Hi Ryan,

My full name for legal purposes is: Angeline Louise Whitney. email address: [angiewhitney86@yahoo.com](mailto:angiewhitney86@yahoo.com)

Solar: my solar system has been running since 6/21/21; my monthly payment is \$332.94. Also, my original quote was \$240.88, the system could not be installed until the flat roof was repaired, which would add an additional \$100.00 to my monthly payment. My payment was changed but in talking to a SunRun rep today, there is no record in my account of what was actually charged for the roof repair. A supervisor is looking into that and will contact me in a couple of days. Also, I was told that the new buyer will transfer to my account. They will send me the paperwork as soon as escrow opens. The new owner will require a credit check. There will not be a charge for the transfer. As far as the purchase payoff, that can't happen until 2/15/27, which is the 5th anniversary of the system and they won't have an amount until then.

My land lease: a lease extension went into effect on 6/16/15 until 6/14/2067. I just had an increase of my monthly payment to \$402.27.
