According to the published Final Negative Mitigation Report for the Summit Church Project, two, one-way bridges were constructed to connect the church facilities to the new parking area to avoid all impacts to jurisdictional areas on the project site. In addition, on page 23 of the same report, it states, “The project has been specifically designed to avoid all impacts to onsite Non-wetland Waters of the US areas by creating bridges that span the drainage features and contain footings placed outside of any jurisdictional areas. Avoidance of the Non-wetland Waters of the US would result in no impact to the Non-Wetland waters of the US, as defined by Section 404 of the Clean Water Act.” Beginning on page 215, the Report has attached letters from the U.S. Army Corps of Engineers, California Environmental Protection Agency, and California Department of Fish and Wildlife stating 404 permitting is not required if a bridge is built. CITY OVERVIEW

The city of Santee boasts a beautiful sunny and vibrant climate, great schools, and a country-esque vibe. According to the city's website, "Santee prides itself on having a lean government that responds to its citizens' concerns. Collectively, these are among the key attributes of the City of Santee, which in 2022 has an estimated population of 60,037. Quality-of-life issues are important to local residents, who simultaneously value the abundance of open space as well as convenient shopping in the city's retail core.

Santee is ideally located between the Pacific Ocean and the mountains of the Cleveland National Forest. While Santee is considered part of the East County Region, the city is only 18 freeway miles from the San Diego's premier beaches. Santee is connected to the coastline by State Route 52, a six-lane freeway that connects Interstate 5 in La Jolla to State Route 67. State Route 125 also intersects with State Route 52, forming a transportation hub in the heart of Santee."

Santee is truly a city above the rest, showing their dedication to building a dynamic and progressive city their residents are proud to call home.

SITE LOCATION

The property is located at the northern end of the City of Santee. The location provides a nice balance of beauty and nature with its mountainous and luscious green backdrop, while still being able to enjoy the quick accessibility to all the retail amenities Santee has to offer. No need to live miles away in the country to enjoy some beautiful nature, this property's location is truly the best of both worlds.

The property is just minutes away from Santee's 700 acre Town Center District, Santee Trolley Square shopping complex, and the Metropolitan Transit System Trolley station. The property is a short distance from Santee's beautiful outdoor activities such as Santee Lakes, Mission Trails Regional Park, San Diego River Trail, and the Walker Preserve Trail, just to name a few.

Santee Becoming the Next 4S Ranch?

Santee's rapid economic growth, due to a major socioeconomic shift caused by rising property values, has caught the eye of major retailers. Most recent additions to the Santee Trolley Town Center include Sephora and Macy's. While malls were once a centralized location for shoppers of major retailers, they are now on the decline. Higher end retailers are now racing to emerge in communities on the rise, such as Santee, where they can open their small format boutique style stores, to establish a new emersive shopping experience for suburban areas.

Santee's location is one of four that Macy's has announced to be opened across the country this year, for a total of 12 small stores. Macy's only plans to open a total of 30 locations across the nation through 2025 in communities showing steady economic growth. Their decision to choose Santee as their fourth location across the nation to be opened speaks volumes to their view on Santee's economic health and stable growth.
