to the court to confirm the sale will not take place. This would eliminate the over-bid procedure inherent to the court confirmation process.

Court Confirmation of Sale

A petition is submitted to the court to confirm the sale of some properties. The estate representative has to report the sale and the conditions of the sale. A hearing date is set to confirm the sale and allow others to place higher bids. Once the hearing is over the court will decide whether to sign off on the Order confirming the sale and request a close of escrow be filed within a certain period.
